The use of the term "incorporated," as applied to cities and towns, clearly connoting the opposite idea of unincorporated cities or towns, is clearly shown in this and other sections of the code. State ex rel. Powers v. Dale, 47 Mont. 227, 229, 230, 131 Pac. 670; Ann. Cas. 1914D, 227.

The language of this section is unequivocal, declaring that before any territory is eligible for incorporation in a city by an extension of the city's boundaries, such territory must be (a) platted into lots or blocks, streets, and alleys; (b) a map or plat thereof must be on file with the county clerk and recorder; and (c) the territory must be contiguous to the city's limits. Sharkey v. City of Butte, 52 Mont. 16, 20, 155 Pac. 266.

A city may not extend its boundaries so as to include unplatted ground, and proceedings had to annex territory, a portion of which was unplatted, contrary to the provisions hereof, were void in toto. Sharkey v. City of Butte, 52 Mont. 16, 21, 155 Pac. 266.

Where the purpose of a taxpayer's action was to have proceedings looking to the annexation of territory to a city declared void ab initio, and the city enjoined from assuming jurisdiction over the persons or property situated within unplatted territory illegally sought to be included, the attack was direct, and not collateral. Sharkey v. City of Butte, 52 Mont. 16, 22, 155 Pac. 266.

The remedy of injunction is available to one whose taxes would be increased by an illegal inclusion of his property within the limits of a city. Sharkey v. City of Butte, 52 Mont. 16, 23, 155 Pac. 266.

The recital in a city council's resolution that territory proposed to be annexed to the city was contiguous and platted, when such was not the fact, could not inure to the city's benefit, or preclude a resident of the territory attempted to be annexed, from any available remedy he would otherwise have. Sharkey v. City of Butte, 52 Mont. 16, 23, 155 Pac. 266.

Necessity that property annexed to a municipal corporation be adjacent or contiguous, see note in Ann. Cas. 1913D, 401.

Collateral attack upon proceedings for annexation of territory to municipality, see note in 3 Ann. Cas. 243.

Validity of the extension of territorial limits of municipality so as to include state property, see note in Ann. Cas. 1915A, 1014.

Annexation of territory to municipality as taking property without due process of law, see note in 27 L. R. A. 741.

Discrimination between residents or property owners within territory annexed as to right to defend against annexation to municipality, see note in 17 L. R. A. (N. S.) 421.

4979. Election on the question of annexation. When a city or town desires to be annexed to another and contiguous city or town, the council of each thereof must appoint three commissioners to arrange and report to the municipal authorities respectively, the terms and conditions on which the annexation can be made, and if the city or town council of

the municipal corporation to be annexed approves of the terms thereof, it must by ordinance so declare, and thereupon submit the question of annexation to the electors of the respective cities or towns. If a majority of the electors vote in favor of annexation, the council must so declare, and a certified copy of the proceedings for annexation and of the ordinances must be filed with the clerk of the county in which the cities or towns so annexed are situated, and when so filed the annexation is complete, and the city or town to which the annexation is made has power, in addition to other powers conferred by this title, to pass all necessary ordinances to carry into effect the terms of the annexation. Such annexations do not affect or impair any rights, obligations, or liabilities then existing, for or against either of such cities or towns.

4981. What plat must contain. The plat must show as follows:

1. All streets, alleys, avenues, and highways, and the width thereof.

2. All parks, squares, and all other grounds dedicated or reserved for public uses, with the boundaries and dimensions thereof.

3. All lots and blocks with their boundaries, designating such lots and blocks by numbers, and giving the dimensions of every lot and block.

5. The location of all stone or iron monuments set to establish street lines.

6. The exterior boundaries of the piece of land so platted, giving such boundaries by true courses and distances.

7. The location of all section corners or legal subdivision corners of sections within the limits of said plat.

8. The adjoining block corners of all surveyed and adjoining additions, and the streets, alleys, avenues, and highways of such adjoining additions, for the purpose of showing how the new plat and survey conform to such adjoining addition of surveyed and platted ground.

9. For the purpose of promoting the public comfort, welfare, and safety, such plat and survey must show that at least one-ninth of the platted area, exclusive of streets, alleys, avenues, and highways, is forever dedicated to the public for parks and playgrounds; the one-half of such area so dedicated to the public for parks and playgrounds may be distributed in small plots of not less than one block in area through the different parts of the area platted; and the one-half shall be consecrated into larger parks on the outer edge of the area so platted. The board of county commissioners of the county, or the council of the city or town, is hereby authorized to suggest suitable places for such parks and playgrounds, and for good cause shown may make an order in the proceedings of such body (to be indorsed and certified on said plat), diminishing the amount of such area herein required to be dedicated as public parks and playgrounds to not less than one-twelfth thereof, exclusive of streets, alleys, avenues, and highways; provided, that where such platted area consists of a tract of land containing less than twenty acres, such board of county commissioners of the county, or the council of the city or town, may make an order in the proceedings of such body, to be indorsed and certified on said plat, that no park or playground be set aside or dedicated.

4982. Survey—By whom to be made and what to contain. A survey of the city or town site or addition must be made by the county surveyor, or some other competent surveyor, who must mark all the corners of the blocks and lots shown on the plat by substantial stakes or monuments, and must set stone or iron monuments at the points of intersection of the center lines of all the streets, where practicable, or as near as possible to such points, and their location must be shown by marking on the plat the distances to the block corners adjacent thereto. The top of such monument must be placed one foot below the surface of the ground, and in size must be six inches by six inches, and be placed in the ground to the depth of one foot.

4983. Further requirements as to survey. If a stone is used as a monument it must have a cross-cut in the top at the point of intersection of the street lines, or a hole may be drilled in the stone to mark such point. If an iron monument is used, it must be at least two inches in diameter by two and one-half feet in length, and may be either solid iron or pipe. The dimensions of the monuments must be marked on the plat, and establish permanently the lines of all the streets.

History: En. Sec. 5003, Pol. C. 1895; re-en. Sec. 3468, Rev. C. 1907.

4984. Certificate of surveyor. The surveyor must make and subscribe in the plat a certificate that such survey was made according to the provisions of this chapter, stating the date of survey, and verify the same by his oath.

Dated this....., day of....., A. D. 19...; which must be signed by all the owners and acknowledged in the same manner as a deed.

History: En. Sec. 5005, Pol. C. 1895; Re-en. Sec. 3470, Rev. C. 1907.

The fee to the land covered by a street once established is vested in the public; for the form of dedication required of the owner, when the plat of the city or town or an addition thereto is recorded, is equivalent to a deed. Cited or applied as section 5005, Political Code, in Farlin v. Hill, 27 Mont. 27, 34, 69 Pac. 237.

4986. Abstract of title—Release of mortgage or other lien—Inclusion of release and judgment in abstract. The owner of the land so surveyed and platted must have prepared and file with said plat an abstract of the title of the land; such abstract of title must be prepared and certified to by an abstracter who has been duly qualified to engage in the business of compiling abstracts of titles to real estate in the state of Montana; such abstract of title must be submitted to the county attorney of the county when said platted land is outside of any city or town, or to the city or town attorney if said platted land is within the boundaries of any city or town, to examine and indorse on said abstract of title his examination of the same, and that the person making the certificate of dedication is the owner in fee simple of said land so platted.

Persons holding any mortgage or other claim or lien against said land must sign, acknowledge, and record a release in full of any and all claims against the same, which must be shown in the abstract of title as filed;

and if the county attorney or city attorney refuses to certify to said title as herein provided, it shall be the duty of the person claiming to own said land in fee simple to begin suit to quiet title and prosecute the same to final judgment. After final judgment is had, he shall include a certified copy of such judgment in said abstract of title, preceding the certificate of said abstracter, and it shall be followed by the certificate of said county or city attorney, as the case may be, and such abstract of title shall, together with the plat, be filed with the proper officer.

4987. Plat to be prepared in duplicate—Approval of same by municipal council or county commissioners—Filing and recording. All such plats must be prepared in duplicate, and when the land platted is within the boundaries of an incorporated city or town, such plats must be submitted to the city or town council for examination and approval or rejection, and when found to conform to law to be approved in duplicate by the council and the city or town engineer, and a certificate of approval shall be indorsed thereon signed by the mayor and the clerk; and a certificate of the city or town engineer shall be indorsed thereon showing that the plat conforms to the adjoining additions or plats of the city or town already platted, as near as the circumstances will admit; and one of such plats so approved and certified shall be filed with the city or town clerk, and one shall be filed with the county clerk and recorder of the county, which shall be the official plat and survey.

When the land platted is outside of the boundaries of a city or town, such plat must be prepared in duplicate and submitted to the board of county commissioners of the county for its examination and approval or rejection, and when found to conform to law to be approved in duplicate by such board of county commissioners and by the county surveyor, and a certificate of approval shall be signed by the chairman of such board and by the county clerk and by the county surveyor, and both plats shall be filed and recorded with the county clerk and recorder. When such town site is duly included within the boundaries of an incorporated city or town, upon application of such city or town council to such board of county commissioners showing such incorporation, such board shall by an order direct that one of such plats so approved, certified, and filed shall be delivered to the mayor and city clerk, which shall be filed and become the official plat and survey of such city or town.

History: En. Sec. 5007, Pol. C. 1895; re-en. Sec. 3472, Rev. C. 1907; amd. Sec. 4, Ch. 119, L. 1917.

4988. Plats must be made on mounted drawing-paper, filed, and recorded. All such plats must be made on mounted drawing-paper, and filed and recorded in the office of the county clerk, and he must keep the original plat for inspection.

History: En. Sec. 5008, Pol. C. 1895; re-en. Sec. 3473, Rev. C. 1907.

4989. No lots to be sold until plat recorded—Penalty. Such plat must be recorded before any lots or blocks are sold or transferred in any manner, and the owner thereof, or any part of the same, must forfeit or pay for each lot sold or transferred, before the recording of such plat, a

penalty not less than ten nor more than one hundred dollars, which must be recovered by the county attorney for the use of the county.

History: En. Sec. 5009, Pol. C. 1895; re-en. Sec. 3474, Rev. C. 1907.

4990. Donations or grants on a plat has the effect of a deed. Every donation or grant to the public, or to any person, society, or corporation, marked or noted as such on the plat of the city or town, or addition, must be considered, to all intents and purposes, as a deed to the said donee.

History: En. Sec. 5010, Pol. C. 1895; re-en. Sec. 3475, Rev. C. 1907.

Reservation of land on map or plat for specified purpose as dedication thereof, see note in Ann. Cas. 1916D, 1079.

Sale of lots according to plat as effecting dedication of park or square thereon, see notes in 17 Ann. Cas. 312; Ann. Cas. 1917B, 197.

4991. New survey and plat may be ordered. Whenever the recorded plat of any city or town or addition thereto, does not definitely show the location or size of lots or blocks, or the location or width of any street or alley in such city or town or addition, the council is authorized to cause a new and correct survey and plat of such city or town or addition to be made and recorded in the office of the county clerk, which corrected plat must follow the plan of the original survey and plat, so far as the same can be ascertained and followed, and a certificate of the surveyor making the same must be indorsed thereon, referring to the original plat corrected thereby, and the defect existing therein, and corrected by such new survey and plat. The ordinance authorizing the making of such new plat must be recorded in the office of the county clerk. The surveyor's certificate must show where said ordinance is recorded.

History: En. Sec. 5011, Pol. C. 1895; re-en. Sec. 3476, Rev. C. 1907.

4992. Form of plat may be prescribed by ordinance. The council of any city or town has power by ordinance to prescribe the manner and form of making any survey of any plat of lands within the city or town.

History: En. Sec. 5012, Pol. C. 1895; re-en. Sec. 3477, Rev. C. 1907.

4993. Small tracts must be platted, surveyed, and certified before sale. Any person who desires to subdivide and sell or transfer any tract of land in small tracts, such as vineyard tracts, acreage tracts, suburban tracts, or community tracts, or small areas less than the United States legal subdivision of ten acres, must cause the same to be surveyed, platted, certified, and recorded according to the provisions of this chapter before any part or portion of the same is sold or transferred; and such sales or transfers must be made by reference to the plat on file and the numbers of the lots and blocks. It is unlawful for any further sales to be made without a full compliance with the provisions of this chapter, and the surveying and platting of the whole tract, showing the lots sold before the filing of the plat.

History: En. Sec. 5013, Pol. C. 1895; re-en. Sec. 3478, Rev. C. 1907; amd. Sec. 5, Ch. 119, L. 1917.

5026. Salary Must Not Be Increased or Diminished During Term.
5027. Constitutional Oath of Office Must Be Taken.
5028. Duties and Compensation of Other Officers.

4995. Officers of city of the first class. The officers of a city of the first class consist of one mayor, two aldermen from each ward, one police judge, one city treasurer, who may be ex-officio tax collector, who must be elected by the qualified electors of the city as hereinafter provided. There may also be appointed by the mayor, with the advice and consent of the council, one city attorney, one city clerk, one chief of police, one assessor, one street commissioner, one city jailer, one city surveyor, and whenever a paid fire department is established in such city, a chief engineer and one or more assistant engineers, and any other officers necessary to carry out the provisions of this title. The city council may, by ordinance, prescribe the duties of all city officers and fix their compensation, subject to the limitations contained in this title.

History: En. Sec. 4740, Pol. C. 1895; re-en. Sec. 3216, Rev. C. 1907.

The grant of power contained in this section, in the matter of prescribing the duties and fixing the compensation of city officers, is subject not only to the express and implied limitations found elsewhere in the title under which the section falls, but contains in itself a limitation as to the mode in which the power granted may be executed. McGillic v. Corby, 37 Mont. 249, 254, 95 Pac. 1063, 17 L. R. A. (N. S.) 1263.

The fact that the chief of police is named in the general law, and the rest of the police officers were left to be brought into existence by the city council, cannot be construed as a declaration by the legislature that his relation to the city and the public must be regarded as different from that of any other member of the police force. State ex rel. Wynne v. Quinn, 40 Mont. 472, 476, 107 Pac. 506.

In so far as the method of appointment of members of the police force is concerned, this section is repealed by the provisions of section 5108; the method of appointment and removal by the later law is wholly inconsistent with the notion that the mayor and council are authorized to exercise the power of appointment as provided in the older law. State ex rel. Wynne v. Quinn, 40 Mont. 472, 480, 107 Pac. 506.

Who is municipal officer, see notes in Ann. Cas. 1914D, 1229; 14 L. R. A. 646.

4996. Officers of city of second and third classes. The officers of a city of the second and third classes consist of one mayor, two aldermen from each ward, one police judge, one city treasurer, who may be ex-officio tax collector, who must be elected by the qualified electors of the city as hereinafter provided. They may also be appointed by the mayor, with the advice and consent of the council, one city clerk, who is ex-officio city assessor, one chief of police, one city attorney, and any other officer necessary to carry out the provisions of this title. The city council may prescribe the duties of all city officers, and fix their compensation, subject to the limitations contained in this title.

History: En. Sec. 4741, Pol. C. 1895; re-en. Sec. 3217, Rev. C. 1907.

Note.—The "title" above referred to embraced the entire municipal law contained in the Revised Codes 1907.

4997. Officers of towns. The officers of a town consist of one mayor and two aldermen from each ward, who must be elected by the qualified electors of the town as hereinafter provided. There may be appointed by the mayor, with the advice and consent of the council, one clerk, who may be ex-officio assessor and a member of the council, and one treasurer, who may be ex-officio tax collector, and one marshal, who may be ex-officio street commissioner, and any other officers necessary to carry out the provisions of this title. The town council may prescribe the duties of all town officers, and fix their compensation, subject to the limitations contained in this title.

4998. Trustees of public libraries—Funds. The trustees of any public library created or existing in a city or town must be appointed by the mayor, with the advice and consent of the council. The number of such trustees and their duties must be prescribed by ordinance; provided, however that the "library fund" provided for in section 5049 of this code shall be invested by the city treasurer under the direction of the trustees of the library; and no money shall be paid out of said fund by him except on an order or warrant from said trustees, who shall have exclusive power to make contracts and expenditures for the support and maintenance of the library, and the purchase of books and other things for a library.

History: En. Sec. 4743, Pol. C. 1895; re-en. sec. 3219, Rev. C. 1907; amd. Sec. 1, Ch. 114, L. 1915.

4999. Council has power to abolish office. The city or town council has the power to abolish any office, the appointment to which is made by the mayor, with the advice and consent of the council, and discharge any officer so appointed, by a majority vote of the council; but no office created under this title must be abolished by the council.

History: En. Sec. 4744, Pol. C. 1895; re-en. Sec. 3220, Rev. C. 1907. See note to Sec. 4996.

The only officers of a city of the first class actually created by the legislature are the mayor, two aldermen from each ward, a police judge, and a city treasurer, none of whom can be in any way affected by any action of the council, though other offices may be abolished. State ex rel. Quintin v. Edwards, 38 Mont. 250, 269, 99 Pac. 940.

This section has no application to a fireman, since section 5110 declares that he is to be deemed a municipal officer. State ex. rel. Driffill v. City of Anaconda, 41 Mont. 577, 581, 111 Pac. 345.

The city council may, by a bare majority vote, abolish the office of city purchasing agent at any time and discharge the person appointed to fill it; hence, if the incumbent of it be an alderman, the two offices are incompatible, and one individual cannot fill both at the same time. State ex rel. Klick v. Wittmer, 50 Mont. 22, 25, 144 Pac. 648.

5000. Power to consolidate offices. The city or town council may, by ordinance, consolidate any of the offices, the appointment to which is made by the mayor, with the advice and consent of the council, and may require any of the elected officers to perform any of the duties of an appointed officer whose office has been abolished.

History: En. Sec. 4745, Pol. C. 1895; re-en. Sec. 3221, Rev. C. 1907.

5001. City or town to be divided into wards. The first city or town council elected under the provisions of this title must divide the city or town into wards for election and other purposes, having regard to population so as to make them as nearly equal as possible.

History: En. Sec. 4746, Pol. C. 1895; re-en. Sec. 3222, Rev. C. 1907. See note to Sec. 4996.

5002. Division of cities and towns into wards. Cities of the first class must be divided into not less than four nor more than ten wards; cities of the second class into not less than three nor more than six; and cities of the third class into not less than two nor more than four wards; and towns into not less than two nor more than three wards. All changes in the number and boundaries of wards must be made by ordinance, and no new ward must be created unless there shall be within its boundaries one hundred and fifty electors, or more.

History: En. Sec. 4747, Pol. C. 1895; re-en. Sec. 3223, Rev. C. 1907; amd. Sec. 1, Ch. 74, L. 1909.

5003. Annual election of cities and towns and terms of office. On the first Monday of April of each year a municipal election must be held, at which the qualified electors of each town or city must elect a mayor, and one alderman from each ward, to be voted for by the wards they respectively represent; the mayor to hold office for two years, and until the qualification of his successor; and each alderman so elected to hold office for a term of two years, and until the qualification of his successor; and also in

cities of the first, second, and third class, a police judge and a city treasurer, who hold office for a term of two years, and until the qualification of their successors.

History: Ap. p. Sec. 4, p. 122, L. 1893; amd. Sec. 4748, Pol. C. 1895; re-en. Sec. 3224, Rev. C. 1907.

5004. Qualification of mayor. No person shall be eligible to the office of mayor unless he shall be at least twenty-five years old and a taxpaying freeholder within the limits of the city, and a resident of the state for at least three years, and a resident of the city for which he may be elected mayor two years next preceding his election to said office, and shall reside in the city or town for which he shall be elected mayor during his term of office.

History: En. Sec. 8, p. 65, Ex. L. 1887; amd. Sec. 4749, Pol. C. 1895; re-en. Sec. 3225, Rev. C. 1907.

Under this section, requiring the mayor of a city to be a "taxpaying freeholder," a person who, at the time of his election, owned and paid taxes on personalty, and owned realty on which he was not liable for taxes for that year because acquired since the date of assessment, is eligible to the office. Mayer v. Sweeney, 22 Mont. 103, 105, 55 Pac. 913.

Cited or applied as section 4749, Political Code, in Brown v. Foster, 48 Mont. 114, 117, 135 Pac. 993.

5005. Terms of aldermen—How decided. At the first annual election held after the organization of a city or town under this title, the electors of such city or town must elect two aldermen from each ward, who must, at the first meeting of the council, decide by lot their terms of office, one from each ward to hold for a term of two years, and one for the term of one year, and until the qualification of their successors.

History: En. Sec. 4750, Pol. C. 1895; re-en. Sec. 3226, Rev. C. 1907.

5006. Same—When to begin. The terms of all officers elected at a municipal election are to commence on the first Monday in May after such election.

History: En. Sec. 4751, Pol. C. 1895; re-en. Sec. 3227, Rev. C. 1907.

5007. Who eligible. No person is eligible to any municipal office, elective or appointive, who is not a citizen of the United States, and who has not resided in the town or city for at least two years immediately preceding his election or appointment, and is not a qualified elector thereof.

History: En. Sec. 365, 5th Div. Comp. Stat. 1887; amd. Sec. 4752, Pol. C. 1895; re-en. Sec. 3228, Rev. C. 1907.

The phrase "preceding the election," as used in this section, is equivalent in meaning to the expression "next preceding the election." Dowty v. Pittwood, 23 Mont. 113, 118, 57 Pac. 727.

This section is of general application, and controls aldermanic candidates who aspire to office at a first election after incorporation, as well as to those who seek like honors at subsequent elections. Brown v. Foster, 48 Mont. 114, 119, 135 Pac. 993.

Requirement as to eligibility to public office as relating to time of election or time of taking office, see notes in 11 Ann. Cas. 950; 20 Ann. Cas. 992.

5008. Qualification of aldermen. No person shall be eligible to the office of alderman unless he shall be a taxpaying freeholder within the limits of a city, and a resident of the ward so electing him for at least one year preceding such election.

History: En. Sec. 366, 5th Div. Comp. Stat. 1887; amd. Sec. 4753, Pol. C. 1895; re-en. Sec. 3229, Rev. C. 1907.

The provision of this section requiring that any person, to be eligible to the office of alderman, must have been a resident of

the ward where elected "for at least one year preceding the election," means one year next preceding the election. Dowty v. Pittwood, 23 Mont. 113, 117; 57 Pac. 727.

Cited or applied as section 4753, Political Code, in Brown v. Foster, 48 Mont. 114, 117, 135 Pac. 993.

Municipal council as judge of qualifications of councilmen, see note in 16 Ann. Cas. 162.

5009. Registration of electors. The council must provide by ordinance for the registration of electors in any city or town, and may prohibit any person from voting at any election unless he has been registered; but such ordinance must not be in conflict with the general law providing for the registration of electors, and must not change the qualifications of electors except as in this title provided.

History: En. Sec. 4754, Pol. C. 1895; re-en. Sec. 3230, Rev. C. 1907.

5010. Qualifications of electors. All qualified electors of the state who have resided in the city or town for six months and in the ward for thirty days next preceding the election are entitled to vote at any municipal election.

History: En. Sec. 4755, Pol. C. 1895; re-en. Sec. 3231, Rev. C. 1907.

The residence of a voter is to be determined from his acts and intent; but this fact, like any other fact involved in a civil action or proceeding, may be established by circumstantial evidence, and any declaration of the voter touching the subject, if a part of the res gestae, or any declarations in disparagement of his right to vote, if made at or before the election, may be received in evidence. Sommers v. Gould, 53 Mont. 538, 165 Pac. 599.

The presumption of a right to vote arises from the fact of registration, but slight proof of the lack of any necessary qualifications to vote is sufficient to overcome that presumption, and calls for evidence in affirmation of the voter's qualifications from the party who would benefit from the vote. Sommers v. Gould, 53 Mont. 538, 545, 165 Pac. 599.

Cited or applied as section 4755, Political Code, in Dowty v. Pittwood, 23 Mont. 113, 118, 57 Pac. 727.

5011. Election judges and clerks—Voting places. The council must appoint judges and clerks of election, and places of voting. There must be at least one place of voting in each ward, and there may be as many more as the council by ordinance shall fix, and the elector must vote in the ward in which he resides. The election precincts in a city or town must correspond with wards, but a ward may be subdivided into several voting precints, and when so divided the elector shall vote in the precinct in which he resides, and all elections must be conducted according to the general laws of the state. In all cities where voting-machines are used, the city council must subdivide the wards into such number of voting precincts that there will be no more than six hundred votes in each precinct.

History: En. Sec. 1, Ch. 187, L. 1907; Sec. 3232, Rev. C. 1907; amd. Sec. 1, Ch. 59, L. 1909.

5012. Canvass—When and how made. On the Monday following any election, the council must convene and publicly canvass the result, and issue certificates of election to each person elected by a plurality of votes. When two or more persons have received an equal and highest number of votes for any one of the offices voted for, the council must thereafter, at its first regular meeting, decide by vote between the parties which is elected. If the council from any cause fails to meet on the day named, the mayor must call a special meeting of the council within five days thereafter, and, in addition to the notice provided for calling special meetings, must publish the same on two successive days in some newspaper published

in such city or town. If the mayor fails to call said meeting within said five days, any three councilmen may call it. At such special meeting all elections, appointments, or other business may be transacted that could have been on the day first herein named.

History: En. Sec. 4757, Pol. C. 1895; re-en. Sec. 3233, Rev. C. 1907.

5013. Oath and bonds—Vacancy. Each officer of a city or town must take the oath of office, and such as may be required to give bonds, file the same, duly approved, within ten days after receiving notice of his election or appointment; or, if no notice be received, then on or before the date fixed for the assumption by him of the duties of the office to which he may have been elected or appointed; but if any one, either elected or appointed to office, fails for ten days to qualify as required by law, or enter upon his duties at the time fixed by law, then such office becomes vacant; or if any officer absents himself from the city or town continuously for ten days without the consent of the council, or openly neglects or refuses to discharge his duties, such office may be by the council declared vacant; or if any officer removes from the city or town, or any alderman from his ward, such office must be by the council declared vacant.

History: En. Sec. 4758, Pol. C. 1895; re-en. Sec. 3234, Rev. C. 1907.

The failure of the person elected or appointed to a city office to qualify within ten days, by taking the official oath, creates a vacancy under this section, which may be filled by the appointing power. State ex rel. Bennetts v. Duncan, 47 Mont. 447, 453, 133 Pac. 109.

Cited or applied as section 4758, Political Code, in City of Philipsburg v. Degenhart, 30 Mont. 299, 303, 76 Pac. 694.

Official oath as criterion whether position held is office or employment, see note in 17 Ann. Cas. 456.

5014. When duties of office begin. The officers elected enter upon their duties the first Monday of May succeeding their election, and officers appointed by the mayor, with the advice and consent of the council, within ten days after receiving notice of their appointment.

History: En. Sec. 4759, Pol. C. 1895; re-en. Sec. 3235, Rev. C. 1907.

5015. Vacancies—How filled. When any vacancy occurs in any elective office, the council, by a majority vote of the members, may fill the same for the unexpired term, and until the qualification of the successor. A vacancy in the office of alderman must be filled from the ward in which the vacancy exists, but if the council shall fail to fill such vacancy before the time for the next election, the qualified electors of such city or ward may nominate and elect a successor to such office. The council, upon written charges, to be entered upon their journal, after notice to the party and after trial by the council, by vote of two-thirds of all the members elect, may remove any officer.

History: En. Sec. 1, Ch. 72, L. 1903; re-en. Sec. 3236, Rev. C. 1907.

To justify removal of an officer for misconduct, it is not necessary that the actions made the basis of the charge against him must have been wilful; the official doing of an act may constitute misconduct, although there was no corrupt or malicious motive. Leggatt v. Prideaux, 16 Mont. 205, 207, 40 Pac. 377, 50 Am. St. Rep. 498; State ex rel. Wynne v. Examining and Trial Board, 43 Mont. 389, 399, 117 Pac. 77, Ann. Cas. 1912C, 143; State ex rel. Rowe v. District Court, 44 Mont. 318, 324, 119 Pac. 1103, Ann. Cas. 1913B, 396; State ex rel. Ryan v. Board of Aldermen, 45 Mont. 188, 195, 122 Pac. 569; Bailey v. Examining and Trial Board, 45 Mont. 197, 201, 122 Pac. 572.

The office of police judge is a creature, not of the constitution, but of the statute,

and the incumbent thereof is not liable to impeachment. He is, however, a city officer, and may therefore, in a proper case, be removed by the city council. State ex rel. Working v. Mayor, 43 Mont. 61, 63, 114 Pac. 777.

This section is in consonance with section 18, article v, of the state constitution, subjecting officers not liable to impeachment to removal in the manner provided by law, and is a proper exercise of the legislative authority therein granted. State ex rel. Working v. Mayor, 43 Mont. 61, 63, 114 Pac. 777.

Until written charges have been filed with a city council, in conformity with the provision of this section, no proceeding looking to the removal of a city officer has been instituted. State ex rel. Working v. Mayor, 43 Mont. 61, 64, 114 Pac. 777.

Prohibition does not lie at the suit of a police judge of a city to prohibit the city council from proceeding to remove him from office, where written charges have not been filed against him as required by this section. State ex rel. Working v. Mayor, 43 Mont. 61, 64, 114 Pac. 777.

An alderman was properly found guilty of misconduct in office and removed, on the grounds that in his capacity as an attorney at law he defended one charged with conducting business without paying a license tax, and accepted a retainer to prosecute a suit against the town for damages and an injunction in regard to a sewer. State ex rel. Ryan v. Board of Aldermen, 45 Mont. 188, 193, 122 Pac. 569.

The provision of this section, requiring "a majority vote of the members" of the city council, that is, a majority of those constituting the actual membership of the body at the time, to fill a vacancy in an elective city office, and not section 5054, making "a majority of the whole number of the members elected" requisite for such purpose, is applicable in case a vacancy in its own body caused by resignation or death is to be filled. State ex rel. Wilson v. Willis, 47 Mont. 548, 552, 133 Pac. 962. See State ex rel. Klick v. Wittmer, 50 Mont. 22, 26, 144 Pac. 648.

Having been rightfully chosen by the city council to fill a vacancy in its own body, and after taking and subscribing the constitutional oath, an alderman had the right to have his vote on the question of filling another vacancy, caused by death, recorded, even though a certificate of election had not been issued to him, and irrespective of the mayor's refusal to recognize him, or of the fact that an action to determine his official status was then pending. State ex rel. Wilson v. Willis, 47 Mont. 548, 553, 133 Pac. 962.

Inherent power of municipal corporation to remove officers, see note in 10 Ann. Cas. 886.

5016. Accountability of officers provided for. It is the duty of the council to provide for the accountability of all officers provided for in this title, by requiring of them sufficient security for the faithful performance of their duties or trust, which security must be given by them before entering upon their respective duties. If such security becomes insufficient, additional security may be required, and if not given within ten days, the council, by a vote of two-thirds of the members, may declare the office vacant, and may thereafter fill the same.

History: En. Sec. 4761, Pol. C. 1895; re-en. Sec. 3237, Rev. C. 1907.

This section provides for the accountability of all municipal officers, but does not prescribe what the conditions of the bond shall be. City of Philipsburg v. Degenhart, 30 Mont. 299, 303; 76 Pac. 694.

5017. Official bonds—How given. The city treasurer, city clerk, and city marshal, and such other city officers as the council by ordinance may require, must give official bonds, in such sums and securities as the ordinance may prescribe, which bonds must be approved by the council and filed with the city clerk, except the bond of the city clerk, which must be filed with the city treasurer, and no officer must become surety upon the official bond of another.

History: En. Sec. 4762, Pol. C. 1895; re-en. Sec. 3238, Rev. C. 1907.

Money collected from gambling houses and brothels by city officers, and receipted for by the treasurer, was held to have been received for the city, though such money was illegally collected, and the failure of the treasurer to pay it over to his successor in office was a breach of his official bond, for which his sureties were liable. City of Philipsburg v. Degenhart, 30 Mont. 299, 303, 76 Pac. 694.

5018. Salaries must be fixed. The council must, by ordinance, fix the salaries and compensation of the city officers, policemen, and other employees, which must not exceed the amount specified in this title.

History: En. Sec. 4763, Pol. C. 1895; re-en. Sec. 3239, Rev. C. 1907.

5019. Salaries and qualifications of mayor and aldermen. The annual salary of a mayor of a city of the first class must not exceed four thousand dollars; and the annual salary of the mayor of a city of the second class must not exceed two thousand dollars; and the annual salary of the mayor of a city of the third class must not exceed six hundred dollars; and each alderman in a city of the first class may be allowed and paid not exceeding six dollars per diem, to be fixed by ordinance, for each day of session held by city council; provided, that no alderman shall be paid for more than five days' service during any one month; and aldermen of cities of the second and third class may be allowed and paid not exceeding three dollars per diem for each day of session, to be fixed by ordinance, but no alderman shall be paid for more than two days' service during any one month. No salary or compensation shall be allowed to the mayor or alderman of a town. No person shall be elected to the office of mayor or alderman in any city who is not a resident and freeholder within the limits of the city.

History: En. Sec. 4764, Pol. C. 1895; re-en. Sec. 3240, Rev. C. 1907; amd. Sec. 1, Ch. 111, L. 1913.

5020. Salaries of police judges. The annual salary and compensation of police judges must be fixed by ordinance, and in a city of the first class, with a population in excess of fifty thousand inhabitants, must not exceed, for all services rendered, three thousand dollars; and in a city of the second class must not exceed fifteen hundred dollars; and in a city of the third class must not exceed six hundred dollars, and, in addition, a police judge is entitled to receive in all civil cases the fees which are now or may hereafter be allowed justices of the peace. In all criminal actions or proceedings arising under the criminal laws of the state, when acting as a justice of the peace or committing magistrate, he must receive no compensation whatever; provided, however, that none of the provisions of this act shall affect cities operating under the commission form of government.

History: En. Sec. 4765 Pol. C. 1895; re-en. Sec. 3241, Rev. C. 1907; amd. Sec. 1, Ch. 61, L. 1919.

It was held under this section, prior to its amendment, that a police judge is not entitled to collect fees in cases arising out of violations of city ordinances, either from the city or from the defendant. State ex rel. Rowe v. District Court, 45 Mont. 205, 209, 122 Pac. 270.

Cited or applied as section 3241, Revised Codes, before amendment, in State ex rel. Rowe v. District Court, 44 Mont. 318, 322, 119 Pac. 1103, Ann. Cas. 1913B, 396.

5021. Compensation of justices of the peace acting as police judge. In towns, the council may designate a justice of the peace of the township in which the town is situated to act as police judge, and may by ordinance fix his compensation for his services, not exceeding one hundred dollars per annum, and the justices of the peace so designated must act as a police judge in all cases arising out of a violation of ordinances where the town is a party.

History: En. Sec. 4766, Pol. C. 1895; re-en. Sec. 3242, Rev. C. 1907.

A justice of the peace, acting as police judge, has exclusive jurisdiction in all

cases arising under the ordinances, in addition to his jurisdiction as a justice. The two jurisdictions are separate and distinct, however, because he can act as police judge only by virtue of his designation under the statute and by the mode of procedure provided for that purpose. State ex rel. Streit v. District Court, 45 Mont. 375, 380, 123 Pac. 405, 48 L. R. A. (N. S.) 156.

A justice of the peace has no jurisdiction over cases arising under town ordinances, except where he may have been designated under this section to act as police judge, in which event failure to style himself "police judge," instead of "justice of the peace," is a mere irregularity insufficient to divest him of jurisdiction. Grant v. Williams, 54 Mont. 246, 252, 169 Pac. 286.

In an action for malicious prosecution against a justice of the peace, by a person aggrieved by an act of such justice acting in the designated capacity of police judge, it must be alleged that such officer had not been designated to act as police judge; otherwise the presumption will prevail that official duty was regularly performed. Grant v. Williams, 54 Mont. 246, 252, 169 Pac. 286.

5022. Salary of treasurer. The annual salary and compensation of the treasurer must be fixed by ordinance, and must be for all services rendered by such treasurer in any capacity, and no treasurer must be allowed any percentages or fees in addition thereto. In cities of the first class, the annual salary of the treasurer must not exceed three thousand dollars in cities of the second class must not exceed two thousand dollars, and in cities of the third class it must not exceed seven hundred dollars, and in towns it must not exceed five hundred dollars.

History: En. Sec. 4767, Pol. C. 1895; re-en. Sec. 3243, Rev. C. 1907.

5023. Salary of city attorney. The annual salary and compensation of the city attorney must be fixed by ordinance, and must not exceed, in cities of the first class, three thousand dollars, and in cities of the second class must not exceed fifteen hundred dollars, and in cities of the third class must not exceed five hundred dollars, which compensation shall be in full for all services rendered in any capacity, and no fee, percentage, or additional compensation must be given to or allowed him.

History: En. Sec. 4768, Pol. C. 1895; re-en. Sec. 3244, Rev. C. 1907.

5024. Salary of chief of police. The annual salary and compensation of the chief of police must be fixed by ordinance, and must not exceed, in cities of the second class, one hundred and fifty dollars per month, and in cities of the third class not to exceed one hundred and twenty-five dollars per month.

History: En. Sec. 4769, Pol. C. 1895; re-en. Sec. 3245, Rev. C. 1907; amd. Sec. 1, Ch. 55, L. 1911.

5025. Salary of city clerk. The annual salary and compensation of the city clerk must be fixed by ordinance, and in cities of the first class must not exceed twenty-four hundred dollars, which is for all services rendered by him in any capacity; in cities of the second class must not exceed fifteen hundred dollars; in cities of the third class must not exceed twelve hundred dollars, which compensation, for cities of the second and third class, includes services rendered by him as city attorney; and in towns must not exceed three hundred dollars, which includes all services rendered by him in any capacity; provided, however, that nothing in this section shall be held or construed as applying to cities and towns operating under the commission form of government.

History: En. Sec. 4770, Pol. C. 1895; re-en. Sec. 3246, Rev. C. 1907; amd. Sec. 1, Ch. 14, L. 1917.

5026. Salary must not be increased or diminished during term. The salary and compensation of an officer must not be increased or diminished during his term of office.

History: En. Sec. 4771, Pol. C. 1895; re-en. Sec. 3247, Rev. C. 1907.

5027. Constitutional oath of office must be taken. Before entering upon office all officers, elected or appointed, must take and subscribe the constitutional oath of office.

History: En. Sec. 4772, Pol. C. 1895; re-en. Sec. 3248, Rev. C. 1907.

The official oath in writing of an alderman, when taken and subscribed, is intended to become a record of the city. State ex rel. Wilson v. Willis, 47 Mont. 548, 554, 133 Pac. 962.

Failure to comply with exact form of oath prescribed by law as affecting its binding character, see note in 5 Ann. Cas. 723.

5028. Duties and compensation of other officers. The duties and compensation of the street commissioners, chief of the fire department, city surveyor, and other city officers not provided in this title may be prescribed by ordinance.

History: En. Sec. 4789, Pol. C. 1895; re-en. Sec. 3258, Rev. C. 1907.

5031. Mayor to Preside, Sign Warrants, etc.
5032. Council to Elect President.
5033. Duties of Clerk.
5034. Duties of City Treasurer.
5035. Transfer of Municipal Funds—How Made.
5036. Security for Deposits, How Given—Statements of Banks.
5037. Duties of Chief of Police.
5038. Qualifications, Term of Office, and Duties of City Attorney.

5029. Executive officers. The executive officers of a city or town are the mayor, marshal, and such officers for the assessment, collection, auditing, safe-keeping, and disbursing the revenue, and keeping the records and journals of the city or town, as the council may provide.

History: En. Sec. 4780, Pol. C. 1895; re-en. Sec. 3249, Rev. C. 1907. Cal. Pol. C. Sec. 4385.

5030. Powers of mayor. The mayor is the chief executive officer of the city or town, and has power:

1. To nominate, and, with the consent of the council, to appoint all non-elective officers of the city or town, provided for by the council, except as provided in this title.

2. To suspend, and, with the consent of the council, to remove any non-elective officer, stating in the suspension or removal the cause thereof.

3. To cause the ordinances of the city or town to be executed, and to supervise the discharge of official duty by all subordinate officers.

4. To communicate to the council, at the beginning of every session, and oftener if deemed necessary, a statement of the affairs of the city or town, with such recommendations as he may deem proper.

5. To recommend to the council such measures connected with the public health, cleanliness, and ornament of the city or town, and the improvement of the government and finances, as he deems expedient.

6. To approve all ordinances and resolutions of the council adopted by it, and, in case the same do not meet his approbation, to return the same to the next regular meeting of the council, with his objections in writing, and no ordinance or resolution so vetoed by the mayor must go into effect unless the same be afterwards passed by two-thirds vote of the whole number of members of the council.

7. To veto any objectionable part of a resolution or ordinance, and approve the other parts. If the mayor fail to return any resolution or ordinance as aforesaid, the same takes effect without further action.

11. To procure and have in his custody the seal of the city or town.

12. To take and administer oaths.

13. To call on every male citizen of the city or town, over the age of eighteen years, to aid in the enforcement of the laws and ordinances in case of riots; to call out the militia to aid him in suppressing the same or other disorderly conduct, preventing and extinguishing fires, for securing the peace and safety of the city, or for carrying into effect any law or ordinance; and any person who does not obey such call forfeits to the city or town a fine not exceeding twenty-five dollars.

14. To require of any of the officers of a city or town an exhibit of his books and papers.

15. To grant pardons and remit fines and forfeitures for offenses against city or town ordinances, when in his judgment public justice would be thereby subserved; but he must report all pardons granted, with the reasons therefor, to the next council.

17. He has such power as may be vested in him by ordinance of the city or town, in and over all places within five miles of the boundaries of the city or town, for the purpose of enforcing the health and quarantine ordinances and regulations thereof.

History: Ap. p. Sec. 367, 5th Div. Comp. Stat. 1887; amd. Sec. 13, p. 126, L. 1893; amd. Sec. 4781, Pol. C. 1895; re-en. Sec. 3250, Rev. C. 1907. Cal. Pol. C. Sec. 4386.

The power of suspension and removal, granted the mayor by the second subdivision of this section, is taken from him by section 5108. State ex rel. Quintin v. Edwards, 38 Mont. 250, 270, 99 Pac. 940.

In so far as the method of appointment of members of the police force is concerned, this section is repealed by section 5108. State ex rel. Wynne v. Quinn, 40 Mont. 472, 480, 107 Pac. 506.

In an injunction suit to restrain the payment of municipal funds for work done in repairing sidewalks, one ground of the complaint in which was that though the meeting of the council at which the walk was ordered replaced was a special one, it was held without any notice, proclamation, or message of the mayor, as required by the eighth subdivision of this section, the plaintiff had the burden of proving that

the meeting was a special one. O'Brien v. Drinkenberg, 41 Mont. 538, 543, 111 Pac. 137.

It is not necessary, in order to convene the council in special session, that a formal proclamation be issued by the mayor, or that notice shall be given. The law does require that the mayor shall deliver to the council a message stating the object of the meeting. O'Brien v. Drinkenberg, 41 Mont. 538, 546, 111 Pac. 137.

5031. Mayor to preside, sign warrants, etc. The mayor is the presiding officer of the council, must sign the journals thereof and all warrants on the city treasurer, and decide by his vote all ties, and has no other vote.

History: En. Sec. 4782, Pol. C. 1895; re-en. Sec. 3251, Rev. C. 1907.

Under the law as it existed in 1895, the mayor was deemed to be a constituent part of the council, and, where there was a tie vote of the aldermen on the confirmation of an officer, he had the right to vote for confirmation. State ex rel. Young v. Yates, 19 Mont. 239, 241, 47 Pac. 1004, 37 L. R. A. 205.

Cited or applied as section 3251, Revised Codes, in O'Brien v. Drinkenberg, 41 Mont. 538, 543, 111 Pac. 137.

5032. Council to elect president. The council may elect a president, who, in the absence of the mayor, is the presiding officer and may perform the duties of mayor, and in the absence of the president the council may appoint one of its number to act in his place.

History: En. Sec. 4783, Pol. C. 1895; re-en. Sec. 3252, Rev. C. 1907.

The council may or may not elect a president. When elected, he must be held to know whether provision has been made for his compensation; if none has been made in the mode prescribed by law, then he is entitled to none, and has no legal claim against the city therefor. McGillic v. Corby, 37 Mont. 249, 255, 95 Pac. 1063, 17 L. R. A. (N. S.) 1263.

Where accountants are employed to audit the books of a city and their contract calls for a report to the city, but before it is made two copies thereof are handed to the mayor, at his request, one of which he presents to the city council, and the other he receives as his own, the mayor's duty is fully discharged, after seeing that the copy presented to the council finds its way into the hands of the city clerk, and is by him filed among the records of his office; the mayor has a right to retain the other copy among his private papers. City of Butte v. Nevin, 46 Mont. 380, 383, 128 Pac. 600.

5033. Duties of clerk. It is the duty of the clerk:

1. To attend all meetings of the council, to record and sign the proceedings thereof and all ordinances, by-laws, resolutions, and contracts passed, adopted, or entered into, and to sign, number, and keep a record of all licenses, commissions, or permits granted or authorized by the council.

2. To enter in a book all ordinances, resolutions, and by-laws passed and adopted by the council. Such book is called "The Ordinance Book."

3. To enter in a book kept for that purpose the date, amount, and person in whose favor and for what purpose warrants are drawn upon the city treasury; such book is called "The Finance Book."

4. To countersign and cause to be published or posted, as provided by law, all ordinances, by-laws, or resolutions passed and adopted by the council.

5. To file and keep all records, books, papers, or property belonging to the city or town, and to deliver the same to his successor when qualified.

6. To make and certify copies of all records, books, and papers in his possession, on the payment of like fees as are allowed county clerks, which fees must be paid into the city treasury.

7. To give notice of all elections as required by law, and to notify all persons of their election or appointment to office.

8. To make and keep a complete index of the journal ordinance book, finance book, and all other books and papers on file in his office.

9. To perform such duties in and about the assessment, levy, and collection of taxes and assessments as may be prescribed by law or ordinance.

10. To take and administer oaths, but must not charge or receive any fees therefor.

11. To certify to the county clerk, within ten days after their election and qualification, the names and terms for which they are elected, of the mayor, city clerk, and city treasurer.

12. To perform such other and further duties as the council may prescribe.

History: En. Sec. 4784, Pol. C. 1895; re-en. Sec. 3253, Rev. C. 1907. Cal. Pol. C. 4393.

The presentation of protests or objections against the creation of special improvement districts is no part of the duties of the city clerk, and the leaving of such protests at the clerk's office is of no avail. Hensley v. City of Butte, 36 Mont. 32, 38, 92 Pac. 34. Compare Tiggerman v. City of Butte, 44 Mont. 138, 142, 119 Pac. 477.

The mayor of a city in this state is not required to keep a record of his official acts. The duty to keep the files and records of the city appertains to the clerk, who is bound to deliver them to his successor. City of Butte v. Nevin, 46 Mont. 380, 383, 128 Pac. 600.

If the mayor chooses to keep a record including copies of documents which must be preserved in the files of the clerk's office, they are his private property, and title to them does not vest in the city by virtue of the fact that he is acting as its chief executive at the time. City of Butte v. Nevin, 46 Mont. 380, 383, 128 Pac. 600.

If a person has been lawfully elected a member of the city council, and has taken the required oath, the intention of the law is that the oath, when taken and subscribed, shall become a record of the city, and it is the clerk's duty to file and keep it as such. It is also the clerk's duty to record the newly elected officer's vote on a question; and the performance of the clerk's duty, in either respect, may be enforced by mandamus. State ex rel. Wilson v. Willis, 47 Mont. 548, 554, 133 Pac. 962.

Cited or applied as section 3253, Revised Codes, in Harvey v. Town of Townsend, 57 Mont. 407, 188 Pac. 897.

5034. Duties of city treasurer. It shall be the duty of the city treasurer:

1. To receive all moneys that come to the city or town, either from taxation or otherwise, and to pay the same out on the warrant of the mayor, countersigned by the clerk, drawn in accordance with law.

2. To perform such duties in the collection of taxes, licenses, or assessments as are or may be prescribed by law or ordinances.

3. To present on the first Monday of each month to the council a full and detailed statement of the amounts of money belonging to the city or town, received by him and by him disbursed during the preceding month, and the state of each particular fund, which statement must be verified by his oath.

4. To keep the books and accounts of the city or town in such manner as to correctly present the condition of the finances thereof, which must always be open to the inspection of the mayor, council, or any member thereof.

5. To keep a separate account of each fund or appropriation, and the debits and credits thereof.

6. To give every person paying to him money as treasurer, a receipt therefor, specifying the date of payment, the amount, and for what paid.

7. To render at any time an account to the council, showing the money on hand and the condition of the treasury.

8. To keep a register of all warrants paid, called "The Registry Book," which must show the date, amount, and number, and the person to whom, and the fund from which the same was paid, and to deliver and file with the city clerk all vouchers, warrants, or orders paid by him.

9. To annually make out and submit to the city council, at its last meeting prior to May first, a detailed account of all receipts and expenditures during the past fiscal year, file the same with the clerk, and an abstract thereof must be published in some newspaper in the city or town, or, if none is published, such abstract must be posted in the room or building occupied by the council.

10. To pay out, in the order which they are registered, all warrants presented for payment, when there are funds in the treasury to pay the same.

11. To deposit all public moneys in his possession and under his control, excepting such as may be required for current business, in any solvent bank or banks located in such city or town, subject to national supervision or state examination, as the council shall designate, and no other, and the sums so deposited shall bear interest at the rate of two and one-half per centum per annum, payable quarter-annually.

History: En. Sec. 4788, Pol. C. 1895; re-en. Sec. 3257, Rev. C. 1907; amd. Sec. 2, Ch. 88, L. 1913. Cal. Pol. C. 4392.

Under former statutes it was held that a city treasurer, who was obliged by law of the state and an ordinance of the city to keep the funds of the city on deposit, if he used reasonable prudence and caution in selecting the bank, and was without fault or negligence in keeping his deposit, was not liable for a loss occasioned by the failure of the bank in which he deposited the money. City of Livingston v. Woods, 20 Mont. 91, 102, 49 Pac. 437. Compare Commissioners of Jefferson County v. Linebeger, 3 Mont. 231, 239, 35 Am. Rep. 462.

In an action by a city against the sureties on the official bond of the treasurer, reports of the treasurer to the city council of moneys received and disbursed during the month, made under this section, may be given in evidence against such sureties, and are prima facie true, and, when not contradicted by the sureties, are binding on them. City of Philipsburg v. Degenhart, 30 Mont. 299, 304, 305, 76 Pac. 694.

5035. Transfer of municipal funds—How made. No money must be transferred from one fund to another, except by ordinance or resolution of the council.

History: En. Sec. 2, Ch. 88, L. 1913.

5036. Security for deposits, how given—Statements of banks. The treasurer shall take from such banks such security in public bonds or other securities or indemnity bonds as the council may prescribe, approve, and deem fully sufficient and necessary to insure the safety and prompt payment of all such deposits on demand.

When more than one such bank is available in any city or town, such deposits shall be distributed ratably among all such banks qualifying therefor, substantially in proportion to the paid in capital of each such bank willing to receive such deposits under the terms of this act, and it shall be the duty of the treasurer to prorate all such deposits among all the banks in such city or town qualified to receive same as in this act provided, to the end that an equitable distribution of such deposits be maintained, but the amount so deposited in any bank shall at no time exceed the amount of the paid-in capital of such bank.

If no such bank exists in the city or town, or if any bank or banks existing therein fails or refuses to qualify under the terms of this act to

receive such deposits, then and in such case, or in either of such cases, such moneys or any portion thereof shall be deposited under the terms of this act in the bank or banks most convenient to such city or town willing to accept such deposits under the terms of this act, and qualified as above provided.

Any bank or banks receiving such deposits shall, through its president and cashier, make a statement quarter-annually of account under oath, showing all such moneys that have been deposited with such bank during the quarter, the amount of daily balances in dollars, and the amount of interest by such bank or banks credited or paid therefor, and showing that neither such bank, nor any officer thereof nor any person for it, has paid or given any consideration or emolument whatsoever to the treasurer, or to any other person, other than the interest provided for herein, for or on account of the making of such deposits with any such bank. All such deposits shall be subject to withdrawal by the treasurer in such amounts as may be necessary from time to time, and no deposit of funds shall be made or permitted to remain in any bank until the security for such deposits shall have been first approved by the council and delivered to the treasurer. All interest paid and collected on such deposits shall be credited to the general fund of the city or town.

When moneys shall have been deposited in accordance with the provisions of this act, the treasurer shall not be liable for loss on account of any such deposit that may occur through damage by the elements, or for any other cause or reason occasioned through means other than his own neglect, fraud, or dishonorable conduct.

History: En. Sec. 4788, Pol. C. 1895; re-en. Sec. 3257, Rev. C. 1907; amd. Sec. 2, Ch. 88, L. 1913.

Right to preference in respect to public funds deposited in bank which subsequently becomes insolvent, see notes in 5 L. R. A. (N. S.) 886; 16 L. R. A. (N. S.) 918; L. R. A. 1917A, 683; 8 Ann. Cas. 116; Ann. Cas. 1916B, 1264.

5037. Duties of chief of police. It is the duty of the chief of police:

1. To execute and return all process issued by the police judge, or directed to him by any legal authority, and to attend upon the police court regularly.

2. To arrest all persons guilty of a breach of the peace or for the violation of any city or town ordinance, and bring them before the police judge for trial.

3. To have charge and control of all policemen, subject to such rules as may be prescribed by ordinance, and to report to the council all delinquencies or neglect of duty or official misconduct of policemen for action of the council.

4. The chief of police has the same powers as a constable in the discharge of his duties, but he must not serve a process in any civil action or proceeding except when a city or town is a party.

5. To perform such other duties as the council may prescribe.

History: En. Sec. 4785, Pol. C. 1895; re-en. Sec. 3254, Rev. C. 1907.

The chief of police is a policeman or police officer in the same sense as is an ordinary policeman. When the circumstances demand it, he is required to perform all the duties of the ordinary policeman, for, though he has the additional duty of supervision and control of the entire force, this does not lessen or abridge the duties which are enjoined upon all police officers under the general laws of the state. State ex rel. Wynne v. Quinn, 40 Mont. 472, 475, 107 Pac. 506.

5038. Qualifications, term of office, and duties of city attorney. The city attorney to be appointed shall be a person who has been licensed to practice as an attorney in this state. He shall hold his office for two years, unless suspended or removed as provided by this act. It shall be the duty of the city attorney to attend before the police court and other courts of the city and the district court, and prosecute on behalf of the city, and he shall generally do and perform such other acts as pertain to the office of the city or corporation council. He shall, when required, draw for the use of the council contracts and ordinances for the government of the city, and, when required, give to the mayor or city council written opinions on questions pertaining to the duties and the rights, liabilities, and powers of the corporation. For such services he shall receive such salary and fees as may be fixed by the city council by ordinance. Nothing herein shall be taken or construed as preventing the city council from employing other and additional council in special cases, and providing for the payment of such services. The city attorney may be suspended or removed from office by the city council for the neglect, violation, or disregard of the duties required by this act, or the ordinances of the city.

History: Ap. p. Sec. 6, p. 64, Ex. L. 1887; amd. Sec. 9, p. 182, L. 1889; amd. Sec. 4787, Pol. C. 1895; re-en. Sec. 3256, Rev. C. 1907. Cal. Pol. C. Sec. 4391.

Druggist may sell opium or any preparation thereof, subject to the general laws of the state in relation thereto.

62. To sell, dispose of, or lease any property belonging to a city or town not held in trust for a specific purpose, and such transfer must be made by ordinance or resolution passed by a two-thirds vote of all the members of the council.

63. To make any and all contracts necessary to carry into effect the powers granted by this title, and to provide for the manner of executing the same.

64. To contract an indebtedness on behalf of a city or town, upon the credit thereof, by borrowing money or issuing bonds for the following purposes, to-wit: Erection of public buildings, construction of sewers, bridges, water-works, lighting plants, supplying the city or town with water by contract, the purchase of fire apparatus, the construction or purchase of canals or ditches and water rights for supplying the city or town with water, and the funding of outstanding warrants and maturing bonds; provided, that the total amount of indebtedness authorized to be contracted in any form, including the then existing indebtedness, must not, at any time, exceed three per centum of the total assessed valuation of the taxable property of the city or town, as ascertained by the last assessment for state and county taxes; provided, that no money must be borrowed on bonds issued for the construction, purchase, or securing of a water plant, water system, water supply, or sewerage system, until the proposition has been submitted to the vote of the taxpayers affected thereby of the city or town, and the majority vote cast in favor thereof; and, further provided, that an additional indebtedness shall be incurred, when necessary, to construct a sewerage system or procure a water supply for the said city or town, which shall own or control said water supply and devote the revenue derived therefrom to the payment of the debt. The additional indebtedness authorized, including all indebtedness heretofore contracted, which is unpaid or outstanding, for the construction of a sewerage system, shall not exceed ten per centum over and above the three per centum heretofore referred to, of the total assessed valuation of the taxable property of the city or town as ascertained by the last assessment for state and county taxes; and, provided, further, that the above limit of three per centum shall not be extended, unless the question shall have been submitted to a vote of the taxpayers affected thereby, and

carried in the affirmative by a vote of the majority of said taxpayers who vote at such election. It is further provided, that whenever a franchise has been granted to, or a contract made with, any person or persons, corporation or corporations, and such person or persons, corporation or corporations, in pursuance thereof, or otherwise, have established or maintained a system of water supply, or have valuable water rights or a supply of water desired by the city or town for supplying the said city or town with water, the city or town granting such franchise or entering in such contract or desiring such water supply, shall, by the passage of an ordinance, give notice to such person or persons, corporation or corporations, that it desires to purchase the plant and franchise and water supply of such person or persons, corporation or corporations, and it shall have the right to so purchase the said plant or water supply, upon such terms as the parties agree; in case they cannot agree, then the said city or town shall proceed to acquire the same under the laws relating to the taking of private property for public use; and any city or town acquiring property under the laws relating to the taking of private property for public use shall make payment to the owner or owners of the plant or water supply of the value thereof legally determined, within six months from and after final judgment is entered in the condemnation proceedings. For the purpose of providing the city or town with an adequate water supply for municipal and domestic purposes, the city or town council shall procure and appropriate water rights and title to the same, and the necessary real and personal property to make said rights and supply available, by purchase, appropriation, location, condemnation, or otherwise. Cities and towns shall have jurisdiction and control over the territory occupied by their public works, and over and along the line of reservoirs, streams, trenches, pipes, drains, and other appurtenances used in the construction and operation of such works, and also over the source or stream from which water is taken, for the enforcement of its sanitary ordinances, the abatement of nuisances, and the general preservation of the purity of its water supply, with power to enact all ordinances and regulations necessary to carry the powers hereby conferred into effect. For this purpose the city or town shall be authorized to condemn private property in the manner provided by law, and shall have authority to levy a just and equitable tax on all consumers of water for the purpose of defraying the expenses of its procurement.

65. To regulate and provide for the construction or repair of sidewalks and foot pavements, and if the owner of any lot fails to comply with the provisions of the ordinance within such time as may be prescribed thereby, the council may contract for the construction and repair of such sidewalks or pavements, and the city or town may pay for the same, and the amount so paid is a lien upon the lot, and may be enforced or the amount may be recovered against the owner by a suit before any court of competent jurisdiction.

66. To grant the right of way through the streets, avenues, and other property of a city or town for the purpose of street or other railroads, and to regulate the running and management of the same, and compel the owner of such street or other railroads to keep the street in repair when occupied by such street or other railroad; to regulate the speed of

railroad engines, and to require railroad companies to station flagmen at street crossings.

67. To compel the owner of a building to erect fire-escapes and proper exits and entrances when necessary for safety.

68. To establish the grade of any street, alley, or avenue, and when the grade has been established, it must not be changed except by a vote of the majority of the council, and not then until the damage to property owners, caused by the change of grade, has been assessed and determined by three disinterested appraisers, who must be appointed by the mayor and confirmed by the council, who must make an appraisement, taking into consideration the benefits, if any, to the property, and file their report with the clerk within ten days after receiving notice of their appointment, and the amount of damages so assessed must be tendered to the owner or his agent before any change of grade is made.

69. To provide for the sprinkling of the streets, alleys, and public places of the city or town, and to fix the rates to defray the cost of said work.

70. To regulate the location of steam-boilers, the putting up of signs and awnings, and the construction of entrances to basements, cellars, and other floors to buildings from the sidewalks.

71. To prevent and prohibit prize-fights, boxing-matches of any kind, with or without gloves, or exhibition of prize-fighters, boxers, or sluggers in the city or town, or within five miles thereof.

72. To require the owner of a sidewalk, house, or other structure which is dangerous to passers-by, to repair or remove the same after notice.

73. To permit the use of the streets and alleys of the city or town for the purpose of laying down gas, water, and other mains, but no excavations must be made for such purpose without the permission of the council or its authorized officer; and the streets and alleys must be placed in as good condition by the person or corporation making the excavation, as they were before the excavation was made, and the mains laid down, and in default thereof the council may order the same to be done at the expense of such person or corporation.

74. To provide for inclosing, improving, and regulating all public grounds belonging to the city or town.

75. To condemn private property for opening, establishing, widening, or altering any streets, alley, park, sewer, waterway, in the city or town, or for any other public use, and the ordinance authorizing the taking of private property for any such use is conclusive as to the necessity of the taking, and must conform to and the proceedings thereunder had as provided in the Code of Civil Procedure concerning eminent domain.

76. To appropriate money, and provide for the payment of the debt and expenses of the city or town, and also the debt of the municipal corporation of which it is the successor.

77. To take a census of the inhabitants of a city or town at any time.

78. To provide for the city or town printing, the contract for which must be let annually to the lowest bidder.

79. To adopt, enter into, and carry out means for securing a supply of water for the use of a city or town or its inhabitants.

80. To create special improvement districts, designating the same by number; to extend the time for payment of assessments levied upon such districts for the improvements thereon for a period not exceeding twenty years; to make such assessments payable in instalments, and to pay all expenses of whatever character incurred in making such improvements with special improvement warrants, which warrants shall bear interest at a rate not to exceed six per centum per annum.

81. To regulate and prohibit the wearing of hats or bonnets at theaters or public places of amusement.

82. To regulate the use and construction of irrigating ditches, drains, and flumes within or running through any city or town.

Note.—Subdivisions 19 and 80 have been changed in this code to conform to subsequent changes in the law governing improvement districts and to legislation prohibiting gambling, prostitution and sale of intoxicating liquors.

The last clause of subdivision 64 of this section, which, in the codes of 1895, declared that no municipality having a water supply furnished by private persons shall erect a water plant to be operated by itself, but that it should purchase or condemn that owned by such private persons, was declared unconstitutional. Helena C. W. Co. v. Steele, 20 Mont. 1, 4, 49 Pac. 382, 37 L. R. A. 412; State ex rel. Gerry v. Edwards, 42 Mont. 135, 148, 111 Pac. 734, Ann. Cas. 1912A, 1010, 32 L. R. A. (N. S.) 1078.

In the ownership and control of its water system, a city acts in its proprietary character, as distinguished from its governmental capacity. H. C. W. Co. v. Steele, 20 Mont. 1, 6, 49 Pac. 382, 37 L. R. A. 412; Public Service Commission v. City of Helena, 52 Mont. 527, 534, 159 Pac. 24.

A water company authorized by the seventy-third subdivision of this section to make an excavation is liable to an individual for injuries received through its negligence in failing in its duty to restore the street to its former safe condition. Robinson v. Mills, 25 Mont. 391, 398, 65 Pac. 114.

The council is the governing body of the municipality, and, as such, is given the exclusive control of streets and highways. Snook v. City of Anaconda, 26 Mont. 128, 134, 66 Pac. 756; Ford v. City of Great Falls, 46 Mont. 292, 305, 127 Pac. 1004.

A city is authorized by the sixty-fourth subdivision of this section to acquire by condemnation proceedings water rights for the purpose of establishing a water supply system. City of Helena v. Rogan, 26 Mont. 452, 469, 68 Pac. 798.

In condemnation proceedings to acquire title to property for a water supply, it is not necessary to allege or prove that the city had endeavored to obtain the consent of the owners of the property to the taking thereof. City of Helena v. Rogan, 27 Mont. 135, 137, 69 Pac. 709.

An ordinance making it unlawful to keep open a pawn-shop after six o'clock p. m. is not a prohibition of the business, but a regulation of it, authorized by the sixteenth subdivision of this section. City of Butte v. Paltrovich, 30 Mont. 18, 21, 75 Pac. 521, 104, Am. St. Rep. 698.

The power conferred upon a city by the sixteenth subdivision of this section is primarily to enact such police regulations, with reference to the occupations therein enumerated, as shall be necessary to the good order and general welfare of its citizens. City of Butte v. Paltrovich, 30 Mont. 18, 23, 75 Pac. 521.

This section specifies the items of expense which a city that has not reached the constitutional limit of indebtedness may incur. Helena W. W. Co. v. City of Helena, 31 Mont. 243, 247, 78 Pac. 220; Palmer v. City of Helena, 40 Mont. 498, 505, 107 Pac. 512.

Under an ordinance making it the duty of the occupant of premises to keep the adjoining sidewalks free from snow, ice, etc., the city has a right to proceed against the occupant, as well as the owner, whose duty in this respect is laid down in subdivision 7 of this section. The remedy against the occupant is merely cumulative, and its assertion is not inconsistent with the exercise of the power granted in subdivision 7. City of Helena v. Kent, 32 Mont. 279, 288, 80 Pac. 258, 4 Ann. Cas. 235.

The forty-third subdivision of this section, at most, does not enable a corporation or individual wishing to engage in the telegraph or telephone business to do so. The provision only leaves it to the option of the cities and towns to legislate upon this subject, and, if they do not do so, they cannot be coerced into acting any more than the legislature itself. State ex rel. Crumb v. City of Helena, 34 Mont. 67, 73, 85 Pac. 744.

Where defendants at considerable cost had practically completed a building to be used as a livery-stable within the residence portion of a city, whereupon an ordinance was passed by the council requiring persons desiring to engage in such business to first obtain a permit, the same not being in terms applicable to livery-stables then in existence within the city limits, such ordinance was an unlawful discrimination between defendants and others engaged in the same business at the time of its enactment. City of Billings v. Cook, 35 Mont. 95, 104, 88 Pac. 656, 119 Am. St. Rep. 845.

In enacting the sixty-fourth subdivision of this section, it is apparent that the legislature intended to pursue strictly the provisions of section 6, article XIII, of the constitution, with a view of effectuating its object. Butler v. Andrus, 35 Mont. 575, 580, 90 Pac. 785; Carlson v. City of Helena, 39 Mont. 82, 98, 102 Pac. 39, 17 Ann. Cas. 1233; Lepley v. City of Fort Benton, 51 Mont. 551, 555, 154 Pac. 710.

Under subdivision 64 of this section, there may be no extension, if there is no debt already contracted, for the word "additional" qualifies the character of the debt to be contracted, and refers also to a pre-existing amount of indebtedness to which it may be added. The word "necessary" defines the condition of affairs which requires the additional indebtedness. The condition must be such as to create the necessity. Butler v. Andrus, 35 Mont. 575, 581, 90 Pac. 785; Lepley v. City of Fort Benton, 51 Mont. 551, 555, 154 Pac. 710.

The proviso under which the legislature may authorize an extension of the constitutional limit of three per cent., found in subdivision 64 of this section, is clear in purpose, to wit, to allow such extension when it is necessary to construct a sewerage system or to procure a water supply. It cannot be granted or made available for any other purpose nor under any other circumstances than those which create the necessity for it. Butler v. Andrus, 35 Mont. 575, 581, 90 Pac. 785; Lepley v. City of Fort Benton, 51 Mont. 551, 555, 154 Pac. 710.

The purpose of the limitation in matters of indebtedness, contained in the sixty-fourth subdivision of this section, is to prevent extravagance, and such provisions should be so construed as to accomplish the desired end so far as possible. Butler v. Andrus, 35 Mont. 575, 580, 90 Pac. 785.

A city's arbitrary action in placing a bond issue within the extended ten per cent. limit of indebtedness authorized, under certain conditions, by the sixty-fourth subdivision of this section, when there was sufficient margin within the constitutional three per cent. limit to cover it, does not affect the validity of such bonds as a liability of the city. Butler v. Andrus, 35 Mont. 575, 582, 90 Pac. 785.

City and town councils have express authority from the state to define and punish vagrancy under the thirty-fourth subdivision of this section. State ex rel. City of Butte v. District Court, 37 Mont. 202, 204, 95 Pac. 841.

Where the legislature had, by a general law applicable to all municipalities alike, such as that contained in subdivision 64 of this section, extended the constitutional limit of indebtedness which a city could incur in the procurement of a water supply or the construction of a sewer system, it was not necessary that the question whether the necessity calling for an extension of the limit of indebtedness existed be first submitted to the law-making power, and authority obtained from it through a special act. The determination of such necessity rested with the taxpayers affected by the contemplated improvement. Carlson v. City of Helena, 39 Mont. 82, 98, 102 Pac. 39, 17 Ann. Cas. 1233.

Subdivision 64 of this section does not make it incumbent upon a city, when it desires to acquire a water supply of its own, to purchase the system then maintained therein by any person or corporation under a franchise granted or contract made by the municipality, the course pointed out in the proviso in said section relative to the purchase of the then existing system being obligatory only when the city "desires" to so purchase; if not, it may procure any other available supply. Carlson v. City of Helena, 39 Mont. 82, 99, 102 Pac. 39, 17 Ann. Cas. 1233.

Subdivision 66 of this section carries out the plain intent of section 12 of article XV of the constitution. Kipp v. Davis-Daly Copper Co., 41 Mont. 509, 516, 110 Pac. 237, 21 Ann. Cas. 1372, 36 L. R. A. (N. S.) 666.

The municipal authorities which have control of streets and highways may use or permit the use of them in any manner or for any purpose reasonably incident to the appropriation of them to public travel. For such changing public uses the owner of abutting property is presumed to have received compensation when the way was created. Kipp v. Davis-Daly Copper Co., 41 Mont. 509, 516, 110 Pac. 237, 21 Ann. Cas. 1372, 36 L. R. A. (N. S.) 666; Smith v. Northern Pacific Ry. Co., 50 Mont. 539, 550, 148 Pac. 393.

Under section 4985, the fee to the land covered by a street once established is vested in the public; for the form of dedication required of the owner, when the plat of a city or town or an addition thereto is recorded, is equivalent to a deed; but, as the respective rights of the abutting owners and of the public are dependent upon the fact of dedication, it is not important to inquire where the fee is vested. Kipp v. Davis-Daly Copper Co., 41

Mont. 509, 516, 110 Pac. 237, 21 Ann. Cas. 1372, 36 L. R. A. (N. S.) 666.

A railroad proposed to be constructed by a mining company over the streets, and entirely within the limits of a city, for the carriage of supplies, ores, etc., which would otherwise have to be conveyed by teams, is not a "commercial" railroad as distinguished from street railroads; such contemplated use of the city's streets falls within their ordinary uses; and hence no additional servitude is cast upon the owner of abutting real property for which compensation must first be made. Kipp v. Davis-Daly Copper Co., 41 Mont. 509, 520, 110 Pac. 237, 21 Ann. Cas. 1372, 36 L. R. A. (N. S.) 666.

The use to which a railroad proposed to be constructed in the streets of a city by a mining company was to be put in hauling supplies, ores, etc., to and from the company's mine, as well as supplies, ores, merchandise, etc., which might be offered for carriage by any person or corporation, was a public use. Kipp v. Davis-Daly Copper Co., 41 Mont. 509, 520, 110 Pac. 237, 21 Ann. Cas. 1372, 36 L. R. A. (N. S.) 666.

Under the sixty-fifth subdivision of this section, a town council has power to condemn a sidewalk and order a new cement one in its stead, thereby exercising a legislative function, and, except for fraud or abuse of discretion, its action is not subject to judicial review. O'Brien v. Drinkenberg, 41 Mont. 538, 544, 111 Pac. 137.

As a city council has, under this section and section 5079, the sole power to determine the amount that shall be expended in carrying on the city government, it, and not the mayor, has the power to reduce the police force for economical reasons, or when it becomes unnecessarily large. State ex rel. Rowling v. Mayor of Butte, 43 Mont. 331, 336, 117 Pac. 604.

Under its general legislative power the council of a city or town may provide for the appointment of as many policemen, including a chief of police in case of a city, and a marshal in case of a town, as may be necessary to preserve the peace and enforce the ordinances. Grush v. Bishop, 46 Mont. 97, 99; 126 Pac. 619.

A city, after having necessarily and legally incurred an outstanding indebtedness for a water supply and a sewer system, under the ten per cent. limit, may afterward incur an additional indebtedness of five thousand dollars, under the three per cent. limit, for building a bridge, where the existing indebtedness of the city, incurred under the three per cent. limit, has fallen below that limit by reason of payments thereon, or on account of the fact that the assessed valuation of taxable property has increased so as to leave a sufficient margin within the three per cent. limit. Arnold v. City of Miles City, 46 Mont. 478, 479, 128 Pac. 915.

It is only for special purposes, to wit, sewerage systems and water supplies, that cities may incur indebtedness in excess of the constitutional limit of three per cent., when authorized by the taxpayers, but tho constitutional provision does not limit the amount to which the legislature may authorize the taxpayers to extend the indebtedness. Arnold v. City of Miles City, 46 Mont. 478, 481, 128 Pac. 915.

By subdivision 64 it is clear that it was the intention of the law-making body to compel a city to refrain from becoming indebted for general purposes in excess of three per cent. of the value of its taxable property, and that, so long as it keeps within this limit, regard being had to the assessed valuation at the time the indebtedness is proposed to be contracted, it is proceeding according to law. Arnold v. City of Miles City, 46 Mont. 478, 481, 128 Pac. 915.

The frequent use, in the laws of this state, of the prefix "street," before "railroads" or "railways," indicates the legislative intention to maintain a distinction between railroads and street railroads, and suggests that, in construing enactments touching railroads, they should not be held to apply to street railroads unless the intention that they should so apply is apparent. Helena etc. Ry. Co. v. City of Helena, 47 Mont. 18, 34, 130 Pac. 446.

The mode of exercising the power granted by the sixty-third subdivision of this section is subject to the limitation prescribed in that section of the code in reference to the awarding by municipalities of contracts exceeding a certain amount to the lowest responsible bidder; this limitation is, furthermore, exclusive, and applies to all municipal bodies. Missoula St. Ry. Co. v. City of Missoula, 47 Mont. 85, 95, 130 Pac. 771.

The twelfth subdivision of this section does not apply to street railroads; hence, an ordinance requiring a street railway company to light its track within the corporate limits, without expense to the city, is void. Helena etc. Ry. Co. v. City of Helena, 47 Mont. 18, 37, 130 Pac. 446.

The thirteenth subdivision of this section, taken in connection with the general provision contained in the first subdivision, confers all the powers necessary for the policing of street railroads. Helent etc. Ry. Co. v. City of Helena, 47 Mont. 18, 37, 130 Pac. 446.

The provisions of subdivision 80 of this section were not repealed by implication by sections 5225 et seq. relating to special improvements in cities and towns. Shapard v. City of Missoula, 49 Mont. 269, 275, 141 Pac. 544.

The police powers granted to cities and towns by subdivisions 8 and 43 of this section, relative to the regulation of the use of the streets by the erection of telegraph

or telephone poles, the stringing of wires thereon, etc., are preserved to them by the concluding portion of section 6645. City of Butte v. Montana Independent Tel. Co., 50 Mont. 574, 581, 148 Pac. 384.

A city has the power to install at public expense a lighting plant to supply light not only for its public buildings and streets, but also for use by its inhabitants. Milligan v. City of Miles City, 51 Mont. 374, 384, 153 Pac. 276, L. R. A. 1916C, 395.

When a city is engaged in operating a municipal plant, under an authority granted by general law, it acts in a proprietary or business capacity, and stands upon the same footing as a private individual or business corporation similarly situated. Milligan v. City of Miles City, 51 Mont. 374, 384, 153 Pac. 276, L. R. A. 1916C, 395.

Where a city was authorized to conduct an electric light and power plant, it could lay a main to heat a building by the waste steam from the plant, and incidentally furnish steam for heat to private buildings abutting on the main. Milligan v. City of Miles City, 51 Mont. 374, 385, 153 Pac. 276, L. R. A. 1916C, 395.

Where a city had authorized an issue of bonds for sewer purposes which fully exhausted the three per cent. constitutional limit, it was without power to subsequently issue further bonds for the construction of a lighting plant by having recourse to the device of classing the first issue within the extended ten per cent. limit—which may be resorted to only for the procurement of a sewerage system or a water supply—a large enough margin being thus created within the three per cent. limit to accommodate the later issue. Lepley v. City of Fort Benton, 51 Mont. 551, 555, 154 Pac. 710.

Where a city acquires a water supply without resort to indebtedness beyond the constitutional three per cent. of the city's taxable property, it stands on an equal footing with an individual or private corporation engaged in furnishing water to it and its inhabitants, and is subject to all reasonable regulation and control by the state under the police power. Public Service Commission v. City of Helena, 52 Mont. 527, 534, 159 Pac. 24.

A city which has acquired a water supply by resorting to the extended limit of indebtedness is not thereby exempted from control and regulation by the state through the agency of the public service commission. Public Service Commission v. City of Helena, 52 Mont. 527, 538, 159 Pac. 24.

The authority of a city to incur indebtedness beyond the three per cent. limit for the purpose of rendering or maintaining its water supply wholesome and fit for the purpose intended is clearly implied, if not expressly conferred. McClintock v. City of Great Falls, 53 Mont. 221, 226, 163 Pac. 99.

Under the sixty-third and seventy-third subdivisions of this section, a city may contract for rates with a public utility, subject, however, to the paramount authority of the state to exercise its power in the premises whenever it chooses to do so. State ex rel. Billings v. Billings Gas Co., 55 Mont. 102, 110, 173 Pac. 799.

The purpose of the legislature, in employing the very general language used in paragraphs 63 and 73 of this section, was not to surrender fully the distinctively governmental function to regulate rates, but rather to permit municipalities to protect themselves and their inhabitants against extortionate rates until the state itself should act in the premises. State ex rel. Billings v. Billings Gas Co., 55 Mont. 102, 111, 173 Pac. 799.

Subdivision 64 of this section refers only to the contracting of an indebtedness in addition to the "then outstanding indebtedness of the city". Parker v. City of Butte, 58 Mont. 531, 533, 193 Pac. 748.

Cited and construed as section 4800, Political Code, before amendment, in Palmer v. City of Helena, 19 Mont. 61, 66, 47 Pac. 209; Jordan v. Andrus, 27 Mont. 22, 26, 69 Pac. 118; as amended in In Re O'Brien, 29 Mont. 530, 540, 75 Pac. 196, 1 Ann. Cas. 373; State ex rel. Tel. Co. v. Mayor of Red Lodge, 30 Mont. 338, 343, 76 Pac. 758; as section 3259, Revised Codes, in State ex rel. Quintin v. Edwards, 38 Mont. 250, 266, 99 Pac. 940; as Laws of 1897, p. 203, in Johnson v. City of Great Falls, 38 Mont. 369, 370, 99 Pac. 1059, 16 Ann. Cas. 974; as section 3259, Revised Codes, in Barnard Realty Co. v. City of Butte, 48 Mont. 102, 111, 136 Pac. 1064; Kohn v. City of Missoula, 50 Mont. 75, 77, 144 Pac. 1087.

5040. Inspection and measurement of gas and electricity. History: En. Sec. 2, Ch. 12, L. 1905; re-en. Sec. 3295, Rev. C. 1907.

5047. Certain cities may provide public band concerts. Cities of the first, second and third class, as defined by the laws of the state of Montana, and incorporated towns may, at their discretion, provide public band concerts for the entertainment of their people, and to pay therefor out of any moneys in a fund to be provided in accordance with the provisions of the next section; said band concerts and entertainments to be given at a place or places and at a time or times to be designated by the city council; provided, however, that said band concerts shall be given not more than twice each week; provided, further, that no band shall be employed in connection with the giving of said band concerts, except one having its headquarters in the said city or town in which said band concert is given.

History: En. Sec. 5041, Pol. C. 1895; re-en. Sec. 3490, Rev. C. 1907.

5052. What constitutes a quorum. A majority of the members of the council constitute a quorum for the transaction of business, but a less number may meet and adjourn to any time stated, and may compel the attendance of absent members, under such rules and penalties as the council may prescribe.

History: En. Sec. 4801, Pol. C. 1895; re-en. Sec. 3261, Rev. C. 1907. Cal. Pol. C. Sec. 4406.

The ayes and noes must be called and recorded on the final passage of any ordinance, by-law, or resolution, or making any contract, and the voting on the election or appointment of any officer must be viva voce, and a majority of the whole number of the members elected is requisite to appoint or elect an officer, and such vote must be recorded.

This section does not apply to an election by a city council to fill a vacancy in its own body, caused by resignation or death; the provisions governing such elec-

tion are found in section 5015. State ex rel. Wilson v. Willis, 47 Mont. 548, 551, 133 Pac. 962.

Injunction to prevent passage of municipal ordinance, see notes in 19 Ann. Cas. 208; Ann. Cas. 1913, 96; 13 L. R. A. 844; 2 L. R. A. (N. S.) 152.

5055. Style of ordinance. The style of ordinances may be as follows: "Be it ordained by the council of the city of....., or town of.....," and all ordinances may be published or posted, as prescribed by the council.

History: En. Sec. 4804, Pol. C. 1895; re-en. Sec. 3264, Rev. C. 1907.

5056. Ordinances—How prepared. All ordinances, by-laws, and resolutions must be passed by the council and approved by the mayor, or the person acting in his stead, and must be recorded in a book kept by the clerk called "The Ordinance Book," and numbered in the order in which they are passed, and take effect from and after their passage, except as otherwise ordered, and no ordinance shall be passed containing more than one subject, which shall be clearly expressed in its title, except ordinances for the codification and revision of ordinances.

History: En. Sec. 4805, Pol. C. 1895; re-en. Sec. 3265, Rev. C. 1907.

An ordinance calling for a special election for the authorization or rejection of an increase of the city's indebtedness by the issuance of water and sewer bonds, was not obnoxious to the prohibition contained in this section, that no ordinance shall be passed containing more than one subject. The general subject of the ordinance was the incurring of the indebtedness, and the different purposes named in it as making the indebtedness necessary were matters of detail for the information of the voters. Carlson v. City of Helena, 39 Mont. 82, 108, 102 Pac. 39, 17 Ann. Cas. 1233.

The observance of the limitation imposed by this section, relative to ordinances containing more than one subject, which must be clearly expressed in its title, is mandatory, and renders void any ordinance which violates it. But whatever is germane, incidental, or necesary to the main or general subject of an ordinance may be included in it, and is not a separate subject. Carlson v. City of Helena, 39 Mont. 82, 108, 102 Pac. 39, 17 Ann. Cas. 1233. Compare State v. McKinney, 29 Mont. 375, 382, 74 Pac. 1095.

A resolution of intention is not valid unless approved by the mayor, and all proceedings taken thereunder are void. Hinzeman v. City of Deer Lodge, 58 Mont. 369, 374, 193 Pac. 395.

Propriety of exercise of power by municipality by means of resolutions, see notes in 3 Ann. Cas. 654; 6 Ann. Cas. 471; Ann. Cas. 1913C, 1321.

Necessity that title of ordinance fully express the subject-matter thereof, see note in Ann. Cas. 1912C, 192.

5057. Certain ordinances validated. Any and all ordinances of any city or town within Montana, which have been heretofore duly recorded and signed by the mayor or presiding officer of the council and by the city clerk, as provided by section 334 of an act entitled "An act to amend section 334 of the Compiled Statutes of Montana, fifth division, relating to printing and posting city ordinances," duly approved March 9, 1889, which may have been published in some newspaper published within the limits of the city or town, or written copies of which said ordinances may have been posted in not less than five conspicuous places within the limits of such city or town, are hereby declared to have the same legality and validity as if such publishing or posting had been duly directed by the council of such city or town, and as if the city clerk had attached, at the

expiration of each term of posting and at the end of any such ordinance or ordinances as recorded in the book of ordinances, his certificate as to the fact of posting such ordinance or ordinances, as provided for by said act herein referred to.

History: En. Sec. 5043, Pol. C. 1895; re-en. Sec. 3492, Rev. C. 1907.

5058. Initiative in cities—Petition. Ordinances may be proposed by the legal voters of any city or town in this state, in the manner provided in this act. Eight per cent. of the legal voters of any city or town may propose to the city or town council an ordinance on the subject within the legislative jurisdiction and powers of such city or town council, or an ordinance amending or repealing any prior ordinance or ordinances. Such petition shall be filed with the city or town clerk. It shall be the duty of the city or town clerk to present the same to the council at its first meeting next following the filing of the petition. The council may, within sixty days after the presentation of the petition to the council, pass an ordinance similar to that proposed in the petition, either in exact terms or with such changes, amendments, or modifications as the council may decide upon. If the ordinance proposed by the petition be passed without change, it shall not be submitted to the people, unless a petition for referendum demanding such submission shall be filed under the provisions of this act. If the council shall have made any change in the proposed ordinance, a suit may be brought in the district court in and for the county in which the city or town is situated, to determine whether or not the change is material. Such suit may be brought in the name of any one or more of the petitioners. The city shall be made the party defendant. Any elector of the city or town may appear in such suit in person or by counsel on the hearing thereof, but the court shall have the power to limit the number of counsel who shall be heard on either side, and the time to be allowed for argument. It shall only be necessary to state in the complaint that a petition for an ordinance was filed in pursuance of this act; that the city council passed an ordinance on the subject different from that proposed in the petition; and that the plaintiff desires a construction of the ordinance so passed to determine whether or not it differ materially from that proposed. The petition and the ordinance proposed thereby, and the ordinance actually passed, may be set out in the complaint, or copies thereof annexed to the complaint. The names to the petition need not be set out. Such cases shall be advanced and brought to hearing as speedily as possible, and have precedence over other cases, except criminal and taxation cases. The court shall have jurisdiction in such cases to determine whether or not the change made by the city council is material, and also whether the petition was regular in form or substance, and shall also have power to decide, if the fact be put in issue by the defendant, whether or not the petition was signed by a sufficient number of voters and was regular in form. If the court shall decide that the change was material and that the petition was regular in form and signed by a sufficient number of legal voters, then the ordinance proposed by the petition shall be submitted to the people as provided in this act. If the court shall decide that the ordinance passed by the council was not materially different from that proposed in the peti-

tion, or the petition was not regular in form, or not signed by a sufficient number of legal voters, the ordinance shall not be submitted to the people. If the court shall decide that the changes made by the council were material, but that the petition was irregular for some reason, or not properly or sufficiently signed, a new petition, regular in form, may be presented by the required number of legal voters, asking the council to submit such ordinance to the people, and thereupon the same shall be so submitted as provided in this act. If the council shall not, within sixty days, pass an ordinance on the subject of the ordinance proposed in the petition, then the ordinance proposed by the petition shall be submitted to the people. Before submitting such ordinance to the people, the mayor or city or town council may direct that a suit be brought in the district court in and for the county, in the name of the city or town, to determine whether the petition and ordinance are regular in form, and whether the ordinance so proposed would be valid and constitutional. The complaint shall name as defendants not less than ten nor more than twenty of the petitioners. In addition to the names of such defendants, in the caption of the complaint, there shall be added the words, "and all petitioners whose names appear on the petition for an ordinance filed on the..... day of....., in the year.....," stating the date of the filing. The summons shall be similarly directed and shall be served on the defendants named therein, and in addition thereto shall be published at least once, at the expense of the city, in at least one newspaper published in the city or town. In all suits brought under this section the decision of the district court shall be final except in cases where it shall decide that the proposed ordinance would be unconstitutional or invalid as being beyond the powers of the city or town council, and in such excepted cases the petitioners, or any of them, may appeal to the supreme court as in other cases, but shall not be required to give any bond for costs. The decision of the district court holding such ordinance valid or constitutional shall not, however, prevent the question being raised subsequently, if the ordinance shall be passed and go into effect, by any one affected by the ordinance. No costs shall be allowed to either side in suits or appeals under this section.

History: Sec. 3266, Rev. C. 1907.

Note.—Sections 5058 to 5068 were enacted as chapter 167, Laws of 1907, appearing as sections 3266 to 3276, Revised Codes 1907.

The initiative and referendum provisions applicable to cities apply, and were evidently intended to apply only, to matters of general legislation in which all electors without distinction may take an active interest. Carlson v. City of Helena, 39 Mont. 82, 113, 102 Pac. 39, 17 Ann. Cas. 1233.

The adoption of the initiative and referendum as applied to municipal legislation, among other things, indicates that it is the policy of this state to confide to the citizens of municipalities the right of local self-control to the utmost extent compatible with an orderly system of state government. State ex rel. Gerry v. Edwards, 42 Mont. 135, 150, 111 Pac. 734, Ann. Cas. 1912A, 1063, 32 L. R. A. (N. S.) 1078.

Initiative and referendum provisions with respect to municipal corporations, see notes in 11 Ann. Cas. 920; Ann. Cas. 1916B, 819; Ann. Cas. 1918D, 604; 11 L. R. A. (N. S.) 1092; 33 L. R. A. (N. S.) 969; 50 L. R. A. (N. S.) 196; L. R. A. 1917B, 15.

5059. Submission of question at regular election. Any ordinance proposed by petition as aforesaid, which shall be entitled to be submitted to the people, shall be voted on at the next regular election to be held in the city or town, unless the petition therefor shall ask that the same be

submitted at a special election, and such petition be signed by not less than fifteen per cent. of the electors qualified to vote at the last preceding municipal election.

History: Sec. 3267, Rev. C. 1907.

5060. No ordinance to be effective until thirty days after passage. No ordinance or resolution passed by the council of any city or town shall become effective until thirty days after its passage, except general appropriation ordinances providing for the ordinary and current expenses of the city or town, excepting also emergency measures, and in the case of emergency measures the emergency must be expressed in the preamble or in the body of the measure, and the measure must receive a two-thirds vote of all the members elected. In emergency ordinances the resolutions shall include only such measures as are immediately necessary for the preservation of peace, health, and safety, and shall not include a franchise or license to a corporation or individual, nor any provisions for the sale of real estate, nor any lease or letting of any property for a period exceeding one year, nor the purchase or sale of personal property exceeding five thousand dollars in value.

History: Sec. 3268, Rev. C. 1907.

This section has no application to an ordinance providing for the issuance of water and sewer bonds after sanction of the taxpayers affected thereby has been obtained. The law has to do with matters of general legislation on which all electors, whether taxpayers or not, may vote, while the question whether bonds shall be issued can be submitted to taxpayers only. Carlson v. City of Helena, 39 Mont. 82, 113, 102 Pac. 39, 17 Ann. Cas. 1233.

Cited or applied as section 3276, Revised Codes, in State ex rel. Quintin v. Edwards, 40 Mont. 287, 298, 106 Pac. 695, 20 Ann. Cas. 239.

5061. Referendum petition. During the thirty days following the passage of any ordinance or resolution, five per cent. of the qualified electors of the city or town may, by petition addressed to the council and filed with the clerk of the city or town, demand that such ordinance or resolution, or any part or parts thereof, shall be submitted to the electors of the city or town.

History: Sec. 3269, Rev. C. 1907.

5062. Referendum to be had at regular election. Any measure on which a referendum is demanded under the provisions of this act shall be submitted to the electors of the city or town at the next municipal election; provided, the petition or petitions shall have been filed with the city clerk at least thirty days before such election. If such petition or petitions be signed by not less than fifteen per cent. of the qualified electors of the city or town, the measure shall be submitted at a special election to be held for the purpose.

History: Sec. 3270, Rev. C. 1907.

5063. Special election may be ordered. The city or town council may in any case order a special election on a measure proposed by the initiative, or when a referendum is demanded, or upon any ordinance passed by the city or town council, and may likewise submit to the electors, at a general election, any ordinance passed by the city or town council.

History: Sec. 3271, Rev. C. 1907.

5064. Proclamation of election. Whenever a measure is ready for submission to the electors, the clerk of the city or town shall, in writing, notify the mayor thereof, who, forthwith, shall issue a proclamation setting forth the measure and the date of the election or vote to be had thereon. Said proclamation shall be published four days in four consecutive weeks in each daily newspaper in the municipality, if there be such, otherwise in the weekly newspapers published in the city or town. In case there is no weekly newspaper published, the proclamation and the measure shall be posted conspicuously throughout the city or town.

History: Sec. 3272, Rev. C. 1907.

5065. Ballots and method of voting. The question to be balloted upon by the electors shall be printed on the initiative or referendum ballot, and the form shall be that prescribed by law for questions submitted at state elections. The referendum or initiative ballots shall be counted, canvassed, and returned by the regular board of judges, clerks, and officers, as votes for candidates for office are counted, canvassed, and returned. The returns for the questions submitted by the voters of the municipality shall be on separate sheets, and returned to the clerk of the municipality. The return shall be canvassed in the same manner as the returns of regular elections for municipal officers. The mayor of the municipality shall issue his proclamation, as soon as the result of the final canvass is known, giving the whole number of votes cast in the municipality for and against such measure, and it shall be published in like manner as other proclamations herein provided for. A measure accepted by the electors shall take effect five days after the vote is officially announced.

History: Sec. 3273, Rev. C. 1907.

5066. Qualifications of voters. The qualifications for voting on questions submitted to the electors, under the provisions hereof, shall be the same as those required for voting at municipal elections in the city or town at elections for mayor or aldermen thereof. And where, by the laws of the state, or by ordinance of the city or town made in pursuance thereof, electors are required to register in order to be qualified to vote at municipal elections, the registration book or books shall be prima facie evidence of the right to sign any petition herein provided for.

History: Sec. 3274, Rev. C. 1907.

5067. Forms of petitions. The form of petitions and the proceedings under this act shall conform as nearly as possible, with the necessary changes as to details, to the provisions of the laws of the state relating to the initiative and referendum, and be regulated by such laws, except as otherwise provided in this act. The city clerk shall perform the duties which, under the state laws, devolve upon the county clerk and secretary of state, in so far as the provisions relating thereto may be made to apply to the case of the city or town clerk; but it shall not be necessary to mail or distribute copies of the petitions or measures to the electors of the city or town.

History: Sec. 3275, Rev. C. 1907.

5068. To what ordinances applicable. The provisions of this act regarding the referendum shall not apply to ordinances which are required by any other law of the state to be submitted to the voters or the electors or taxpayers of any city or town.

History: Sec. 3276, Rev. C. 1907.

CHAPTER 45.

MUNICIPAL CONTRACTS AND FRANCHISES.

Section 5069. Officers Must Not Be Interested in Contracts.
5070. Awarding Contracts.
5071. Contractor—Oath of.
5072. Alteration and Modification of Contract—How Made.
5073. No Allowance for Extra Work.
5074. Franchise, How Granted.
5075. Grant of Franchise Must Be Submitted to Taxpaying Free-holders.
5076. Same—Notice of Election.
5077. When Voted, Council Must Pass Ordinance.

5069. Officers must not be interested in contracts. The mayor, or any member of the council, or any city or town officer, or any relative or employee thereof, must not be directly or indirectly interested in the profits of any contract entered into by the council while he is or was in office.

History: En Sec. 345, 5th Div. Comp. Stat. 1887, amd. Sec. 4806, Pol. C. 1895; re-en. Sec. 3277, Rev. C. 1907.

This section is not applicable to a mayor who was not interested in a contract made with the city, but who agreed, after the contract was accepted and filed with the proper official, to take stock in a corporation succeeding to the rights of the original contractor. State v. Great Falls City Council, 19 Mont. 518, 530, 49 Pac. 15.

Stockholder of corporation as interested party in contract between corporation and municipal council of which he is a member, see notes in 21 Ann. Cas. 912; Ann. Cas. 1916A, 77.

Liability of municipality under executed contract in which officer is interested, see notes in 3 Ann. Cas. 672; Ann. Cas. 1912D, 1132.

5070. Awarding contracts. All contracts for work, or for supplies or material, for which must be paid a sum exceeding two hundred and fifty dollars, must be let to the lowest responsible bidder, under such regulations as the council may prescribe; provided, that no contract shall be let extending over a period of three years, or more, without first submitting the question to a vote of the resident taxpayers of said city or town.

History: En. Sec. 1, Ch. 48, L. 1907; re-en. Sec. 3278, Rev. C. 1907.

To successfully attack the letting of a contract for a municipal improvement, it must be shown that the contract was not let to the lowest responsible bidder, that there was not any opportunity afforded for competitive bidding, or that there was collusion or bad faith on the part of the council or such gross mistake as to preclude the exercise of sound judgment. O'Brien v. Drinkenberg, 41 Mont. 538, 550, 111 Pac. 137.

This section is designed to prevent favoritism and to secure to the public the best possible return for the expenditure of the funds which the property owners are required to furnish, through the payment of taxes and assessments. Ford v. City of Great Falls, 46 Mont. 292, 309, 127 Pac. 1004.

Where a city council incorporated in a resolution ordering the paving of a street, as well as in the call for bids, the requirement that in the construction of the pavement certain patented processes and compounds should be used, and the company controlling the patent agreed that the cost of such material, which constituted only a part of the gross cost of the improvement, should be the same to all bidders, while in

other respects, such as the cost of labor, other material, etc., the principle of competition was retained, the proceedings were not void as being violative of this section. Ford v. City of Great Falls, 46 Mont. 292, 311, 127 Pac. 1004.

The requirement of this section extends to and includes expenditures made from the general revenues of the municipality, as well as from funds derived from special assessments. Ford v. City of Great Falls, 46 Mont. 292, 313, 127 Pac. 1004.

Under the exclusive rather than directory nature of the limitation upon the power of cities to let contracts prescribed by this section, a contract entered into by a city with a street railway company, according to the terms of which the latter was to be paid the cost of removing and replacing its tracks on certain streets to enable the former to lay sewers, was void, it not having been let to the lowest responsible bidder as required by the statute. Missoula St. Ry. Co. v. City of Missoula, 47 Mont. 85, 95, 130 Pac. 771.

A contract with a city for the construction of a system of waterworks is governed by the provisions of this section and sections 5071 to 5073. City of Forsyth v. Crellin, 210 Fed. 835, 838.

5071. Contractor—Oath of. No money must be paid to any person claiming under a contract with the council, until such person has first filed with the clerk a statement, under oath, disclosing the names of all persons directly or indirectly interested in the contract, of the proceeds or profits thereof, declaring that no persons other than those named are interested, and that no person forbidden by this title has any interest in the same.

5072. Alteration and modification of contract—How made. When it becomes necessary, in the prosecution of any work, to make alterations or modifications of the specifications or plans of a contract, such alteration or modification must only be made by resolution of the council, and such resolution is of no effect until the price to be paid for the same is agreed to in writing, and signed by the contractor and approved by the council.

Cited or applied as section 3280, Revised Codes, in City of Forsyth v. Crellin, 210 Fed. 835, 837.

5073. No allowance for extra work. No contractor must be allowed anything for extra work caused by an alteration or modification, unless a resolution is made and an agreement signed as provided in the preceding section, nor must he in any case be allowed more for such alteration than the price fixed by such agreement.

5074. Franchise, how granted. The council must not grant a franchise or special privilege to any person save and except in the manner specified

in the next section. The powers of the council are those only expressly prescribed by law and those necessarily incident thereto.

History: En. Sec. 4813, Pol. C. 1895; re-en. Sec. 3290, Rev. C. 1907; amd. Sec. 1, Ch. 29, L. 1921.

5075. Grant of franchise must be submitted to tax-paying freeholders. No franchise for any purpose whatsoever shall be granted by any city or town, or by the mayor or city council thereof, to any person or persons, association, or corporation, without first submitting the application therefor to the resident freeholders whose names shall appear on the city or county tax-roll preceding such election.

History: En. Sec. 1, Ch. 85, L. 1903; re-en. Sec. 3291, Rev. C. 1907.

A city is prohibited from granting a franchise to a gas company to lay its mains in its streets, until the application for it has first been submitted to and approved by the qualified electors. State ex rel. Billings v. Billings Gas Co., 55 Mont. 102, 108, 173 Pac. 799.

Grant by municipal corporation of perpetual franchise to public service corporation, see note in 2 A. L. R. 1110.

5076. Same—Notice of election. A notice of such election must be published at least in one daily newspaper, if there be one published in the city or town, and if not, in some weekly newspaper of general circulation, at least once a week for three successive weeks, and such notice must be posted in three public places in the city or town. The notice must state the time and place of holding the election, and the character of any such franchise applied for, and the valuable consideration, if any there be, to be derived by the city. At such election the ballots must contain the words, "For granting franchise," "Against granting franchise," and in voting, the elector must make a cross thus, "X," opposite the answer he intends to vote for. Such election must be conducted and canvassed and the return made in the same manner as other city or town elections.

History: En. Sec. 2, Ch. 85, L. 1903; re-en. Sec. 3292, Rev. C. 1907.

5077. When voted, council must pass ordinance. If the majority of votes cast at the election be "For granting franchise," the mayor and city council must thereupon grant the same by the passage and approval of a proper ordinance.

CHAPTER 46.

PRESENTATION AND PAYMENT OF CLAIMS—CITY WARRANTS.

Section 5078. Presentation of Claims—Limitation of Actions.
5079. Allowance and Payment of Claims—Cash Basis.
5080. Defective Highways—Notice of Claim for Injuries.
5081. City Warrants—Rate of Interest.
5082. Call for Payment.
5083. Registry of Warrants.

5078. Presentation of claims—Limitation of actions. All accounts and demands against a city or town must be presented to the council duly itemized and accompanied by an affidavit by the party or his agent, stating the same to be a true and correct account against the city or town for the full amount for which the same is presented, and that the same accrued as set forth, and with all necessary and proper vouchers, within

one year from the date the same accrued; and any claim or demand not so presented within the time aforesaid is forever barred, and the council has no authority to allow any account or demand not so presented, nor must any action be maintained against the city or town for or on account of any demand or claim against the same, until such demand or claim has first been presented to the council for action thereon; provided, however, that in case the total indebtedness of a city or town has reached three per centum of the total assessed valuation of the taxable property of such city or town, as ascertained by the last assessment for state and county taxes, it shall be lawful for, and such city or town is hereby authorized and empowered, to conduct its affairs and business on a cash basis as provided and contemplated by the next section of this code.

History: En. Sec. 4812 Pol. C. 1895; re-en. Sec. 2, Ch. 30, L. 1903; re-en. Sec. 3288, Rev. C. 1907.

The provision of this section, requiring claims against a city to be verified and filed with the municipality, has no application to a claim for salary fixed by ordinance; hence a police officer was under no obligation to so present his claim to entitle him to recover his salary for the time he was unlawfully deprived of his office. Wynne v. City of Butte, 45 Mont. 417, 423, 123 Pac. 531.

Under this section, if moneys paid under protest, for a special assessment in an improvement district, are not for a "tax, license, or other demand for public revenue," such payment, if it can form the basis of an action at all, stands as a mere demand against the city, not suable until after presentation to and disallowance by the city council, which presentation and disallowance must appear upon the face of the complaint. Leggat v. City of Butte, 54 Mont. 137, 140, 168 Pac. 38.

This section was evidently intended to cover claims against the city arising in the ordinary course in carrying on the city government, in providing for the city's welfare in sundry directions, and in transacting the business and economic affairs of the city, but not on such contracts as are specifically provided for, which it must be presumed are designed to contain their own specific provisions, and, among other material and essential conditions, stipulations respecting the time and manner of the payment of the consideration on the part of the city. City of Forsyth v. Crellin, 210 Fed. 835, 838.

Character of claims within statute requiring presentation as a condition of municipal liability, see note in 50 L. R. A. (N. S.) 174.

5079. Allowance and payment of claims—Cash basis. All accounts and demands against a city or town must be submitted to the council, and if found correct, must be allowed and an order made that the demand be paid, upon which the mayor must draw a warrant upon the treasurer in favor of the owner, specifying for what purpose and by what authority it is issued, and out of what funds it is to be paid, and the treasurer must pay the same out of the proper fund; provided, however, that in case the total indebtedness of a city or town has reached the limit of three per cent. provided in section 6 of article XIII of the constitution of the state of Montana, it shall be lawful for, and said city or town is hereby authorized and empowered, to thereafter manage and conduct its business affairs on a cash basis and pay the reasonable and necessary current expenses of the city or town out of the cash in the city or town treasury and derived from its current revenues, under such restrictions

and regulations as the city or town council may by ordinance prescribe; and in the event that payment be made in advance, the city or town shall have power to require a cash deposit as collateral security and indemnity, equal in amount to such payment, and may hold the same as a special deposit with the city treasurer, in package form, as a pledge for the fulfilment and performance of the contract or obligation for which said advance shall have been made; and provided, further, that before the payment of the current expenses above mentioned, the city or town council shall first set apart sufficient moneys to pay the interest upon its legal, valid, outstanding bonded indebtedness and any sinking funds therein provided for, and shall be authorized to pay all valid claims against funds raised by tax especially authorized by law for the purpose of paying such claims.

History: En. Sec. 1, Ch. 30, L. 1903; re-en. Sec. 3287, Rev. C. 1907.

Where a city had exceeded its debt limit, it could not incur an indebtedness not payable from a specially authorized tax, but payable from funds previously appropriated, under an agreement that the claimants should accept warrants in payment of their claims, and if the warrant should not be paid, the city should not be liable therefor. The payment of such claims on the theory that the appropriation by ordinance was an assignment of the funds so appropriated for the payment of the claims was unauthorized. Helena W. W. Co. v. City of Helena, 27 Mont. 205, 208, 70 Pac. 513.

The provisions of this and the following section do not apply to a claim for damages arising from personal injuries. Dawes v. City of Great Falls, 31 Mont. 9, 13, 77 Pac. 309.

The determination of what is a current expense is for the courts; but the determination of the city council as to whether a particular current expense is reasonable and necessary is not subject to review by the courts in the absence of fraud or abuse of discretion. Helena W. W. Co. v. City of Helena, 31 Mont. 243, 247, 78 Pac. 220. See State ex rel. Rowling v. Mayor of Butte, 43 Mont. 321, 335, 117 Pac. 604.

The term "current" was doubtless employed by the legislature to distinguish the common, recurring, running expenses of a city from such expenses as partake of the nature of an investment, or such as are to be incurred in a substantial or permanent improvement. Helena W. W. Co. v. City of Helena, 31 Mont. 243, 248, 78 Pac. 220.

An expenditure to install and operate a water system to belong to the city is not for current expenses, and not authorized by this statute. Helena W. W. Co. v. City of Helena, 31 Mont. 243, 248, 78 Pac. 220.

A city which is indebted beyond the constitutional limitation may not use its surplus revenues, no matter from what source derived, to acquire an electric light plant to supply itself and its inhabitants with light, where a company, operating both gas and electric light systems, under a franchise from the city, has ample facilities to meet all requirements. An expenditure of this character does not fall within the definition of "reasonable and necessary current expenses" which a city, laboring under such disability, has power to incur under this and the following section. Palmer v. City of Helena, 40 Mont. 498, 504, 107 Pac. 512.

This section and the one following were enacted to permit cities, which have reached their constitutional limit of indebtedness, to conduct their affairs upon a cash basis and pay reasonable and necessary current expenses out of current revenues, or in cash in advance, upon requiring indemnity in the form of a cash deposit, to be held by the treasurer. Palmer v. City of Helena, 40 Mont. 498, 505, 107 Pac. 512.

Under this and the next succeeding section, a city, which is indebted in excess of the limit prescribed by the constitution, is permitted to conduct its affairs upon a cash basis and pay "reasonable and necessary current expenses from its current revenues," but the authority of such a city extends no further than to make expenditures both reasonable and necessary for the corporate existence of the city; in other words, the right to expend public money is limited to those items of expense which may properly be designated as "living expenses." Palmer v. City of Helena, 40 Mont. 498, 507, 107 Pac. 512.

A city which, having reached the constitutional limit of indebtedness, finds itself in financial straits, will not be heard to say, in defense of its violation of a civil service statute in removing a fireman contrary to its provisions, that it did so to reduce expenses, where it has failed to take advantage of this and the following section, authorizing cities in such condition to pay their running expenses from current revenues upon a cash basis. State ex rel. Driffill v. City of Anaconda, 41 Mont. 577, 584, 111 Pac. 345.

Cited or applied as section 3287, Revised Codes, in Larkin v. City of Butte, 52 Mont. 410, 413, 158 Pac. 316.

Right of municipal corporation to reconsider action as to allowance of claim, see note in 21 L. R. A. (N. S.) 289.

5080. Defective highways—Notice of claim for injuries. Before any city or town in this state shall be liable for damages for, or on account of, any injury or loss alleged to have been received or suffered by reason of any defect in any bridge, street, road, sidewalk, culvert, park, public ground, ferry-boat, or public works of any kind in said city or town, the person so alleged to be injured, or some one in his behalf, shall give to the city or town council, or trustee, or other governing body of such city or town, within sixty days after the alleged injury, notice thereof; said notice to contain the time when and the place where said injury is alleged to have occurred.

History: En. Sec. 1, Ch. 93, L. 1903; re-en. Sec. 3289, Rev. C. 1907.

Where, in an action against a city for personal injuries, a notice of claim for damages, marked "filed" by the city clerk, and bearing an indorsement that the claim had been referred to the judiciary committee of the council and disallowed, was received in evidence without objction, the requirements of this section were sufficiently complied with. O'Flynn v. City of Butte, 36 Mont. 493, 498, 93 Pac. 643.

The words "any defect in any sidewalk," found in this section, refer to any and every defect, deficiency, or obstruction likely to interfere with the proper use of the walk, such as an accumulation of snow and ice, etc., and not merely to some structural deficiency in the walk itself. Tonn v. City of Helena, 42 Mont. 127, 133, 111 Pac. 715, 36 L. R. A. (N. S.) 1136.

This section, requiring the giving of notice of a personal injury, occasioned by a defective sidewalk, as a prerequisite to the recovery of damages from the city or town, is not unconstitutional as making an unjust discrimination in favor of municipalities and against all others who may be defendants in personal injury actions; the classification made by the section is not unreasonable, and, where all cities and towns are treated alike, it cannot be said that the particular city or town in which the injury occurred is granted a special immunity, where the notice provided for has not been given. Tonn v. City of Helena, 42 Mont. 127, 133, 111 Pac. 715, 36 L. R. A. (N. S.) 1136.

The purpose of this section is to require that notice of any injury arising from a defective sidewalk, street, etc., shall be given to the city, not alone that the city may have an opportunity to examine the place where the injury occurred, and consult those who may be witnesses, but as well to enable the city to settle the claim and avoid the expense of litigation if investigation discloses a legal liability on its part. For this reason it is not sufficient that the city officers had notice of the defect. It is knowledge of the injury which the statute requires shall be brought to the attention of the city authorities. Tonn v. City of Helena, 42 Mont. 127, 133, 111 Pac. 715, 36 L. R. A. (N. S.) 1136; Eby v. City of Lewistown, 55 Mont. 113, 122, 173 Pac. 1163.

The provisions of this section are applicable alike to injuries to person and injuries to property, and the same reason exists for notice in both cases. A complaint in an action against a city for damages to plaintiff's premises occasioned by a defective sewer pipe, which failed to allege that the notice required by the section had been given, did not state a cause of action. Butte Machinery Co. v. City of Butte, 43 Mont. 351, 352, 116 Pac. 357; overruled in Kelly v. City of Butte, 44 Mont. 115, 118, 119 Pac. 171.

The giving of notice of injury is prima facie sufficient where, upon its face, it purports to have been given, in the plaintiff's behalf, by the attorneys who brought the action for him. McEnaney v. City of Butte, 43 Mont. 526, 533, 117 Pac. 893.

Where plaintiff sued defendant city for flooding his mine by reason of a defective plan adopted for the construction of a sewer, the cause of injury was not a "defect," within the meaning of this section. Kelly v. City of Butte, 44 Mont. 115, 117, 119 Pac. 171.

This section, having been enacted under the title, "an act relating to actions against cities and towns for damages to persons injured on streets and other public grounds by reason of the negligence of any public officer, agent, or employee in any city or town in Montana" (Laws 1903, c. 93), such section applies only to injuries to persons, as distinguished from injuries to property. Kelly v. City of Butte, 44 Mont. 115, 118, 119 Pac. 171; overruling Butte Machinery Co. v. City of Butte, 43 Mont. 351, 116 Pac. 357.

This section is sufficiently complied with by filing the notice with the city clerk, and the failure of the city council to meet for

sixty days does not defeat the injured party's right to sue. Tiggerman v. City of Butte, 44 Mont. 138, 142, 119 Pac. 477; Hensley v. City of Butte, 36 Mont. 32, 37, 92 Pac. 34, Distinguished.

A notice, signed in behalf of the injured person by his attorney, is sufficient under the provisions of this section, the acts of the attorney being presumed to be regular and by authority, especially where the objection to the signature was not made in the trial court. Pullen v. City of Butte, 45 Mont. 46, 55, 121 Pac. 878.

Matter additional to that required by this section to be stated in the notice must be treated as surplusage. Irving v. Town of Stevensville, 51 Mont. 44, 46, 149 Pac. 483.

Where, from the description of the place at which an accident due to a defective sidewalk happened, given in the notice to the city council required by statute, it inferentially, though not in terms, appeared that the injury occurred within the city limits, it was sufficient; the members of the council being presumed to know the limits of their jurisdiction. Murray v. City of Butte, 51 Mont. 258, 264, 151 Pac. 1051.

In an action against a city to recover for personal injuries alleged to have been sustained by reason of the defective condition of a sidewalk, the plaintiff cannot prevail without affirmatively establishing the fact that the notice required by this section has been given, no matter how meritorious his claim may be. Where no testimony whatever was presented as to who filed, presented, or received the notice, it was fatal to a judgment in favor of the plaintiff. Murray v. City of Butte, 51 Mont. 258, 265, 151 Pac. 1051.

Neither indorsement nor signature by the city clerk is essential to prove the giving of the notice to a city required by this section. The fact may be established by any competent evidence, such as that the filing mark was in the handwriting of the city clerk or one of his deputies, that it was made at his office, or that the notice had been called to the attention of the council. Murray v. City of Butte, 51 Mont. 258, 265, 151 Pac. 1051.

A city of this state is one of its governmental agencies, and enjoys such privileges and is subject to such liabilities only as are imposed by law, and when conditions are attached to the enforcement of such liabilities as are imposed upon a city, the latter may rightfully insist upon a strict compliance with the conditions as in case of a notice of injury required by this section. Berry v. City of Helena, 56 Mont. 122, 126, 182 Pac. 117.

This section is not in any sense a statute of limitations, which the municipality may waive or not, as it may choose, but its provisions are intended for the benefit of the public, and the notice prescribed must have been given before any liability whatever attaches. Berry v. City of Helena, 56 Mont. 122, 126, 182 Pac. 117.

The notice which must be given a city by one who claims to have sustained personal injuries by reason of a fall upon an ice-covered sidewalk must contain, among other things, an accurate statement of the time when they were received, on giving the time as "on or about" a certain day, when in fact the accident had occurred two days later, not meeting the requirement. Berry v. City of Helena, 56 Mont. 122, 127, 182 Pac. 117.

Compliance with this section is a necessary prerequisite to plaintiff's right of action, and an appropriate allegation of such compliance is an indispensable part of the statement of a cause of action. Berry v. City of Helena, 56 Mont. 122, 128, 182 Pac. 117.

The notice required by this section is not subject to amendment, and at the expiration of the time limited by that section the claimant is bound by the one he has served, and his right to institute an action is to be tested by it and none other. Berry v. City of Helena, 56 Mont. 122, 128, 182 Pac. 117.

5081. City warrants—Rate of interest. When any warrant, drawn upon the treasurer of a city or town, pursuant to any ordinance or resolution or direction of the council of such city or town, is presented to the

city or town treasurer for payment, and the same is not paid for want of funds, such treasurer must indorse thereon "Not paid for want of funds," annexing the date of presentation, and sign his name thereto; and from that time until such warrant is called for payment the warrant shall bear interest at a rate fixed by ordinance, and not to exceed six per cent. per annum.

5082. Call for payment. When there are moneys in the city or town treasury applicable to the payment of any warrants drawing interest, sufficient to pay the same, the city or town treasurer must give notice in some newspaper published in such city or town, or if none is published therein, then by written notice posted in a conspicuous place on the outer door of the office of the city treasurer, stating that he is ready to pay the said warrants, and giving the number of the warrants to be paid. From the time of the first publication or posting of such notice the warrants so called shall cease to draw interest.

History: En. Sec. 2, p. 75, L. 1897; re-en. Sec. 3285, Rev. C. 1907.

5083. Registry of warrants. Upon the presentation of any warrant or warrants indorsed, as specified in section 5081 of this code, it shall be the duty of the city treasurer to record the same in a book to be provided for that purpose, the date of such presentation, the number and date of the warrant, to whom payable, the fund on which drawn, and the amount thereof, and all warrants to be redeemed, as provided for in the preceding section, shall be redeemed in the order of their registration, beginning with the date of the warrant so first registered.

5086. Cities and Towns Responsible for Damages by Mobs and Riots.

5084. Judgments against cities and towns—Mode of payment. On the certificate of a justice of the peace or the clerk of the court in which any judgment is rendered, showing the amount of the judgment and the date of its entry, the council must, by ordinance, direct that the amount of such judgment be paid out of the general fund, and that a warrant issue therefor on the general fund if there is sufficient money therein, exclusive of the appropriations for the current fiscal year, to pay the same, and the council must at the proper times levy and cause to be collected a tax on all the property of the city or town for the payment of such judgment within a period of three years from its presentation, if there is not sufficient money as aforesaid in the general fund to pay the same.

History: En. Sec. 5037, Pol. C. 1895; re-en. Sec. 3486, Rev. C. 1907. Cal. Pol. C. Sec. 4455.

5085. Judgment may be funded. If any judgment rendered against any town or city exceeds the sum of ten thousand dollars, the council may fund the same as other indebtedness against the city or town is funded.

History: En. Sec. 5038, Pol. C. 1895; re-en. Sec. 3487, Rev. C. 1907.

5086. Cities and towns responsible for damages by mobs and riots. Every city or town is responsible for injuries to real or personal property within its corporate limits, done or caused by mobs or riots.

History: En. Sec. 5036, Pol. C. 1895; re-en. Sec. 3485, Rev. C. 1907. Cal. Pol. C. Sec. 4452.

The sole purpose of this section was to create a liability which did not exist at common law, and to impose a new burden upon municipal corporations. It does not indicate a legislative intent to exempt cities from liability for all other torts than those mentioned therein. May v. City of Anaconda, 26 Mont. 140, 142, 66 Pac. 759.

The liability of a city for damages to property through riots or mobs is absolute, except where the plaintiff owner by his own unlawful conduct induced the injury for which he seeks damages, in which event he cannot recover. Butte Miners' Union v. City of Butte, 58 Mont. 391, 401, 194 Pac. 149.

The bare fact that the plaintiff labor union had stored arms and ammunition in its building to protect its property and the lives of its members was not alone sufficient to defeat its right to recover damages, since the right to protect property and to bear arms in defense of person and property is guaranteed by the constitution. Butte Miners' Union v. City of Butte, 58 Mont. 391, 401, 194 Pac. 149.

The purpose of this statute is not only to create municipal liability, but to instill in the minds of every person liable to contribute to the public expense, a will to discourage violence and to stimulate effort to preserve public safety. Butte Miners' Union v. City of Butte, 58 Mont. 391, 399, 194 Pac. 149.

What constitutes mob or riot for which municipality is liable, see notes in 11 Ann. Cas. 185; 18 Ann. Cas. 151; 10 L. R. A. (N. S.) 925; L. R. A. 1918C, 239.

Liability of municipality for damages caused by mob as dependent on notice to authorities, see notes in 8 Ann. Cas. 465; Ann. Cas. 1916A, 326.

Liability of municipality for property destroyed by mob, see notes in 24 L. R. A. 592; 44 L. R. A. (N. S.) 358.

Liability of municipality for failure to prevent riot in street, see note in 23 L. R. A. (N. S.) 1190.

Liability of municipality for acts of prisoners in jail forming mob, see note in Ann. Cas. 1916D, 190.

5088. Jurisdiction of police courts. The police court has concurrent jurisdiction with the justice of the peace of the following public offenses committed within the county:

1. Petit larceny.

2. Assault and battery, not charged to have been committed upon a public officer in the discharge of his official duty, or with intent to kill.

3. Breaches of the peace, riots, affrays, committing wilful injury to property, and all misdemeanors punishable by fine not exceeding five hundred dollars, or by imprisonment not exceeding six months, or by both fine and imprisonment.

4. Proceedings respecting vagrants, lewd, or disorderly persons. Such offenses must be prosecuted in the name of the state of Montana.

Said police court shall have no jurisdiction of any civil cause, except as provided in the next section.

History: En. Sec. 4911, Pol. C. 1895; amd. Sec. 1, Ch. 16, L. 1903; re-en. Sec. 3297, Rev. C. 1907. Cal. Pol. C. Sec. 4426.

A justice of the peace had jurisdiction under the above section, as it existed prior to its amendment, over misdemeanors committed in a town or city within his township. In re Ryan, 20 Mont. 64, 67, 50 Pac. 129.

This section and section 5091 merely confer jurisdiction upon the police court or judge in the cases and proceedings enumerated; the compensation to which he is entitled is provided for elsewhere in the code. State ex rel. Rowe v. District Court, 44 Mont. 318, 322, 119 Pac. 1103, Ann. Cas. 1913B, 396.

May judges of police courts be vested or burdened with powers or duties of a judicial character, see note in 19 L. R. A. (N. S.) 615.

Power of police court to punish for contempt, see note in 8 A. L. R. 1564.

1. Of all proceedings for the violation of any ordinance of the city or town, both civil and criminal, which must be prosecuted in the name of the city or town;

2. Of any action for the collection of taxes and assessments levied for city or town purposes; or for the erection or improvement of public buildings; for the laying out, or opening, or improving any public street or sidewalk, alley, or bridge; or for the purchase of or the improvement of any public grounds; or for any and all public improvements made or ordered by the city or town within its limits, when the amount of the tax or assessments sought to be collected against the person assessed does not exceed three hundred dollars; but no lien upon the property taxed or assessed for the non-payment of the taxes or assessment can be foreclosed in any such action;

3. Of an action for the collection of money due to the city or town or from the city or town to any person, when the amount sought to be collected, exclusive of interest and costs, does not exceed three hundred dollars;

4. For the breach of any official bond given by any city or town officer, and for the breach of any contract, and any action for damages in which the city or town is a party, or is in any way interested; and all forfeited recognizances given to or for the benefit or in behalf of the city

or town; and upon all bonds given upon any appeal taken from the judgment of the court in any action above named, where the amount claimed, exclusive of costs, does not exceed three hundred dollars;

5. For the recovery of personal property belonging to the city or town, when the value of the property (exclusive of the damages for the taking or detention) does not exceed three hundred dollars; and,

6. Of an action for the collection of any license required by any ordinance of the city or town.

History: En. Sec. 4912, Pol. C. 1895; re-en. Sec. 3298, Rev. C. 1907. Cal. Pol. C. Sec. 4427.

Note.—For history of earlier acts see State ex rel. Rowe v. District Court, 45 Mont. 205-209, 122 Pac. 270.

Non-compliance with an ordinance, making it the duty of an occupant of premises within the limits of a city to keep a sidewalk free from snow and ice, is not in its essence a crime or misdemeanor, and actions arising therefrom are properly prosecuted in the name of the city. City of Helena v. Kent, 32 Mont. 279, 290, 80 Pac. 258, 4 Ann. Cas. 235; State ex rel. Streit v. Justice Court, 45 Mont. 375, 381, 123 Pac. 405, 48 L. R. A. (N. S.) 156. See also State ex rel. A justice of the peace, designated by the town council to act as police judge, has exclusive jurisdiction of all cases arising under the ordinances, in addition to his jurisdiction as a justice. State ex rel. Streit v. Justice Court, 45 Mont. 375, 380, 123 Pac. 405, 48 L. R. A. (N. S.) 156.

5090. When judge cannot act. In all cases in which the judge is a party, or in which he is interested, or when he is related to either party by consanguinty or affinity within the sixth degree, and in case of his sickness, absence, or inability to act, the police judge or mayor may call in a justice of the peace residing in the city or town to act in his place and stead.

5098. Examining Board for Police Department.
5099. Examination of Applicants for Position on Police Force.
5100. Presentation and Trials of Charges Against Policemen.
5101. Vacancies to Be Filled From Eligible List.
5102. Exemption of Members of Police Force.
5103. Members of the Police Department Not to Take Part in Political Conventions.
5104. Prohibited From Soliciting for Votes.
5105. City Council May Make Additional Regulations.
5106. Qualifications of Police Officer.
5107. Salary of Chief of Police.
5108. Repealing Clause.

5095. Police department. There shall be in every city and town of this state a police department, which shall be organized, managed, and controlled as in this act provided.

History: Sec. 3304, Rev. C. 1907.

Note.—Sections 5095 to 5108 were enacted as sections 1 to 14, chapter 136, Laws of 1907, appearing as sections 3304 to 3317, Revised Codes 1907.

The police force cannot be abolished as a whole, for under this section the city is required to maintain it; nor can it be abolished in part; the power of the city extends only to a reduction in its numbers for economical reasons, and it must be exercised in good faith. State ex rel. Quintin v. Edwards, 40 Mont. 287, 306, 106 Pac. 695, 20 Ann. Cas. 239.

The purpose of the legislature in enacting the metropolitan police law was to remove the police force as far as possible from the control of partisan political influences by putting it under civil service rules, and thus raise the standard of efficiency. State ex rel. Quintin v. Edwards, 40 Mont. 287, 303, 106 Pac. 695, 20 Ann. Cas. 239; State ex rel. Bennetts v. Duncan, 47 Mont. 447, 454, 133 Pac. 109.

A chief of police, whose duties are the same as those of the ordinary policeman, except that the additional one of supervision and control of the entire force is imposed upon him, is a "policeman," and, as such, after appointment under the act placing the police departments of cities under civil service rules, he is secure from removal from office in any other manner than that provided in the act. State ex rel. Wynne v. Quinn, 40 Mont. 472, 476, 107 Pac. 506.

The legislature, in enacting the "Police Commission Bill," employing, as it did, many expressions which are exclusive in their meaning, intended to supplant all existing legislation as to the mode of constituting the police departments of cities, and to put all members thereof under civil service rules. State ex rel. Wynne v. Quinn, 40 Mont. 472, 478, 107 Pac. 506.

The metropolitan police law, placing the police department under civil service rules, is mandatory as to cities of the first class, but is left optional with the authorities of

the smaller cities and towns whether they shall bring themselves within its provisions. State ex rel. Buckner v. Mayor of Butte, 41 Mont. 377, 382, 109 Pac. 710; Grush v. Bishop, 46 Mont. 97, 101, 126 Pac. 619.

The power to reduce the police force, as constituted under the metropolitan police law, if unnecessarily large or for economical reasons, resides in the city council, and not in the mayor. State ex rel. Rowling v. Mayor of Butte, 43 Mont. 331, 336, 117 Pac. 604.

The metropolitan police law contemplates that, in addition to the office of chief of police, which the act itself creates, there shall be different grades and other offices established by the city council, as indicated in section 4863, or by the mayor in the event the council fails to act, as shown by section 5096. State ex rel. Dwyer v. Duncan, 49 Mont. 54, 58, 140 Pac. 95.

Cited or applied as chapter 136, p. 344, Laws 1907, in State ex rel. Quintin v. Edwards, 38 Mont. 250, 256, 99 Pac. 940; as section 3304, Revised Codes, in State ex rel. Bailey v. Edwards, 40 Mont. 313, 316, 106 Pac. 703; State ex rel. Rowling v. District Court, 41 Mont. 532, 533, 110 Pac. 86; Wynne v. City of Butte, 45 Mont. 417, 421, 123 Pac. 531; Larkin v. City of Butte, 52 Mont. 410, 412, 158 Pac. 316.

Validity of statutes creating metropolitan police, see notes in 8 Ann. Cas. 1103; Ann. Cas. 1917D, 1112.

Policeman as public officer, see notes in Ann. Cas. 1914D, 1235; Ann. Cas. 1917B, 663; 36 L. R. A. (N. S.) 881.

5096. Mayor to have charge of police department. The mayor of all cities and towns shall have charge of and supervision over the police department thereof. He shall appoint all the members and officers thereof. Subject to the provisions of this act, he shall have the power to suspend or remove any member or officer of the force. He shall make rules and regulations, not inconsistent with the provisions of this act, the other laws of the state, or the ordinances of the city or town council, for the government, direction, management, and discipline of the police force.

History: Sec. 3305, Rev. C. 1907.

This section is wholly inconsistent with the notion that the mayor, or the council, or both together, may appoint or remove any member of the department in any other manner than that prescribed in the later law of which the section forms a part. State ex rel. Wynne v. Quinn, 40 Mont. 472, 479, 107 Pac. 506.

If the mayor of a city puts members of the police department out of active service, but afterwards complies with an order of court to reinstate them, and, after they have served a short time, again retires them, he is not in contempt. State ex rel. Rowling v. District Court, 41 Mont. 532, 534, 110 Pac. 86.

In proceedings, under writ of supervisory control, to review the action of the district court in holding that the mayor of a city, to whom a writ of mandate had been issued to restore certain policemen to their offices, from which they had been unlawfully ousted by him under the provisions of the metropolitan police law, the only question presented to the appellate court for determination was whether said mayor had actually in good faith obeyed the order by restoring the officers to their places. Under these circumstances, the question whether the mayor could relieve the men from active duty and place them on the eligible list, and other kindred propositions not theretofore presented to the district court for adjudication, were not properly determinable. State ex rel. Rowling v. District Court, 41 Mont. 532, 534, 110 Pac. 86.

A city ordinance, providing for the organization of the police department of the city, in conformity with the statute governing that matter, has, when duly passed, the force and effect of a statute. State ex rel. Dwyer v. Duncan, 49 Mont. 54, 59, 140 Pac. 95.

Cited or applied as section 3305, Revised Codes, in State ex rel. Quintin v. Edwards, 40 Mont. 287, 302, 106 Pac. 695, 20 Ann. Cas. 239; Larkin v. City of Butte, 52 Mont. 410, 412, 158 Pac. 316.

5097. Terms of members of the police force. All applicants for appointments to the police force, if appointed by the mayor and confirmed by the city council, shall first serve for a probationary term, and at any time within six months of said appointment or at the end of said period, the mayor may, by and with the approval of a majority of the city council, discharge such applicants, or he may at the end of said period of six months, with the approval of a majority of the council, confirm the appoint-

ment of any such applicants to membership in the police department, and, if so confirmed, they shall hold during good behavior, or until by age or disease they become incapacitated to discharge their duties, and if not so confirmed, the term of such applicants shall expire at the end of six months from the date of appointment.

History Sec. 3306, Rev. C. 1907; amd. Sec. 1, Ch. 198, L. 1921.

A policeman, discharged contrary to the provisions of the metropolitan police law, is not guilty of laches in delaying, for thirteen months, to take any action by mandamus for his reinstatement, where he is awaiting the final decision of law questions in a similar pending proceeding. State ex rel. Bennetts v. Duncan, 47 Mont. 447, 452, 133 Pac. 109.

It is obligatory upon the mayor of a city to appoint to permanent service on the police force a policeman who, after service for the probationary term of six months, has demonstrated his fitness for the position. State ex rel. Bennetts v. Duncan, 47 Mont. 447, 455, 133 Pac. 109.

Cited or applied as section 3306, Revised Codes, in State ex rel. Quintin v. Edwards, 40 Mont. 287, 302, 106 Pac. 695, 20 Ann. Cas. 239; State ex rel. Wynne v. Quinn, 40 Mont. 472, 477, 107 Pac. 506; Grush v. Bishop, 46 Mont. 97, 100, 126 Pac. 619; Larkin v. City of Butte, 52 Mont. 410, 412, 158 Pac. 316; State ex rel. Breen v. Mayor of City of Butte, 58 Mont. 116, 118, 190 Pac. 991.

Removal of police officers by state, see note in Ann. Cas. 1918B, 145.

5098. Examining board for police department. In cities of the first class the mayor shall nominate, and with the consent of the council appoint, three residents of such city, who shall have the qualifications required by law to hold a municipal office therein, and who shall constitute a board to be known by the name of "The Examining and Trial Board of the Police Department," and who shall hold office for two years, and until their successors are appointed and qualified. The council of any town or city, other than a city of the first class, may provide by ordinance for such a board in any such town or city. The compensation of the members of such board shall be fixed by the council, but shall not exceed ten dollars per day, nor more than fifty dollars per month for each member, in cities of the first class; nor more than five dollars per day, nor more than twenty-five dollars per month for each member, in any other city, or in any town.

History: Sec. 3307, Rev. C. 1907.

The law, in effect, commands that there shall be an examining and trial board of the police department, the members of which the mayor is required to nominate, and as to cities of the first class the law is mandatory, and, as to other cities and towns, it is permissive only. State ex rel. Buckner v. Mayor of Butte, 41 Mont. 377, 383, 109 Pac. 710.

Where the mayor of a city of the first class had appointed three residents to constitute the examining and trial board of the police department created by this section, such persons, having qualified, were de facto officers whose official acts were legal, notwithstanding the city council repeatedly refused to confirm them. State ex rel. Buckner v. Mayor of Butte, 41 Mont. 377, 385, 109 Pac. 710.

Cited or applied as section 3307, Revised Codes, in State ex rel. Quintin v. Edwards, 40 Mont. 287, 302, 106 Pac. 695, 20 Ann. Cas. 239; State ex rel. Wynne v. Quinn, 40 Mont. 472, 477, 107 Pac. 506; Grush v. Bishop, 46 Mont. 97, 100, 126 Pac. 619; State ex rel. Bennetts v. Duncan, 47 Mont. 447, 454, 133 Pac. 109.

5099. Examination of applicants for position on police force. All applicants for positions on the police force shall be required successfully to undergo an examination before this board, and to receive a certificate from said board that the applicant is qualified for appointment for the probationary period upon the police force. It shall be the duty of the board to examine all such applicants as to their legal, mental, moral, and physical qualifications and ability to fill the position of member of the

police department, and shall, subject to the approval of the mayor, make rules and regulations regarding such examinations not inconsistent with this act or the laws of the state. And said board shall also have the jurisdiction, and it shall be its duty to hear, try and decide all charges brought by any person or persons against any member or officer of the police department, including any charge that any such member or officer is incompetent or by age or disease, or otherwise has become incapacitated to discharge his duties. Notice of not less than two days must be given to the accused of any charge made against him and of the time set for the hearing and trial thereof. No member or officer of the police force in cities of the first class shall be discharged without a hearing or trial before said board, and if such a board be instituted in any city of any other class, or in any town, then the same rule shall prevail regarding hearings and trials and the right thereof as in cities of the first class. The mayor and the chief of police, subject to the approval of the mayor, shall have the power to suspend a policeman, or any officer under the chief, for a period of not exceeding ten days in any one month without any hearing or trial. The examining board shall decide whether the charge or complaint is proven or not proven and shall have the power, by a decision of the majority of the board, to discipline or impose a punishment. Such action of the board shall be subject to modification or veto by the mayor, made in writing, giving the reasons therefor, which shall become a permanent record of the said examining and trial board.

The findings and decisions of said board shall be final unless modified or vetoed by the mayor within five days from the date of the filing of such findings and decisions with the city clerk. Where a charge or complaint against a member of the police force is found proven by the board, the board, the mayor, or the chief of police, with the approval in writing of the mayor, may order the suspension from pay for some definite time, of the member or officer found guilty, or impose upon him a fine not exceeding fifty dollars, or reduce his grade, or discharge him from the police force, or subject him to any other discipline prescribed in the rules of the police department, which is not inconsistent with the provisions of this act, or with other laws of the state. The decision of the board shall be final and conclusive, and shall not be subject to review by any court on question of fact. The district court of the proper county shall have jurisdiction, however, in a suit brought by the officer or member, to determine whether the essential requirements of law have been complied with in the matter of his trial, but such suit must be brought by such officer or member within a period of sixty days following the decision of said board; provided, further, that the mayor must approve or disapprove the decision of the board within a period of five days of the rendition of said decision; and provided further, that no action for the restoration to office by any member of the police department unlawfully or illegally removed or excluded from office shall be maintained unless the same is begun within a period of sixty days from the date of accrual of the cause of action, but no suit for the recovery of salary, or other emoluments of office, shall be maintained by any member of the police department unless the same shall be instituted within fifteen days after the right to said office shall be finally determined and, provided also, that any cause of action hav-

ing heretofore accrued for unpaid salaries or removal or suspension from office, shall be commenced within sixty days after the approval of this act, and unless so commenced such action shall be forever barred.

History: Sec. 3308, Rev. C. 1907; amd. Sec. 2, Ch. 198, L. 1921.

The provision restricting the power of removal found in this section refers to removals for lapse of duty and the like, and is no restriction upon the power of the council to abolish as many of the places or offices once provided for, as it chooses, by reducing the number of the members on the force. State ex rel. Quintin v. Edwards, 40 Mont. 287, 304, 106 Pac. 695, 20 Ann. Cas. 239.

An ordinance intended, not to abolish the offices of members of the police force for economical reasons, but to get them off the force permanently in order to make way for the mayor to fill their places with persons more acceptable to him, is void, and does not confer upon the mayor the power to make appointments to the vacant places; a discharge of one member of the police force, manifestly for the purpose of making place for another person, is unlawful under a statute having a civil service feature. State ex rel. Quintin v. Edwards, 40 Mont. 287, 306, 309, 106 Pac. 695, 20 Ann. Cas. 239.

A police captain is a "policeman," and upon appointment, after having served the probationary term of six months is secure from removal from office except as provided by law. State ex rel. Bailey v. Edwards, 40 Mont. 313, 318, 106 Pac. 703.

The provision of this section, that the mayor may suspend a policeman or any officer under the chief, for a certain period without hearing or trial, cannot be said to indicate an intention on the part of the legislature to regard the chief officer as in a separate class from other members of the force. State ex rel. Wynne v. Quinn, 40 Mont. 472, 480, 107 Pac. 506.

A police officer who has been discharged from the police department cannot obtain a review of the proceedings in the supreme court on application for a writ of supervisory control on the grounds that the charges filed against him did not state sufficient facts to constitute a cause of action, and that the evidence was not sufficient to support the findings, since these were questions of law which could be considered in the district court. Bailey v. Examining and Trial Board, 42 Mont. 216, 218, 112 Pac. 69.

The effect of this provision is that a decision of the examining and trial board on questions of fact is final and conclusive on all courts if there is any substantial evidence to support it. Bailey v. Examining and Trial Board, 42 Mont. 216, 218, 122 Pac. 69; Id., 45 Mont. 197, 202, 122 Pac. 572.

The power to impose punishment on a police officer found guilty of official misconduct being lodged in the mayor, his judgment of dismissal from the force cannot be disturbed on appeal as being too severe. Bailey v. Examining and Trial Board, 45 Mont. 197, 203, 122 Pac. 572.

A probationer, being a member of the police force, can be removed only upon charges made and trial had in conformity with this and the following section. State ex rel. Bennetts v. Duncan, 47 Mont. 447, 455, 133 Pac. 109.

It is contemplated that reduction in rank or grade may be imposed as a punishment in case the officer, other than the chief, is found guilty. State ex rel. Dwyer v. Duncan, 49 Mont. 54, 58, 140 Pac. 95.

Under the duty to administer its affairs economically, a city may retire a member of its police department, but the council cannot under the guise of financial retrenchment remove a jailer, continue his office in operation, and install another in his place. State ex rel Breen v. Mayor of City of Butte, 58 Mont. 116, 118, 190 Pac. 991.

Since there is no provision in the metropolitan police law requiring the keeping of any record of the testimony produced on the trial of an officer charged with misconduct, the district court is without authority to command the trial board on certiorari to return a transcript thereof to aid in determining whether the evidence was sufficient to warrant an order of removal. State ex rel. Examining and Trial Board v. District Court, 58 Mont. 90, 100, 190 Pac. 295.

Cited or applied as section 3308, Revised Codes, in Grush v. Bishop, 46 Mont. 97, 100, 126 Pac. 619; Larkin v. City of Butte, 52 Mont. 410, 412, 158 Pac. 316; State ex rel. O'Brien v. Mayor of Butte, 54 Mont. 533, 535, 172 Pac. 134.

Right to compel policemen to submit to physical examination to determine fitness, see note in 33 L. R. A. (N. S.) 259.

5100. Presentation and trials of charges against policemen. If a charge be made by any person against any member or officer of the police force that he is incompetent, or has been guilty of neglect of duty, misconduct in his office, or of conduct unbecoming a police officer, the charge must

be put in writing in the form required by the rules of the examining and trial board, and a copy thereof must be served upon the accused officer or member at least two days before the hearing. It is then the duty of the said board to hear, try, and determine the charge according to the rules of said board and of the police department. The accused has the right to be present at this trial and be heard in person and by counsel, and to give and furnish evidence in his defense. All trials shall be open to the public. The chairman, or acting chairman, of the board shall have power to issue subpoenas, attested in its name, to compel the attendance of witnesses upon any proceeding authorized by the rules and regulations of said board or of the police department, and any person duly served with a subpoena is bound to attend in obedience thereto, and the board shall have the same authority to enforce obedience to the subpoena, and to punish for disobedience thereof, as is possessed by justices of the peace in like cases.

History: Sec. 3309, Rev. C. 1907.

The requirement of this section, that a complaint charging a police officer with any of the offenses triable by the examining and trial board of the police department shall be reduced to writing, is met if it in substance makes out any of the offenses mentioned therein. Bailey v. Examining and Trial Board, 45 Mont. 197, 199, 122 Pac. 572.

A police officer who, after having been notified of an obstruction on a sidewalk by a pedestrian who was injured by falling over it, paid no attention to the complaint further than to say that nothing could be done unless the complainant should swear out a warrant against the owner of the premises, was guilty of misconduct in office, in view of police regulations governing such matters, as well as of neglect of duty; and a charge substantially embodying these facts was sufficient to state either or both of these offenses made triable by the trial board of the police department. Bailey v. Examining and Trial Board, 45 Mont. 197, 202, 122 Pac. 572.

It is contemplated that charges against any officer in the department shall be heard by the examining and trial board. State ex rel. Dwyer v. Duncan, 49 Mont. 54, 58, 140 Pac. 95.

An accusation against a police officer held sufficient to present the question of his fitness to hold the office. State ex rel. O'Brien v. Mayor of Butte, 54 Mont. 533, 536, 172 Pac. 134.

In every proceeding for the removal of an officer the charges against him are not to be tested by the rigid rules of criminal procedure, but the ultimate inquiry is the fitness of the accused to hold his position, and such inquiry is raised by the specific questions whether he is incompetent or has been guilty of neglect of duty or misconduct in office, or conduct unbecoming an officer. State ex rel. O'Brien v. Mayor of Butte, 54 Mont. 533, 536, 172 Pac. 134.

The sufficiency of charges against a police officer cannot be defeated by the fact that the specifications considered as a basis for criminal prosecution may be barred by the statute of limitations. State ex rel. O'Brien v. Mayor of Butte, 54 Mont. 533, 536, 172 Pac. 134.

The charge that a police officer falsely stated upon his application for a position that he had never been convicted of crime was sustained by evidence that he pleaded guilty of petit larceny and suffered a judgment of fine therefor. State ex rel. O'Brien v. Mayor of Butte, 54 Mont. 533, 536, 172 Pac. 134.

In proceedings before a city council for the removal of the chief of the fire department, the charges need not be stated with the technical accuracy required in a complaint filed in court. State ex rel. Griffiths v. Mayor of City of Butte, 57 Mont. 368, 188 Pac. 367.

Dwyer v. Duncan, 49 Mont. 54, 58, 140 Pac. 95; Larkin v. City of Butte, 52 Mont. 410, 412, 158 Pac. 316.

5101. Vacancies to be filled from eligible list. In case of any vacancy in the police force, the same shall be filled from a list of persons eligible to appointment under this act.

History: Sec. 3310, Rev. C. 1907.

The act of the mayor and city council in retiring a lieutenant of police to the eligible list, on the ground of economy, and

immediately thereafter appointing another to fill the same office, was a violation of the civil service principle upon which the metropolitan police law is founded and did not deprive the plaintiff of his office. State ex rel. Dwyer v. Duncan, 49 Mont. 54, 59, 140 Pac. 95.

Cited or applied as section 3310, Revised Codes, in State ex rel. Wynne v. Quinn, 40 Mont. 472, 477, 478, 107 Pac. 506, as section 7 of metropolitan police law, in State ex rel. Bennetts v. Duncan, 47 Mont. 447, 455, 133 Pac. 109.

5102. Exemptions of members of police force. No member of the police force shall be liable to military or jury duty, or to arrest on civil process, while actually on duty, nor shall he hold any other office, or be employed in any other department of the city or town government.

5103. Members of the police department not to take part in political conventions. No officer or member of the police department shall be a member of or delegate to any political convention, nor shall he be present at such convention, except in the performance of duty relating to his position as such officer or member.

5104. Prohibited from soliciting for votes. It shall be unlawful for any officer or member of the police department to solicit any person to vote at any political caucus, primary, or election for any candidate, or to challenge any voter, or in any manner to attempt to influence any voter at any political caucus, primary, or at any election, or be a member of any political committee.

5105. City council may make additional regulations. In addition to the provisions herein contained, the city or town council may make any ordinances, not inconsistent with this act, or any law of the state, for the government of the police department, and for regulating the powers and duties of its officers and members.

History: Sec. 3314, Rev. C. 1907.

The city council may furnish assistance to the mayor, in the form of a commission, to determine the physical competency of the members of the police force. Larkin v. City of Butte, 52 Mont. 410, 413, 158 Pac. 316.

5106. Qualifications of police officer. The members of the police department, at the time of their appointment under this act, shall be not less than twenty-one years of age nor more than fifty years of age, but this restriction shall not apply to any member of the present police department; and they shall have been citizens of the United States and residents of the city or town at least two years prior to such appointment. They must be able to speak and write understandingly the English language.

5108. Repealing clause. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed, but nothing herein contained shall abridge any of the powers possessed by the mayor of any city or town under any other provisions of law or any ordinance.

History: Sec. 3317, Rev. C. 1907.

The saving clause of this section serves no purpose other than to indicate that the legislature did not intend to repeal any existing law or ordinance of any city which was not inconsistent with the law enacted. State ex rel. Wynn v. Quinn, 40 Mont. 472, 480, 107 Pac. 506.

Mandamus lies to reinstate a fireman who has been discharged in violation of the act placing paid fire departments under civil service rules. State ex rel. Driffill v. City of Anaconda, 41 Mont. 577, 581, 111 Pac. 345.

5110. Fire department to consist of what—Compensation. Such fire department, when established, may consist of one chief of the fire department, as many assistant chiefs of the fire department, and such number of firemen as the council may from time to time provide, and may also include a city electrician, and as many assistant eletricians as the council may from time to time provide. The compensation of the chief of the fire department and assistant chiefs of the fire department and firemen, in cities and towns where the council shall establish a paid fire department, and said city electrician and assistant city electricians, shall be fixed by ordinance. The mayor shall nominate, and, with the consent of the council, appoint the chief of the fire department, the assistant chief or chiefs of the fire department, and all firemen, and such appointment shall be first made for a probationary term of six months, and thereafter the mayor may nominate, and, with the consent of the council, appoint such chief and assistant chief or chiefs of the fire department and firemen, who shall thereafter hold their appointment during good behavior, and while they have the physical ability to perform their duties. The chief of the fire department, and the assistant chief or chiefs of the fire department, and the firemen, shall not be deemed officers of the municipal corporation in which such fire department is established.

History: En. Sec. 2, p. 73, L. 1899; re-en. Sec. 3327, Rev. C. 1907; amd. Sec. 1, Ch. 46, L. 1911.

Section 4999 has no application to a fireman, since this section declares that he is not to be deemed a municipal officer. State ex rel. Driffill v. City of Anaconda, 41 Mont. 577, 581, 111 Pac. 345.

5111. Powers of mayor to suspend firemen. The mayor may suspend the chief and assistant or any fireman of the fire department for neglect of duty or a violation of any of the rules and regulations of the fire department; the chief of the fire department may suspend the assistant chief of the fire department or any fireman, and the assistant chief of the fire department may suspend any fireman for a like cause. In all cases of suspension the person suspended must be furnished with a copy of the charge against him in writing, setting forth reasons for the suspension, and such charges must be presented to the next meeting of the council and a hearing had thereon, when the suspended member of the fire department may appear in person or by counsel and make his defense to said charges; if such charges are found proven by the council, the

council, by a vote of a majority of the whole council, may impose such penalty as it shall determine the offense warrants, either in the continuation of the suspension for a time limited, or in the removal of the suspended person from the fire department; should the charges be not presented to the next meeting of the council after the suspension, or should the charges be found not proven by the council, the suspended person shall be reinstated and be entitled to his usual compensation for the time so suspended.

History: Sec. 3328, Rev. C. 1907.

Note.—Sections 5111 to 5115 were enacted as sections 3 to 7, pages 74 to 75, Laws of 1899, appearing as sections 3328 to 3332, Revised Codes 1907.

If a fireman has been removed without written charges, his action in asking for reinstatement after his discharge did not constitute a waiver of his right to be confronted with written charges, as there can be no waiver of a right that has been lost. State ex rel. Driffill v. City of Anaconda, 41 Mont. 577, 582, 111 Pac. 345.

Cited or applied as section 3328, Revised Codes, in State ex rel. Griffiths v. Mayor of City of Butte, 57 Mont. 368, 188 Pac. 367.

5112. Reduction of force in reverse order of appointment. Should the council at any time reduce the number of firemen in the fire department, those most recently appointed shall be selected for retirement from the fire department, and the city or town clerk shall keep a list of such retired firemen, and should the number of firemen be again increased by the council, the men on said list shall be called into service, the longest service firemen being first selected for service in the fire department.

History: Sec. 3329, Rev. C. 1907. See also history of Sec. 5111.

The city council must, if it deems it necessary to reduce the number of paid firemen, retire the one last appointed, and may not exercise any discretion in the premises and discharge the one thought least efficient, even though oldest in point of service. State ex rel. Driffill v. City of Anaconda, 41 Mont. 577, 584, 111 Pac. 345.

5113. Qualification of firemen. The qualifications of firemen shall be that they shall be qualified voters of the city or town, not over forty-five years of age, and shall have passed a physical examination by a practicing physician duly authorized to practice in this state, which examination shall be in writing and filed with the city or town clerk. Such examination shall disclose the ability of such applicant to perform the physical work usually required of firemen in the performance of their duty. Should there be any firemen in the existing fire department of cities and towns, whose age at the time of their appointment is forty-five years or over, the same shall be retired from the service of such department.

History: Sec. 3330, Rev. C. 1907. See also history of Sec. 5111.

Note.—The above section rewritten to correct grammatical errors.

Where a discharged fireman seeks reinstatement by mandamus, a statement in his affidavit that he had been duly appointed and confirmed as a member of the fire department, and that at all times he had the physical ability to perform his duties as such, was a sufficient allegation that he possessed the qualifications of a fireman as defined by this section; otherwise he would not have been appointed in the first instance. State ex rel. Driffill v. City of Anaconda, 41 Mont. 577, 581, 111 Pac. 345.

5114. Duties of chief and assistant chief of fire department. The chief of the fire department shall have sole command and control over all persons connected with the fire department of the city or town, and shall possess full power and authority over its organization, government, and discipline, and to that end may from time to time establish such discip-

linary rules and regulations as he may deem advisable, subject to the approval of the city or town council; he shall have charge of and be responsible for the engines and other apparatus, the property of the town or city furnished the fire department, and see that they are at all times ready for use in the extinguishing of fires. The assistant chief of the fire department shall aid the chief in the work of the department and in his absence shall perform his duties.

5118. Source of fund. The disability fund of the fire department of such city or town shall consist of such sums of money as may be derived from the levy of an annual tax for that purpose, levied by such city or town council as hereinafter provided, and donations to the fire department from any source, in land, money, and other valuable gifts. No member of any such fire department of a city or town shall receive any gift of money or other valuable thing for his services other than the salary fixed by ordinance; and in the event of any member of such fire department shall receive any gift of money, or other valuable thing, the same shall be turned into the said disability fund; provided and excepting, however, that any member of such fire department may receive as a gift any medal, badge, emblem, or other article of adornment, in recognition of individual bravery or heroic action in the discharge of his duties as such fireman.

5120. Trustees of fund. A board of trustees of said disability fund shall be created, to consist of the mayor, clerk, and attorney of said city or town, the chief of such fire department in said city or town, and one member of the fire department, who shall be selected by a majority of the members of said fire department between the first and tenth day of May of each year in which said city or town shall elect a mayor, and shall hold his position as such trustee during the administration of the then incumbent mayor.

5121. Duties of trustees. The board of trustees of the said disability fund shall audit the same from time to time, at least twice during each fiscal year, and report the condition of the said fund annually to the city or town council, on or before the first day of April of each year. No payments shall be made therefrom except upon the order of the council upon the written recommendation of a majority of the board of trustees. The city or town council may provide for the investment of all or any part of said funds in bonds of the United States or of the state of Montana, or of the particular city or town in which such fund exists, and for the sale of such bonds when desirable. The benefit paid to any member of such fire department who may be disabled in the line of duty shall be at least a sum equal in amount to the loss of salary and reasonable cost of medicine or

medical services incurred by any such member on account of said disability, and in the event of any member of said fire department becoming disabled or maimed for life, or suffering death in the line of said duty, the board of trustees may, subject to the approval of the council in each instance, make a suitable allowance to the said member or his heirs. It shall be the duty of the city or town council to provide by ordinance a scale of maximum allowances before any benefit can be allowed, and the same shall not be exceeded by the board.

5143. Fire companies—How organized. Fire companies in incorporated cities and towns are formed and organized under special laws, or under authority conferred upon the city or town government. Those in unincorporated towns and villages are organized by filing, with the county clerk of the county in which they are located, a certificate in writing, signed by the foreman or presiding officer and secretary, setting forth the date of the organization, name, officers, and roll of active and honorary members, which certificate and filing must be renewed every three months. There must not be allowed to any such towns or villages more than one

company for each one thousand inhabitants, but one company must be allowed in any city, town, or village where the population is less than one thousand. There must not be allowed to any fire company more than twenty-eight certificate members.

History: En. Sec. 3232, Pol. C. 1895; re-en. Sec. 2076, Rev. C. 1907. See Cal. Pol. C. Sec. 3335.

Every fireman who has served five years in an organized company in this state is an "exempt fireman," and must receive from the chief engineer of the department to which he belonged a certificate to that effect. Every active fireman must have a certificate of that fact, signed by the chief of the fire department or the foreman of the company to which he belongs; such certificates must be countersigned by the secretary, and over the seal of the company, if one is provided. Each certificate entitles the holder to exemption from military and jury duty.

History: En. Sec. 3233; Pol. C. 1895; re-en. Sec. 2077, Rev. C. 1907.

5145. County clerk may issue exempt certificates. In lieu of issuing certificates to exempt firemen by the chief of the fire department, as provided in the last section, on the certificate of the foreman and secretary of any fire company, or the chief of the department, provision being made therefore in the by-laws of the company, "exempt certificates" may be issued by the clerk of the county, over his official seal and signature, which entitles the holder to like exemption from military and jury duty.

History: En. Sec. 3234, Pol. C. 1895; re-en. Sec. 2078, Rev. C. 1907.

5146. Seal and record of membership. Every fire department regularly organized may adopt a department seal, the name of the particular fire department to which it belongs, which must be under the control of and for the use of the secretary, and be by him affixed to exempt certificates, certificates of active membership, and such other documents as the by-laws may provide. The secretary of every department having a seal must take the constitutional oath of office and give such bond as the by-laws provide for the faithful performance of his duties. The secretary of the fire department, or fire company must keep a record of all certificates of exemption or active membership, the date thereof, and to whom issued; and when no seal is provided, similar entries of certificates issued to obtain county clerk's certificates. Every such certificate is prima facie evidence of the facts therein stated.

5147. Duties of chief. The chief of every fire department must inquire into the cause of every fire occurring in the town of which he is the chief, and keep a record thereof; he must aid in the enforcement of all

fire ordinances duly enacted, examine buildings in process of erection, report violations of ordinances relating to prevention or extinguishment of fires, and, when directed by the proper authorities, institute prosecutions therefor, and perform such other duties as may be by proper authority imposed upon him. His compensation, if any, must be fixed and paid by the city or town authorities. He must attend all fires with his badge of office conspicuously displayed, must prevent injury to, take charge of, and preserve all property rescued from fires, and return the same to the owner thereof on the payment of the expenses incurred in saving and keeping the same, the amount thereof, when not agreed to, to be fixed by any justice of the peace.

History: En. Sec. 3236, Pol. C. 1895; re-en. Sec. 2080, Rev. C. 1907.

5148. Fire protection—Establishment of fire districts. The board of county commissioners are authorized to establish fire districts in any unincorporated town or village, and at the time of the annual levy of taxes may levy a special tax upon all the property within such districts for the purpose of buying apparatus and maintaining the fire department of any such town or village, and such tax must be collected as are other taxes. All moneys so collected by the county treasurer shall be disbursed by him upon warrants signed by the treasurer of the fire company and countersigned by its foreman. In the drawing of such warrants against the funds so collected by the county treasurer, the foreman and treasurer of the fire company shall be governed by the by-laws of such fire company. It is provided that the provisions of this section shall not apply to payment of bonds and interest thereon as provided by sections 5149 to 5158 of this code.

History: En. Sec. 3237, Pol. C. 1895; re-en. Sec. 2081, Rev. C. 1907; amd. Sec. 1, Ch. 16, L. 1915; amd. Sec. 1, Ch. 16, L. 1921.

5149. Directors of fire districts may submit question issuance fire bonds. Whenever the board of county commissioners shall have established fire districts in any unincorporated town or village, said board of county commissioners shall be and is hereby constituted ex-officio a board of directors of such fire district. The board of directors of any duly established fire district in unincorporated towns or villages within this state shall, whenever a majority of the directors so decide, submit to the electors of the district the question whether the board shall be authorized to issue coupon bonds to a certain amount, not to exceed three per cent. of the taxable property in said district, and bearing a certain rate of interest not exceeding six per cent. per annum, and payable and redeemable at a certain time, for the purpose of purchasing fire equipment, necessary lands, erecting buildings for fire purposes, and establishing pipe-lines. No such bonds shall be issued unless a majority of all the votes cast at any such election shall be cast in favor of such issue.

History: En. Sec. 1, Ch. 107, L. 1911; amd. Sec. 1, Ch. 19, L. 1921.

"Shall bonds be sold to the amount of.....dollars and bearing not to exceed.....per cent. interest and for a period not to exceed.....years, for the purpose of purchasing fire equipment, necessary lands, erecting buildings for fire purposes, and establishing pipe lines?"

Bonds—Yes.
Bonds—No.

The elector shall prepare his ballot by crossing out thereon parts of the ballot in such a manner that the remaining part shall express his vote upon the question submitted. If a majority of the votes cast at such election are bonds "Yes," the board of directors shall issue such bonds in such form as the board may direct, and they shall bear the signature of the president of the board of directors, and shall be signed by the secretary of the said fire districts; and the coupons attached to the bonds shall be signed by the said president and secretary; provided, a lithographic or engraved facsimile of the signature of the president and secretary may be affixed to coupons only when so recited in the bonds, and the corporate seal of the fire district shall be attached to each of the bonds; and each bond so issued shall be registered by the county treasurer in a book provided for that purpose, which shall show the number and amount of each bond and the person to whom the same is issued or sold; and the said bonds shall be sold by the fire directors as hereinafter provided.

History: En. Sec. 2, Ch. 107, L. 1911.

5151. Notice of sale of bonds—Proceeds and delivery. The fire directors shall give notice by advertisement in some newspaper published in this state, for a period of not less than four weeks, to the effect that the said fire directors will sell said bonds (briefly describing the same), and stating the time when and place where such sale will take place; provided, that the said bonds shall not be sold for less than their par value, and that the said directors are authorized to reject any bids, and to sell said bonds at private sale, if they deem it for the best interest of the district; and all moneys arising from the sale of said bonds shall be paid forthwith into the treasury of the county in which such district may be located, to the credit of said district, and the same shall immediately be available for the purpose authorized by this title; provided, that no such bonds shall be delivered by the board of directors unless the moneys therefor have been paid into the county treasury.

History: En. Sec. 3, Ch. 107, L. 1911.

5152. Liability on bonds. The faith of each fire district is solemnly pledged for the payment of the interest and redemption of the principal of the bonds which shall be issued under the provisions of this act. And for the purpose of enforcing the provisions of this act, each fire district shall be a body corporate, which may sue and be sued by or in the name of the board of fire directors of such district.

History: En. Sec. 4, Ch. 107, L. 1911.

5153. Levy and collection of tax. The fire directors of each district shall ascertain and levy annually the tax necessary to pay the interest when it becomes due, and a sinking fund to redeem the bonds at their maturity; and said tax shall become a lien upon the property in said

fire district, and be collected in the same manner as other taxes for fire purposes.

History: En. Sec. 5, Ch. 107, L. 1911.

5154. Payment and liquidation of bonds. The county commissioners, at the time of making the levy of taxes for county purposes, must levy a tax for that year upon the taxable property in such district, for the interest and redemption of said bonds, and such tax must not be less than sufficient to pay the interest of said bonds for that year and such portion of the principal as is to become due during such year, and in any event must be high enough to raise, annually, for the first half of the term said bonds have to run, a sufficient sum to pay the interest thereon; and during the balance of the term, high enough to pay such annual interest, and to pay annually a portion of the principal of said bonds equal to a sum produced by taking the whole amount of said bonds outstanding and divide it by the number of years said bonds have to run; and all money so levied, when collected, must be paid into the county treasury to the credit of such district, kept in a separate fund, and be used for the payment of principal and interest on said bonds, and for no other purpose; provided, that the board may, with the surplus of such sinking fund, when the same shall be one thousand dollars or more, purchase any of the outstanding bonds issued by the board. Such purchase shall be made at the lowest price such bonds can be purchased at, but at no more than par value of such bonds; and whenever there shall be such a surplus of sinking fund amounting to the sum of one thousand dollars, the board shall purchase therewith like bonds on the same terms and conditions as hereinbefore specified.

If for any reason such bonds cannot be purchased as hereinbefore specified, such sinking fund shall be invested by the treasurer under the direction of the board of directors, at such times as the board shall direct, in the interest-bearing bonds of the United States or of the state of Montana, which shall be purchased at the lowest market price. Interest accruing upon such bonds shall be invested in the same manner, and for the same purpose, as sinking fund. Such bonds shall be held by the treasurer until the principal of any bonds issued by the board of directors shall become due, and shall be sold at the highest market price, and the proceeds applied to the payment of bonds; provided, further, that if at any time the board shall deem it best, it shall be lawful to sell such bonds for the purpose of purchasing the bonds issued by such board; but all such sales shall be at the highest market price, and the bonds of the board, purchased with the proceeds of such sale, shall be purchased at the lowest price they can be obtained for, and not above the par value of such bonds; provided, further, that the bonds first maturing shall be purchased, if they can be purchased, on terms as favorable to the board as others offered for sale to the said board. All bonds of the said board purchased under the authority hereby given, or paid by the board, shall be forthwith canceled as provided in the next succeeding section.

History: En. Sec. 6, Ch. 107, L. 1911.

5155. Sinking fund and redemption. When the sum in said sinking fund shall equal or exceed the amount of any bond then due, the county treasurer shall give notice to each bondholder, if known to him, and shall

post in his office a notice that he will, within thirty days from the date of such notice, redeem the bonds then payable, giving the numbers thereof, and preference shall be given to the oldest issue; and if at the expiration of the said thirty days the holder or holders of said bonds shall fail or neglect to present the same for payment, interest thereon shall cease; but the treasurer shall at all times thereafter be ready to redeem the same on presentation, and when any bonds shall be so purchased or redeemed, the county treasurer shall cancel all bonds so purchased and redeemed, by writing across the face of such bond or bonds, in red ink, the word "Redeemed," and the date of such redemption; provided, that whenever, in the judgment of the board of fire directors and prior to the redemption of said bonds, said board shall deem it advisable and for the best interests of the fire district to invest said sinking fund, or any part thereof, the board may, by an order entered upon their minutes, direct and require the county treasurer to invest said sinking fund, or any part thereof, in state or county bonds or warrants until such redeemable period.

History: En. Sec. 7, Ch. 107, L. 1911.

5156. Payment of interest by county treasurer. The county treasurer shall pay out of any moneys belonging to a fire district the interest upon any bonds issued under this title by such district, when the same shall become due, upon the presentation at his office of the proper coupon, which shall show the amount due, and the number of the bond to which it belonged; and all coupons so paid shall be reported to the fire directors at their first meeting thereafter.

History: En. Sec. 8, Ch. 107, L. 1911.

State ex rel. Gerry v. Edwards, 42 Mont. 135, 151, 111 Pac. 734, Ann. Cas. 1912A, 1063, 32 L. R. A. (N. S.) 1078.

3. To make all rules and regulations necessary or convenient to protect and promote the growth of trees and plants in parks, streets, avenues, alleys, boulevards, and public places under the care and control of said board, and for the protection of all birds inhabiting, frequenting, or nesting in such parks, streets, avenues, boulevards, and public places,

and all rules and regulations for the use of parks by the public, and to provide penalties for the violation of such rules and regulations, which rules and regulations shall have the force of city ordinances and be enforced in like manner as ordinances of the city are enforced.

5. To lease all lands owned by the city heretofore acquired for parks, whether within or without the city, which, in the judgment of the board, it shall not be advisable to improve as parks, upon such terms and conditions as the board shall deem to be for the best interests of the city; provided, that such lands shall not be leased for a longer term at any one time than five years, and not for a longer time than one year without the concurrence of two-thirds of the entire board of park commissioners.

5163. Funds—How disbursed. All moneys paid out by the park commissioners under the provisions of this act shall be by warrant drawn upon the city treasurer, which shall be signed by the city clerk and countersigned by the president, or, in his absence by the vice-president of the board of park commissioners. All moneys raised by tax for park purposes, or received by the board of park commissioners for the sale of hay, trees, plants, or from the leasing of park lands, or from any other source, shall be paid into the city treasury, and the city treasurer shall keep all such moneys in a separate fund to be known as the park fund. No park commissioner shall receive compensation for his services rendered under the provisions of this act, but the actual and necessary expense incurred by any member of the board while acting under the orders of the board in the transaction of any business in its behalf may be paid upon being allowed and audited by the

board. No park commissioner shall be interested in any contract made by the board or by its authority, or in the furnishing of any supplies for the use of the board. Any park commissioner who shall refuse or neglect, for the period of three consecutive months, to attend the meetings of said board without leave of absence from said board, or who shall fail for the period of twenty days from and after his appointment to qualify as in this act provided, shall be deemed to have vacated his office, and thereupon his successor may be appointed. edness of which equals or exceeds the limit provided in section 6 of article XIII of the constitution, may be used in payment of current expenses incurred during the fiscal year for which said taxes were levied, the same as though a special levy had been made for each of said purposes. And the council of any such city is hereby authorized to designate the amount of said general levy applicable to each of said purposes, and the amount so designated shall constitute a special fund for the special purpose of paying the expenses incurred for such purpose, and such expenses shall be payable out of such fund, and not otherwise; provided, that the aggregate of all taxes authorized for general municipal and administrative purposes shall not exceed one per cent. annually upon the assessed value of all taxable property in such city or town.

History: En. Sec. 2, Ch. 21, L. 1903, re-en. Sec. 3345, Rev. C. 1907.

5203. Annual tax—Equalization and collection. The council has power to levy, collect, and equalize annually taxes on all the property in the city or town taxable for state and county purposes, and may by ordinance provide for the levy, assessment, equalization, and collection of the same.

History: En. Sec. 4860, Pol. C. 1895; re-en. Sec. 3346, Rev. C. 1907.

Under this section and section 5216, as the latter stood before its amendment, a town council had power to levy taxes, and taxes levied for street purposes could not be worked out by taxpayers, if they elected to do so under the law as it then existed. Town of White Sulphur Springs v. Pierce, 21 Mont. 130, 132, 53 Pac. 103.

5204. Levy, etc., to be made under this chapter. Until the passage of such ordinance the levy, assessment, equalization, and collection of municipal taxes are, and the proceedings for such purposes must be, as provided in this chapter.

History: En. Sec. 4861, Pol. C. 1895; re-en. Sec. 3347, Rev. C. 1907.

5205. Basis of taxation. The assessment made by the county assessor for state and county purposes is the basis of taxation for cities and towns for the property situated therein.

History: En. Sec. 4862, Pol. C. 1895; re-en. Sec. 3348, Rev. C. 1907.

The municipal authorities of an incorporated city could make a legal assessment in electing to take the assessment made by the county and state assessing authorities as the basis for the levy of municipal taxes on property within such city; and the levy of lawful taxes thereon by such city, according to the provisions of its charter and ordinances, constituted a legal levy. Lockey v. Walker, 12 Mont. 577, 583, 31 Pac. 639.

Under this section and section 5216, as it stood prior to its amendment, the assessment of property of a city was not completed until the date of the resolution of the city council fixing and levying the amount of taxes to be levied and assessed for such year. State ex rel. City of Butte v. Johnson, 16 Mont. 570, 572, 41 Pac. 706.

Under the provisions of this section and other statutes applicable and in force from time to time, the basis of taxation for a city or town has been the valuation made by the county assessor for state and county purposes. The city or town council has had no authority to amend or change the items listed in the roll furnished by him, its office being merely to ascertain the rate of taxation necessary to produce the amount required to meet the expenses of the city or town government, and to certify it to the county treasurer. Lockey v. City of Bozeman, 42 Mont. 387, 387, 113 Pac. 286.

5206. Duty of county assessor. It is the the duty of the county assessor, in making the assessment-book, to designate therein the real and personal property, stating each separately and distinctly, situated in the cities and towns within the county.

History: En. Sec. 377, 5th Div. Comp. Stat. 1887; amd. Sec. 4863, Pol. C. 1895; re-en. Sec. 3349, Rev. C. 1907.

5207. Copies of assessment-books to be furnished cities and towns. On or before the second Monday in July of each year the assessor must furnish to all cities of the third class and towns within his county which shall make written request for the same, on or before the first Monday in April of each year, a complete certified copy of his assessment-book, so far as such assessment book pertains to property within the limits of said cities and towns.

History: En. Sec. 1, Ch. 69, L. 1911.

5208. Charge of assessor for making copies. The assessor may charge such cities and towns five cents per folio of one hundred words for each copy of his assessment-book furnished such cities and towns as provided in the preceding section.

History: En. Sec. 2, Ch. 69, L. 1911.

5209. Equalization of taxes. The equalization of assessments of property made by the county board of equalization applies to the assessment of property in any city or town, and must be taken as the equalization thereof. But the council may at any time after the adjournment of said board, upon good cause shown, reduce the city or town taxes or penalties thereon as is just and equitable, or order any tax that has been improperly assessed or paid by mistake to be refunded.

History: En. Sec. 4865, Pol. C. 1895; re-en. Sec. 3351, Rev. C. 1907.

5210. Affidavit of aggrieved party. The person aggrieved must first make an affidavit stating the facts, which must be filed with the clerk.

History: En. Sec. 4866, Pol. C. 1895; re-en. Sec. 3352, Rev. C. 1907.

5211. Preparation of assessment-book. It is the duty of the county clerk, on or before the first Monday in October in each year, to make a duplicate of the corrected assessment-book for each city in the county, the treasurer of which is required by ordinance of such city to collect its taxes. Such book shall be styled "The Duplicate Assessment-Book for the City of .....," and must contain a copy of the "corrected assessment-book" of the county as far as the same refers to city property.

History: En. Sec. 4867, Pol. C. 1895; amd. Sec. 1, p. 223, L. 1897; re-en. Sec. 3353, Rev. C. 1907.

It is the duty of the county clerk to deliver to the city treasurer the duplicate assessment-book required by this and

the following sections at the same time the original or duplicate is delivered to the county treasurer. State ex rel. City of Butte v. Weston, 29 Mont. 125, 129, 74 Pac. 415.

Cited or applied as section 4867, Political Code, before amendment, in State ex rel. City of Butte v. Johnson, 16 Mont. 570, 573, 41 Pac. 706.

5212. Book to be furnished by city. Such duplicate must be made in a book furnished by the city clerk of each city in the county, and ruled in columns specifying the different funds so that the city treasurer may extend the same and collect the taxes.

History: En. Sec. 4868, Pol. C. 1895; amd. Sec. 1, p. 223, L. 1897; re-en. Sec. 3354, Rev. C. 1907.

Cited or applied as section 4868, Political Code, before amendment, in State ex rel. City of Butte v. Johnson, 16 Mont. 570, 573, 41 Pac. 706; as amended, in State ex rel. City of Butte v. Weston, 29 Mont. 125, 126, 74 Pac. 415.

5213. Delivery of book to city clerk. The county clerk must deliver such duplicate assessment-book to each city treasurer, and take his receipt therefor, having attached thereto the affidavit similar to the one set out in section 2161 of this code.

History: En. Sec. 4869, Pol. C. 1895; amd. Sec. 1, p. 224, L. 1897; re-en. Sec. 3355, Rev. C. 1907.

The word "similar" in this section does not require the county clerk to make an affidavit identical with the one required by section 2161, but merely requires an affidavit covering all the facts showing that the clerk has done his duty in making the copy of the assessment-book. State ex rel. City of Butte v. Weston, 29 Mont. 125, 131, 74 Pac. 415.

5214. Collection of taxes—Delinquent taxes. The county treasurer of each county must collect the tax levied by all cities and towns in his respective county, except in case of such cities of the first and second and third classes as may provide by ordinance for the city treasurer to collect the taxes from such corrected assessment-book. The county treasurer must collect such city or town taxes, including unpaid road poll-taxes, at the same time as the state and county taxes, with the same penalties and interest in case of delinquency. All publications for sales for delinquent taxes shall include such city or town taxes, there being but one sale for each piece of property, such sale to cover the aggregate of such city or town, county, and state taxes, with the penalties, interest, and cost of advertising provided by law. All moneys received from sales, redemptions, and from sales by the county, after deed given by the county treasurer as provided by law, shall be credited to the state, county, and city or town, pro rata, in the same proportions as provided in sections 2234 and 2235 of this code.

History: En. Sec. 4870, Pol. C. 1895; amd. Sec. 1, Ch. 24, L. 1907; Sec. 3356, Rev. C. 1907.

Weston, 29 Mont. 125, 126, 74 Pac. 415; Lockey v. City of Bozeman, 42 Mont. 387, 397, 113 Pac. 286; as section 3356 in City of Butte v. Bennetts, 51 Mont. 27, 30, 149 Pac. 92, Ann. Cas. 1918C, 1019.

5215. Duties of city treasurer. In case an ordinance of any city of the first or second class shall provide for the collection of its taxes by its treasurer, such treasurer shall have the same power to collect municipal taxes as the county treasurer to collect state and county taxes, and the same right to give notice, add penalties, seize and sell property for delinquent taxes, give deeds to purchasers, and to do everything that a county

treasurer might do in the premises, except that he must make settlement with the city council.

5216. Annual tax levy. The council must, on or before the fifteenth day of September of each year, by resolution, determine the amount of city or town taxes for all purposes, to be levied and assessed on the taxable property in the city or town for the current fiscal year, and the city clerk must at once certify to the county clerk a copy of such resolution, and the county treasurer must collect the taxes as in this chapter provided; provided, that in cities where the council has provided by ordinance for the collection of their taxes by the city treasurer, the city clerk must certify a copy of such resolution to the city treasurer.

History: En. Sec. 379, 5th Div. Comp. Stat. 1887; amd. Sec. 4872, Pol. C. 1895; amd. Sec. 1, p. 224, L. 1897; re-en. Sec. 3358, Rev. C. 1907; amd. Sec. 1, Ch. 1, L. 1919; amd. Sec. 1, Ch. 9, Ex. L. 1919; amd. Sec. 1, Ch. 165, L. 1921.

5218. Annual appropriation—When and how made. The council must, in the last quarter in each fiscal year prior to the annual election, pass an ordinance to be known and termed the "annual appropriation for the city of ....., or town ....., for the year 19...," in which ordinance there must be appropriated enough money to defray the expenses or liabilities of the city or town for the ensuing fiscal year, and there must be specified therein the amount appropriated for each separate object or fund, and the salary or compensation to be paid each officer of the city or town.

The fact that the city council, in accordance with this section, appropriated a sum to pay for water furnished under a contract, does not make the city liable therefor, since the contract out of which the liability arose is void, and no lawful authority to pay it exists. State ex rel. Helena W. W. Co. v. City of Helena, 24 Mont. 521, 537, 63 Pac. 99, 81 Am. St. Rep. 453, 55 L. R. A. 336.

5220. List of persons liable for poll-tax. The city clerk must make a list of all persons liable for such tax, and present the same to the council for inspection and correction at a regular or special meeting to be held not later than the third Monday of May. On or before the first regular meeting in June the council must direct a copy of such list, as corrected, certified by the clerk, to be delivered to the city treasurer, and the city treasurer must forthwith collect such taxes from the persons named in the list, and from such other persons liable for the same as he may add thereto; provided, that any person who is assessed for a property tax in the city may pay such poll-tax at the time he pays his general tax, and in such case the poll-tax shall be added upon the assessment list to other taxes of persons liable therefor paying taxes upon real and personal property, by the county clerk upon a list of the names of persons liable for the same being certified to by the city clerk.

5226. Special improvement districts—Placing wires underground—Cost per lineal foot. Whenever the public interest or convenience may require, the city council is hereby authorized and empowered to create special improvement districts, and order the whole, or any portion or portions, either in length or width, of any one or more of the streets, avenues, alleys, or places or public ways of any such city, graded or regraded to the official grade, planked or replanked, paved or repaved, macadamized or remacadamized, graveled or regraveled, piled or repiled, capped or recapped, surfaced or resurfaced, oiled or reoiled, and to order the construction or reconstruction therein of sidewalks, crosswalks, culverts, bridges, gutters, curbs, steps, parkings, including the planting of grassplots and setting out of trees; sewers, ditches, drains, conduits, and channels for sanitary and drainage purposes, or either or both thereof, with outlets, cesspools, manholes, catchbasins, flush tanks, septic tanks, connecting sewers, ditches, drains, conduits, channels, and other appurtenances; waterworks, water-mains, and extensions of water-mains; pipes, hydrants, hose connections for irrigating purposes; appliances for fire protection, tunnels, viaducts, conduits, subways, break-waters, levees, retaining walls, bulkheads, and walls of rock or other material to protect the same from overflow or injury by water; the opening of streets, avenues, and alleys; the planting of trees thereon; and to maintain, preserve and care for any and all of the improvements herein mentioned; and the construction or reconstruction in, over, or through property or rights of way owned by such city, of tunnels, sewers, ditches, drains, conduits, and channels for sanitary and drainage purposes, or either or both thereof, with necessary outlets, cesspools, manholes, catchbasins, flush tanks, septic tanks, connection sewers, ditches, drains, conduits, channels, and other appurtenances; pipes, hose connections for irrigating, hydrants and appliances for fire protection; and break-waters, levees, retaining walls and bulkheads; walls of rock or other material to protect the streets, avenues, lanes, alleys, courts, places, public ways, and other property in any such city from overflow by water; and to order any work to be done which shall be deemed neces-

sary to improve the whole or any portion of such streets, avenues, sidewalks, alleys, or places or public ways, or property, or right of way of such city. The city council is also hereby authorized to create a district as hereinafter specified, for the purpose of defraying the cost of acquiring private property for the purpose of opening, widening, or extending any street, avenue, or alley within the corporate limits of such city.

It is further provided that the council shall have the same jurisdiction and powers as in this section above provided, to (before doing any of the work mentioned in this act) require any public service corporation, or company, firm, or person occupying such streets, avenues, or alleys, at their own expense and within a reasonable time to be fixed by the council, place in an underground conduit in such manner as may be directed by the city council, all wires, electric conduits, telephone, telegraph, power, or power transmission lines, or appurtenances thereto, or appliances owned, held, or enjoyed in connection therewith; provided, however, that the whole cost so assessed shall at no time exceed the sum of one dollar and fifty cents per lineal foot, plus the cost of the pipe so laid of the entire length of the water-mains laid in such district.

A law providing for the creation of special improvement districts is a legislative declaration that all the property in the proposed district is benefited by the improvement, and to the same extent. McMillan v. City of Butte, 30 Mont. 220, 224, 76 Pac. 203.

Laws providing for the creation of special improvement districts, and imposing a tax by way of assessment upon the property legislatively determined to be benefited, are not open to the objection that they deprive the owner of his property without due process of law. McMillan v. City of Butte, 30 Mont. 220, 225, 76 Pac. 203.

In the absence of proof that the burden imposed on a property owner by a municipal assessment is altogether out of proportion to the benefit actually accruing to the property, he cannot assert that his property is thereby taken without compensation. McMillan v. City of Butte, 30 Mont. 220, 227, 76 Pac. 203.

Where property belonging to the federal government abuts on a street for the purpose of paving which a special improvement district is created, the city may devote its street fund or any money in its treasury not otherwise appropriated to the payment of that portion of the improvement which, but for its exemption from such imposition, would be properly assessable against such property. Ford v. City of Great Falls, 46 Mont. 292, 308, 127 Pac. 1004.

The whole theory of local taxation or assessments is that the improvements for which they are levied afford a remuneration in the way of benefits. Power v. City of Helena, 43 Mont. 336, 341, 116 Pac. 415, 36 L. R. A. (N. S.) 39.

Assessments for special municipal improvements, such as the construction of sewers or the building of sidewalks, are not taxes, and constitutional and statutory provisions exempting property from taxation have no application to such assessments. City of Kalispell v. School District, 45 Mont. 221, 226, 122 Pac. 742, Ann. Cas. 1913D, 1101.

The property of a school district, devoted exclusively to public school purposes, is, in the absence of express constitutional or statutory exemption, liable for the payment of assessments made for special municipal improvements. City of Kalispell v. School District, 45 Mont. 221, 230, 122 Pac. 742, Ann. Cas. 1913D, 1101.

With respect to special improvements, the "superficial area" rule is the rule of this state; it amounts to a legislative declaration that all property in a proposed district is, presumptively, equally benefited by the improvement contemplated. Mansur v. City of Polson, 45 Mont. 585, 595, 125 Pac. 1002.

The constitutional provision that a state shall not impose any taxes upon property therein belonging to the United States includes special assessments for street improvements. Ford v. City of Great Falls, 46 Mont. 292, 307, 127 Pac. 1004.

Where streets are to be improved, the fact that property, exempt from special assessment, such as that of the federal government and its instrumentalities, lies on one side of one of the streets is no obstacle to the city's proceeding with the improvement of that street. Ford v.

City of Great Falls, 46 Mont. 292, 307, 127 Pac. 1004.

The statutes of this state relating to the creation of special improvement districts not only qualify and limit the powers which the city council may exercise, but they define with particularity the mode in which the restricted authority may be used, and compliance with their provisions is the sine qua non to the creation of a special improvement district for making improvements the expenses of which is to be a charge against the property included. Shapard v. City of Missoula, 49 Mont. 269, 279, 141 Pac. 544; Cooper v. City of Bozeman, 54 Mont. 277, 283, 169 Pac. 801; Johnston v. City of Hardin, 55 Mont. 574, 581, 179 Pac. 824.

Where an owner joined in a petition for the creation of a special improvement district, and thereafter, in creating it, a large part of the property described therein was excluded by the city council, the petitioner was not estopped to subsequently attack the validity of the creation by the fact that he joined in the petition. City of Lewistown v. Warren, 52 Mont. 356, 357, 157 Pac. 954.

The limitation of $1.50 per lineal foot placed upon municipal improvements by this section has no application to street grading, draining, paving or curbing and gutter work. Reeve v. City of Billings, 57 Mont. 552, 189 Pac. 768.

5226a. Connections with water and gas-pipes. The city or town council shall have power to require connections from gas-pipes, water-pipes, steam-heating pipes, and sewers to the curb line of the adjacent property to be made before the permanent improvement of the streets whereon they are located, and to regulate the making of such connection on the streets already improved, or on unimproved streets; and in case the owners of the property on such streets shall fail to make such connections within the time fixed by the council, they may cause such connections to be made, and shall assess against the property in front of which said connections are made the entire cost and expense thereof. All assessments levied under the provisions of this section shall be enforced and collected in the same manner as other special assessments provided for in article V of this chapter, and amendments thereof, and all such assessments shall be a lien against the property.

5227. Resolution of intention—Notice—Materials. Before creating any special improvement district for the purpose of making any of the improvements, or acquiring any private property for any purpose authorized by this act, the city council shall pass a resolution of intention so to do, which resolution shall designate the number of such district, describe the boundaries thereof, and state therein the general character of the

improvement or improvements which are to be made, and an approximate estimate of the cost thereof; provided, however, that when any improvement is to be made in paving, the city or town council may in describing the general character of the same describe several kinds of paving. Upon having passed such resolution the council must give notice of the passage of such resolution of intention, which notice must be published for five days in a daily newspaper, or in some one issue of a weekly paper published in the city or town, or in case no newspaper be published in such city, then by posting for five days in three public places in the city or town, and a copy of such notice shall be mailed to every person, firm, or corporation, or the agent of such person, firm, or corporation having property within the proposed district at his last known address, upon the same day such notice is first published or posted. Such notice must describe the general character of the improvement or the improvements so proposed to be made, and state the estimated cost thereof, and designate the time when and the place where the council will hear and pass upon all protests that may be made against the making of such improvements, or the creation of such district; and said notice shall refer to the resolution on file in the office of the city clerk for the description of the boundaries. The city council may include in one proceeding under one resolution of intention and in one contract any of the different kinds of work mentioned in this act, and any number of streets and rights of way, or portions thereof, and it may except therefrom any of said work, already done, upon a street to the official grade.

Where the special improvement contemplated is the paving of a street in which car tracks have been constructed, the city shall have the power and authority to order the general character of the material between the rails and one foot on each side of the rails to be of a different kind from that used in the remainder of the street; providing that the general character of the material to be used between the car tracks and one foot on each side of the rails be described in the resolution of intention, in the same manner as the general character of the material used for the rest of the contemplated pavement.

The lots or portions of lots fronting upon said excepted work, already done, shall not be included in the assessment for the class of work from which the exception is made; provided, that this shall not be construed so as to affect the special provisions as to grading contained in subdivision 3 of section 5238 of this code.

History: En. Sec. 3, Ch. 89, L. 1913; amd. Sec. 2, Ch. 142, L. 1915. See also history of Sec. 5225.

Where a certain lot was assessed for municipal improvements for its entire area, the fact that only one-half of such lot was included in the description in the resolution creating the assessment district was immaterial. McMillan v. City of Butte, 30 Mont. 220, 227, 76 Pac. 203.

To make the complaint of a property holder asking a court of equity to be relieved from the payment of a special improvement tax levied on his property for the purpose of defraying the cost of the construction of a storm sewer, on the alleged ground that his property was so situated that it could not be benefited by the sewer, proof against a general demurrer, it must set forth that plaintiff appeared at the time and place designated in the resolution of the council for hearing objections to the proposed improvement, and that his protest was ignored; otherwise, after the improvement is made and warrants issued in payment thereof, he is estopped upon the face of his pleading. Power v. City of Helena, 43 Mont. 336, 342, 116 Pac. 415, 36 L. R. A. (N. S.) 39.

While a city council may not so change

the nature of a special street improvement set forth in the resolution of intention as to be materially and substantially different from that authorized, and the cost of the same increased in proportion, work which substantially follows that outlined in the resolution, though omitting one feature of the contemplated improvement, is not open to complaint in this respect. Mansur v. City of Polson, 45 Mont. 585, 594, 125 Pac. 1002.

The contents of the resolution, in so far as they relate to notice of what improvements are contemplated, are for the legislature to dictate, and so long as a reasonably comprehensive notice is provided for, the courts have no power to declare it insufficient, and a detailed description of the work intended to be done is unnecessary. Mansur v. City of Polson, 45 Mont. 585, 593, 125 Pac. 1002.

One who charges that a contemplated municipal improvement has been materially and substantially changed by the city council from the original plan as evidenced by the resolution authorizing it, has the burden of proving the materiality of the change. Mansur v. City of Polson, 45 Mont. 585, 594, 125 Pac. 1002.

A resolution providing that the cost of a special street improvement, comprising principal as well as side streets, should be paid for by the levy of an assessment based upon the "superficial area" rule, was not void as inequitable, in that under it owners of inside lots were required to bear the same proportion of expense as owners of corner lots of the same area, although the benefits to accrue to the former are disproportionate to those received by the latter. Mansur v. City of Polson, 45 Mont. 585, 595, 125 Pac. 1002; approving McMillan v. City of Butte, 30 Mont. 220, 76 Pac. 203.

The resolution of intention is the primary step to be taken in every instance and is the basis of the whole proceeding, the omission of which is fatal and renders all the subsequent proceedings nugatory. Shapard v. City of Missoula, 49 Mont. 269, 279, 141 Pac. 544.

The successive steps necessary to be taken by a city council in the creation of a special improvement district are: (1) The adpotion of a resolution of intention; (2) the service of the required notice; (3) a hearing and determination against protests; and (4) the passage of a resolution creating the district, the first three of which are jurisdictional, and a failure to take any one of these is fatal to the proceedings. Shapard v. City of Missoula, 49 Mont. 269, 278, 141 Pac. 544; Johnston v. City of Hardin, 55 Mont. 574, 579, 179 Pac. 824.

Though a mere informality in the resolution of intention to create an improvement district would not have rendered the effort of the city council to acquire jurisdiction nugatory, if the subsequent steps had been pursued in conformity with the statute, the proceeding was abortive where a resolution of intention was deemed sufficient to bring about the creation of the district. Shapard v. City of Missoula, 49 Mont. 269, 280, 141 Pac. 544. Compare Cooper v. City of Bozeman, 54 Mont. 277, 283, 169 Pac. 801.

By a resolution to create a special improvement district described as being bounded by certain lots, such lots were not incorporated in, but excluded from, the proposed district. City of Lewistown v. Warr, 52 Mont. 353, 355, 157 Pac. 953.

Proceedings for the imposition of a special improvement tax are in invitim, and before property can be held subject to the burden, it must be described with sufficient certainty that the owner cannot be misled; it being the intention of the statute that the resolution of intention shall contain a description of the proposed district by a line which marks its exterior boundaries. City of Lewistown v. Warr, 52 Mont. 353, 355, 157 Pac. 953.

Before a special improvement district can be created, the city council must pass a resolution of intention to do so, give notice of its passage, etc. Where the council, in an endeavor to create such a district, passed a resolution which proclaimed the creation of the district and an intention to assess the property liable for the cost of the improvement, the proceedings were void in limine for want of a proper resolution of intention. Cooper v. City of Bozeman, 54 Mont. 277, 282, 169 Pac. 801.

Failure to pass a proper resolution of intention to create a special improvement district cannot be corrected by subsequent interpretation at the hands of the council, to the effect that the resolution passed was meant to operate as one of intention. Cooper v. City of Bozeman, 54 Mont. 277, 284, 169 Pac. 801.

Where no work has been done under contracts for the installation of a special improvement, or warrants issued, the claim that a liberal and indulgent view of faulty proceedings in creating the district should be taken has no merit. Cooper v. City of Bozeman, 54 Mont. 277, 284, 169 Pac. 801.

Publication of a notice of intention to create a special improvement district which contained the proper reference to time and place for hearing objections to its final adoption was sufficient. Allen v. City of Butte, 55 Mont. 205, 207, 175 Pac. 595.

The city council as a special tribunal to conduct the hearing is clothed with limited powers only, and no presumption

in favor of its jurisdiction will be indulged. The statute measures its authority, and compliance with the terms of the statute is a condition precedent to the right to act. Johnston v. City of Hardin, 55 Mont. 574, 579, 179 Pac. 824.

Where a resolution of intention to create a special improvement district described the boundaries of an entirely different district from that referred to in the notice served upon the owner of property affected, the city council did not acquire jurisdiction to proceed with the improvement. Johnston v. City of Hardin, 55 Mont. 574, 580, 179 Pac. 824.

The caption of a notice is no part of the notice itself, and cannot be looked to to supply any deficiency in the notice. Johnston v. City of Hardin, 55 Mont. 574, 581, 179 Pac. 824.

In the absence of the statutory notice of the city council's intention to create a special improvement district, plaintiff property owner was not called upon to act, an inference deducible from his complaint that he had actual knowledge that his property was to be included in the proposed district being insufficient. Johnston v. City of Hardin, 55 Mont. 574, 581, 179 Pac. 824.

A resolution passed by the town council reciting the creation of an improvement district and that the resolution should be deemed one of intention to create, and creating it, followed by a description of its boundaries and of the character of the proposed improvements, with an estimate of the cost, etc., and that objections to its creation and the final adoption of the resolution would be heard in a certain place at a given time, held to have been in substantial compliance with statutory provisions. Harvey v. Town of Townsend et al., 57 Mont. 407, 188 Pac. 897.

Idem. Failure of the notice mentioned in this section to refer to the resolution for a description of boundaries is insufficient to vitiate the proceedings.

5228. Charges of cost of improvement upon extended district not fronting on street improved. Whenever the contemplated work or improvement, in the opinion of the city council, is of more than local or ordinary public benefit, or whenever, according to estimates furnished by the city engineer, the total estimated costs and expenses thereof would exceed one-half the total assessed value of the lots and lands assessed, if assessed upon the lots or lands fronting upon said proposed work or improvement, according to the valuation fixed by the last assessment-roll whereon it was assessed for taxes for municipal purposes, the city council may make the expense of such work or improvement chargeable upon an extended district, and which may include other lots not fronting on the improvement, and which the said city council shall, in its resolution of intention, declare to be the district benefited by said work or improvements, and to be assessed to pay the costs and expenses thereof.

History: En. Sec. 4, Ch. 89, L. 1913. See also history of Sec. 5225.

5229. Protests against proposed work. At any time within fifteen days after the date of the first publication of the notice of the passage of the resolution of intention, any owner of property liable to be assessed for said work may make written protest against the proposed work, or against the extent or creation of the district to be assessed, or both. Such protest must be in writing, and be delivered to the said clerk of the city council, who shall indorse thereon the date of its receipt by him. At the next regular meeting of the city council after the expiration of the time within which said protest may be so made, the city council shall proceed to hear and pass upon all protests so made, and its decision shall be final and conclusive; provided, however, that when the protest is against

the proposed work, and the cost thereof is to be assessed upon the property fronting thereon, and the city council finds that such protest is made by the owners of a majority of the property fronting on the proposed work, or when the protest is against the proposed work, and the cost thereof is to be assessed upon the property within an extended district, and the city council finds that such protest is made by the owners of more than one-half of the area of the property to be assessed for said improvements, no further proceedings shall be taken for a period of six months from the date when said protest was received by the said clerk of the city council; except in case the improvements are the construction of sanitary sewers, when the said protest may be overruled by an affirmative vote of a majority of the members of the city council.

In determining whether or not sufficient protests have been filed in a proposed district to prevent further proceedings therein, property owned by a county, city, or town shall be considered the same as other property in the district. The city council may adjourn said hearing from time to time.

History: En. Sec. 5, Ch. 89, L. 1913; amd. Sec. 3, Ch. 142, L. 1915. See also history of Sec. 5225.

An alleged protest to street paving, filed by abutting owners, stating the reasons why they did not desire the paving done during a certain year, and stating that they were willing to have the street paved two years later, and that payment therefor should be required in three annual instalments, was not an unqualified protest to the paving. McMillan v. City of Butte, 30 Mont. 220, 228, 229, 76 Pac. 203.

Taxes levied by a city for special improvement purposes are absolutely void, where the city council proceeds to create an improvement district, notwithstanding owners representing more than one-half of the area of the property to be assessed to defray the cost of such improvement, appear before it and object to the adoption of the resolution creating the district for the purpose indicated. Hensley v. City of Butte, 33 Mont. 206, 210, 83 Pac. 481.

For a decision under a former statute in regard to the right of property owners to appear before the conucil and protest against the making of the proposed improvement, see Hensley v. City of Butte, 36 Mont. 32, 92 Pac. 34.

A property owner in a city, who has signed a protest against the creation of a special improvement district, may, within the time allowed for presenting such protest, withdraw therefrom, and thus defeat the protest. Hawley v. City of Butte, 53 Mont. 411, 413, 164 Pac. 305.

The provision of this section that objections to a proposed special improvement shall be heard at the next regular meeting of the city council after the expiration of the fifteen days in which protest can be made, etc., is directory only. Harvey v. Town of Townsend, 57 Mont. 407, 188 Pac. 897.

5230. Jurisdiction to order proposed improvements. When no protests have been delivered to the clerk of the city council within fifteen days after the date of the first publication of the notice of the passing of the resolution of intention, or when a protest shall have been found by said city council to be insufficient, or shall have been overruled, or when a protest against the extent of the proposed district shall have been heard and denied, immediately thereupon the city council shall be deemed to have acquired jurisdiction to order the proposed improvements. But before ordering any of said proposed improvements, the city council shall

pass a resolution creating the said special improvement district in accordance with the resolution of intention theretofore introduced and passed by the city council.

History: En. Sec. 6, Ch. 89, L. 1913; amd. Sec. 4, Ch. 142, L. 1915. See also history of Sec. 5225.

It is only after the lapse of fifteen days from the first publication of notice of intention to create an improvement district, and after all protests have been disposed of adversely to objecting property owners, that the city council shall be deemed to have acquired jurisdiction to order the improvement. Shapard v. City of Missoula, 49 Mont. 269, 278, 141 Pac. 544.

By failure of an objecting property owner to give notice of defects or irregularities in the proceedings to the council within sixty days after the contract for the work is let, he waives all claim for damages, under this section. Harvey v. Town of Townsend et al., 57 Mont. 407, 188 Pac. 897.

The passage of the resolution creating a special improvement district constitutes a sufficient order for the making of the contemplated improvements. Harvey v. Town of Townsend et al., 57 Mont. 407, 188 Mont. 897.

Cited or applied as chapter 89, Laws 1913, as amended, in Hawley v. City of Butte, 53 Mont. 411, 412, 164 Pac. 305; Cooper v. City of Bozeman, 54 Mont. 277, 282, 169 Pac. 801.

5231. Sufficiency of description after resolution of intention. In all resolutions, notices, orders, and determinations subsequent to the resolution of intention and notice of improvements, it shall be sufficient to briefly describe the work or the assessment district, or both, and to refer to the resolution of intention for further particulars.

History: En. Sec. 7, Ch. 89, L. 1913. See also history of Sec. 5225.

5232. Bid for work and award of contract. Notice inviting proposals, and referring to the specifications on file, shall be published at least twice in a daily, semi-weekly, or weekly newspaper, published and circulated in said city, designated by the council for that purpose, and in case there is no newspaper published in said city, then it shall be posted in at least three public places.

The city council may call for bids or proposals for several kinds and types of materials for any improvements proposed to be made under sections 5225 to 5257 of this code, reserving the right to select the kind or type of material to be used in making any such improvements, after the bids or proposals therefor shall have been opened, examined, and declared.

The time fixed for the opening of bids shall be not less than ten days from the time of the final publication of said notice. All proposals or bids offered shall be accompanied by a check payable to the city, certified by a responsible bank for an amount which shall not be less than ten per cent. of the aggregate of the proposal. Said proposals or bids shall be delivered to the clerk of the said city council, and said city council shall, in open session, publicly open, examine, and declare the same; provided, however, that no proposal or bids shall be considered unless accompanied by said check. The city council may reject any and all proposals or bids should it deem this for the public good, and also the bid of any party who has been delinquent or unfaithful in any former contract with the municipality, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder at the prices named in his bid.

If the bids are rejected, or no bids are received, the city council may, within six months thereafter, readvertise for proposals or bids for the

performance of the work as in the first instance, without further proceedings, and thereafter proceed in the manner in this section provided, and shall thereupon return to the proper parties the checks corresponding to the bids so rejected. But the checks accompanying such accepted proposals or bids shall be held by the city clerk of said city until the contract for doing said work, as hereinafter provided, has been entered into, either by said lowest bidder, or by the owners of over fifty per cent. of the frontage, whereupon said certified check shall be returned to said bidder. But if said bidder fails, neglects, or refuses to enter into the contract to perform said work or improvements, as hereinafter provided, then the certified check accompanying his bid, and the amount therein mentioned, shall be declared to be forfeited to said city, and shall be collected by it and paid into the general fund.

Contracts for the construction of special street improvements, let without first giving ten days' notice for bids, and more than nine months after the award, were invalid as in contravention of the provisions of this section. Cooper v. City of Bozeman, 54 Mont. 277, 284, 169 Pac. 801.

Necessity of readvertisement where bidder to whom contract is awarded fails to comply with conditions or abandons work, see note in Ann. Cas. 1916D, 1189.

5233. Contract by owner to do work. The owners of three-fourths of the frontage of lots and lands liable to be assessed, or their agents, and who shall make oath that they are such owners or agents, shall not be required to present sealed proposals or bids, but may, within three days after the said award, elect to take such work and enter into a written contract to do the whole work at a price at least five per cent. less than the price at which the same has been awarded, and all work done under such contract shall be subject to the same plans and specifications governing the lowest responsible bidder. Should the said owners fail to elect to take said work, and to enter into a written contract therefor within three days, or to commence the work within fifteen days after the date of such written contract, and to prosecute the same with diligence to completion, it shall be the duty of the city council to enter into a contract with the original bidder to whom the contract was awarded, and at the prices specified in his bid.

History: En. Sec. 9, Ch. 89, L. 1913. See also history of Sec. 5225.

5234. Reletting contract after default of contractor. But if such original bidder neglects, fails, or refuses for fifteen days after the notice of award to enter into the contract, then the city council, without further proceedings, shall again advertise for proposals or bids, as in the first instance, and award the contract for said work to the then lowest regular bidder. Should no bids be received in response to this second call for proposals, the council may again advertise for bids under the same proceedings at any time within six months from the time set for the last reception of bids, and let the contract to the then lowest bidder, and such delay shall in no way affect the validity of any of the proceedings or

assessments levied thereunder. The bids of all persons and the election of all owners, as aforesaid, who have failed to enter into the contract, as herein provided, shall be rejected in any bidding or election subsequent to the first for the same work.

History: En. Sec. 10, Ch. 89, L. 1913. See also history of Sec. 5225.

5235. Default of contractor—Reletting of work. If the contractor or owner who may have taken any contract does not complete the same within the time limited in the contract or within such further time as the city council may give him, the city engineer shall report such delinquency to the city council, which may relet the unfinished portion of said work after pursuing the formalities prescribed hereinbefore for the letting of the whole in the first instance; or the city shall have the right at its option to complete the contract, and deduct any cost in excess of the contract price thereof from any money, bonds, or warrants due such contractor, or owners, and in the event there is no money, bonds, or warrants due such contractor or owners, from which to deduct such cost, then and in such event the city shall have the right to sue such contractor or owners, and recover from him such cost.

History: En. Sec. 11, Ch. 89, L. 1913; amd. Sec. 6, Ch. 142, L. 1915. See also history of Sec. 5225.

5236. Bond of contractor. All contractors, contracting owners included, shall, at the time of executing any contract for street work, execute a bond to the satisfaction and approval of the city council, with two or more sureties, and payable to such city, in a sum not less than twenty-five per cent. of the amount of the contract, conditioned for the faithful performance of the contract, and indemnifying the city from any detriment, damage, or loss growing out of said work; and the sureties shall justify before any person competent to administer an oath, in double the amount mentioned in said bond, over and above all statutory exemptions; provided, however, that nothing herein contained shall be construed as to prevent or prohibit the city council from requiring or accepting in any case a bond furnished by a surety company authorized to transact business in the state of Montana.

Right of one furnishing labor or material to sue on bond given by public contractor, see note in Ann. Cas. 1916A, 758.

5237. Notice of defective proceedings—Penalty. At any time within sixty days from the date of the award of the contract any owner or other person, having any interest in any lot or land liable to assessment, who claims that any of the previous acts or proceedings relating to said improvements, are irregular, defective, erroneous, or faulty, or that his property will be damaged by the making of any of the improvements in the manner contemplated, may file with the city clerk a written notice, specifying in what respect said acts or proceedings are irregular, defective, erroneous, or faulty, or in what manner and to what extent his property will be damaged by the making of said improvements. Said notice shall state that it is made in pursuance of this section. All objections to any act or proceeding or in relation to the making of said improvements,

not made in writing and in the manner and at the time aforesaid, and all claims for damages therefor, shall be waived by such property owner; provided the notice of the passage of the resolution of intention has been actually published and the notices of improvements posted, as provided in this act.

History: En. Sec. 13, Ch. 89, L. 1913. See also history of Sec. 5225.

Note.—So much of the above section as makes the giving of the notice necessary in order to maintain an action for damages was held unconstitutional in Eby v. City of Lewistown, 55 Mont. 113, 120, 173 Pac. 1163.

5238. Methods for payment of improvements. To defray the cost of the making of any of the improvements provided for in this act, the city council shall adopt one of the two following methods of assessment:

(a) The city council shall assess the entire cost of such improvements against the entire district, each lot or parcel of land within such district to be assessed for that part of the whole cost which its area bears to the area of the entire district, exclusive of streets, avenues, alleys, and public places; provided, however, that the city council, in its discretion, shall have the power to pay the whole or any part of the cost of any street, avenue, or alley intersections out of any funds in its hands, available for that purpose, or to include the whole or any part of such costs within the amount of the assessment to be paid by the property in the district. In order to apportion the cost of any of the improvements herein provided for between the corner lot and the inside lots of any block, the council may, in the resolution creating any improvement district, provide that whenever any of the improvements herein provided for shall be along any side street, or bordering or abutting upon the side of any corner lot of any block, that the amount of the assessment against the property in such district, to defray the cost of such improvements, shall be so assessed that each square foot of the land, embraced within any such corner lot, shall bear double the amount of the cost of such improvement that a square foot of any inside lot shall bear.

(b) The city council shall assess the cost of such improvements against the entire district, each lot or parcel of land within such district, bordering or abutting upon street or streets whereon or wherein the improvement has been made, in proportion to the lineal feet abutting or bordering the same; provided, however, that this method of assessment shall not apply to assessments in improvement districts created under the provisions of section 5228 of this code; and provided, further, that the city council, in its discretion, shall have the power to pay the whole or any part of the cost of any street, avenue, or alley intersections out of any funds in its hands, available for that purpose, or to include the whole or any part of such costs within the amount of the assessment to be paid by the property in the district.

Whenever any portion of the surface of a street is occupied or used by any person, firm, or corporation under a franchise for railway or street railway purposes, the costs and expense of making such improvements between the rails and for one foot on each side thereof shall be paid by

the person, firm, or corporation owning such railway; and where double tracks of railway are laid along a street or streets, such person, firm, or corporation owning such railway shall pay the cost of the making of such improvement or improvements between such tracks and between all switches, turn-outs, and spurs.

Whenever any lot, piece, or parcel of land belonging to the United States, or mandatory of the government, shall front upon the proposed work or improvement, or be included within the district declared by the city council in its resolution of intention to be the district to be assessed to pay the costs and expenses thereof, said council shall, in the resolution of intention, declare that said lots, pieces or parcels of land, or any of them, shall be omitted from the assessment thereafter to be made to cover the costs and expenses of said work or improvement, and the cost of said work or improvement in front of said lots, pieces, or parcels of land shall be paid by the city from its general fund.

It shall be lawful for the owner or owners of lots or land fronting upon any street, the width and grade of which shall have been established by the city council, to perform, at his or their own expense (after obtaining permission from the council so to do, but before said council has passed its resolution of intention to order grading exclusive of this), any grading upon said street, to its full width, or to the center line thereof, and to its grade as then established, and thereupon to procure, at his or their own expense, a certificate from the city engineer, setting forth the number of cubic yards of cutting and filling made by him or them in such grading, and proportions performed by each owner, and that the same is done to established width and grade of said street, or to the center line thereof, and thereafter to file said certificate with the city engineer, which certificate the engineer shall record in a book kept for that purpose in his office, properly indexed. Whenever thereafter the city council orders the grading of said street, or any portion thereof, on which any grading certified as aforesaid has been done, the bids and contracts must express the price by the cubic yard for cutting and filling in grading; and the said owner or owners and his or their successors in interest shall be entitled to credit, on the assessment upon his or their lots and lands fronting on said street for the grading thereof, to the amount of the cubic yards of cutting and filling set forth in his or their certificate, at the prices named in the contract for said cutting and filling; or, if the grade meanwhile has been duly altered, only for so much of said certified work as would be required for grading to the altered grade; provided, however, that such owner or owners shall not be entitled to such credit as may be in excess of the assessments for grading upon the lots and lands owned by him or them, and proportionately assessed for the whole of said grading; and the city clerk shall include in the assessment for the whole of said grading upon the same grade the number of cubic yards of cutting and filling set forth in any and all certificates so recorded in his office, or for the whole of said grading to the duly altered grade so much of said certified work as would be required for grading thereto, and shall enter corresponding credits, deducting the same as payments upon the amounts assessed against the lots and land owned, respectively, by said certified owners and their successors in interest; provided, however, that

he shall not so include any grading quantities or credit any sums in excess of the proportionate assessments for the whole of the grading which are made upon any lots and lands fronting upon said street, and belonging to any such certified owners or their successors in interest. Whenever any owner or owners of any lots and lands fronting on any street shall have heretofore done, or shall hereafter do any work (excepting grading) on such street, in front of any block, at his or their own expense, and the city council shall subsequently order any work to be done of the same class in front of the same block, said work so done at the expense of such owner or owners shall be excepted from the order ordering work to be done; provided, that the work so done at the expense of such owner or owners shall be upon the official grade, and in condition satisfactory to the city engineer at the time said order is passed.

The terms, lot, lots, lands, piece or parcel of land, wherever mentioned in this act, shall be deemed to include and shall include property owned or controlled by any person, firm, or corporation as a railroad, street, or interurban railroad right of way, and wherever a railroad, street, or interurban right of way shall front on or about or parallel or be included within or divide longitudinally any street improved under the provision of this act or shall be included within any district to be assessed for the cost of any improvement provided in this act, such railroad right of way (whether the same is owned in fee or as an easement) shall be included in the assessment and shall be assessed with the same effect as other lots, lands, or pieces or parcels of land are assessed, as provided in this act, and such railroad, street, or interurban railroad right of way shall be subject to sale for non-payment of assessments as in this act provided.

To estop a taxpayer from attacking the validity of the creation of a special improvement district by payment of an instalment of the tax, the payment must have been voluntarily made. A city could not be prejudiced by the payment of such instalment tax, which, being invalid, if was not entitled to collect, and was therefore not in a position to claim an estoppel. City of Lewistown v. Warren, 52 Mont. 356, 357, 157 Pac. 954.

An easement in a city street in favor of a railway company for right of way purposes in crossing it is not susceptible of assessment for a special improvement, where the basis adopted for apportioning the cost thereof is front footage; nor is the tract itself assessable under such plan, since under it the lot or parcel of land bordering or abutting on the street on which the improvement was made must bear the cost proportionately, and a street cannot border or abut upon itself. Chicago, Milwaukee & St. Paul Ry. Co. v. Poland, 54 Mont. 497, 503, 172 Pac. 541.

Evidence to show the cost of filling plaintiff's lots and raising his buildings to grade, and the market value of the property before and after making the improvement, was competent and material in an action to recover damages occasioned by the change. Under allegations of the complaint that plaintiff's property had been permanently injured by change in street grade, rendered inaccessible and undesirable for the purposes for which used, necessitating large expenditures in filling and adjusting the lots to grade, etc., and defendant's denial of any damage whatever, the latter was entitled to introduce evidence tending to show that the property had not been injured, or that the damage was less than claimed by plaintiff. 5239. Sewer systems. A sewer system may be established in a city, which system may be divided into public, district, and private sewers.

Public sewers may be established and constructed along the principal course of drainage at such times, to such an extent, of such dimensions and material, and under such regulations as may be prescribed by the council; and there may be constructed such branches and extensions of sewers already constructed, or to be constructed, as may be considered expedient.

To defray the cost of such public sewers, the council may appropriate moneys therefor from the general or sewer fund, or by availing itself of moneys derived from a bond issue authorized by the constitution and laws of the state.

It is further provided that when a public or main sewer also serves as a district sewer, the city council may assess the property bordering or abutting upon such public sewer, either at the time of its construction or at any future time, for an amount equal to the estimated cost of such district sewer capable of accommodating such property.

History: En. Sec. 15, Ch. 89, L. 1913. See also history of Sec. 5225.

The theory upon which a municipality may levy an assessment for a special improvement, such as the construction of a sewer, is that the property charged receives a corresponding physical, material, and substantial benefit from the improvement. Property subject to sewer assessment, see note in Ann. Cas. 1915D, 384.

5240. Assessment to pay cost of improvements. To defray the cost of making improvements in any special improvement district, or of acquiring property for the opening, widening, or extending any street or alley, or to defray the cost and expense of changing any grade of any street, avenue, or alley, the city council shall by resolution levy and assess a tax upon all property in any district created for such purpose, by using for a basis for assessment one of the methods set forth in section 5238 of this code. Such resolutions shall contain a description of each lot and parcel of land, with the name of the owner, if known, and the amount of each partial payment to be made, and the day when the same shall become delinquent.

The payment of assessments to defray the cost of constructing any improvements in special improvement districts may be spread over a term of not to exceed twenty years, payments to be made in equal annual instalments.

History: En. Sec. 16, Ch. 89, L. 1913; amd. Sec. 7, Ch. 142, L. 1915. See also history of Sec. 5225.

5241. Hearing of objections—Modification of assessment. Such resolution, signed by the mayor and clerk, shall be kept on file in the office of the city clerk, and a notice signed by the city clerk stating that the resolution levying the special assessment to defray the cost of such improvements is on file in his office, subject to inspection for a period of five days, shall be published at least once in a newspaper published in the city or town. Such notice shall state the time and place at which objections to the final adoption of such resolution will be heard by the

council, and the time for such hearing shall not be less than five days after the publication of such notice. At the time so fixed the council shall meet and hear all such objections, and for that purpose may adjourn from day to day, and may, by resolution, modify such assessment in whole or in part. A copy of such resolution, certified by the city clerk, must be delivered to the city treasurer within two days after its passage.

History: En. Sec. 17, Ch. 89, L. 1913. See also history of Sec. 5225.

5242. Care of street parking—Resolution levying assessment. Where trees have been planted, grass plots constructed, and grass sown thereon, or any one or more of said improvements have been made in a special improvement district, it is hereby made the duty of the council of said city or town to cause said trees and grass to be watered, the grass cut, and trees trimmed, and to otherwise maintain and preserve said improvements, as the council shall deem suitable and proper, and the whole cost of so maintaining said improvements in any improvement district shall be paid by assessing the entire district in either one of the two methods set forth in section 5238 of this code. It shall be the duty of said council to estimate, as near as practicable, the cost of maintaining the improvements in east district for the season; and before the first Monday in September of each year, the council shall pass and finally adopt a resolution levying and assessing all the property within the several districts with an amount equal to the whole cost of maintaining said improvements within the several districts, and in the manner as hereinabove provided. Said resolution levying assessments to defray the cost of maintenance of such improvements shall be in every manner prepared and certified to the same as a resolution levying assessments for making improvements in said special improvement districts, and the money collected therefor shall be paid into a fund known as "special improvement district No. ... maintenance fund," the number of which shall correspond with the number of the special improvement district in which the improvements so maintained are situate; provided, however, that the city council shall have the power not more than once in a year of changing by resolution the boundaries of any maintenance district.

History: En. Sec. 18, Ch. 89, L. 1913. See also history of Sec. 5225.

5243. Damages to property and payment thereof. Whenever the owner or any one interested in any property situated within any special improvement district, after having filed with the clerk the written notice required by section 5237 of this code, shall be awarded or recover any amount on account of damages sustained to such property by reason of the construction of any improvement in said special improvement district, if the resolution levying assessment to defray the cost of making such improvements in said district has not been passed and adopted by the city council, the amount so awarded or recovered shall be added to and constitute a part of the cost of the making such improvements; but if the resolution levying assessments to defray the costs and expenses of making said improvements has been passed and adopted by the city council, it shall pass and adopt a supplemental resolution levying additional assessments against all the property in said district for the purpose

of paying the amount so awarded or recovered. Said supplemental resolution shall be made and in every manner prepared and certified the same as the original resolution levying assessments to defray the cost of making such improvements.

History: En. Sec. 19, Ch. 89, L. 1913. See also history of Sec. 5225.

Cited or applied as section 19, chapter 89, Laws 1913, before amendment, in Eby v. City of Lewistown, 55 Mont. 113, 120, 173 Pac. 1163.

5244. Construction of sidewalks and curbs without formation of special improvement district. The city council may order sidewalks and curbs constructed in front of any lot or parcel of land without the formation of a special improvement district, and whenever the council shall order any such sidewalk or curb constructed, such order shall be entered upon the minutes of the council and shall name the street along which said sidewalk or curb is to be constructed. After the making of such order, written notice thereof shall be given the owner or agent of such property, in such manner as the council may direct. If the owner or agent of such lot or parcel of land shall fail or neglect for a period of thirty days after the date of service of such notice to cause such sidewalk or curb to be constructed, the city may construct or cause such sidewalk or curb to be constructed, and shall assess the cost thereof against the property in front of which the same is constructed.

When any such sidewalk or curb is constructed by or under direction of the city council, payment for the construction thereof shall be made by special warrants in such form as may be prescribed by ordinance drawn against a fund to be known as "special sidewalk and curb fund," which warrants shall bear interest at the rate of six per cent. per annum, and the council may provide for the payment of said interest annually.

The payment of assessments to defray the cost of construction of said sidewalks and curbs may be spread over a term of not to exceed eight years, payment to be made in equal annual instalments.

The city council shall annually, and before the first Monday of October of each year, pass and adopt a resolution levying an assessment and tax against each lot or parcel of land in front of which sidewalks and curbs have been constructed under orders of the city council. Said resolution levying such assessment shall be in every manner prepared and certified the same as resolutions levying assessments for the making of improvements in special improvement districts.

History: En. Sec. 20, Ch. 89, L. 1913. See also history of Sec. 5225.

5245. Interest on assessments. Upon all special assessments and taxes, levied and assessed in accordance with any of the provisions of this act, simple interest shall be charged at the rate of six per cent. per annum, and the treasurer, in collecting such special assessment taxes, if the same are payable in one instalment, shall collect such interest as may be shown to be due thereon by the resolution levying such assessment; and if such assessment be payable in instalments the treasurer shall, at the time of collecting the first instalment, collect such interest as may be shown to be due on such assessment by the resolution levying such assessment, and

thereafter he shall collect with each subsequent instalment interest on the whole amount remaining unpaid.

History: En. Sec. 21, Ch. 89, L. 1913. See also history of Sec. 5225.

5246. Costs and expenses considered as cost of improvements. The cost and expense connected with and incidental to the formation of any special improvement district, including costs of preparation of plans, specifications, maps, plats, engineering, superintendence, and inspection, and preparation of assessment-rolls, shall be considered a part of the cost and expenses of making the improvements within such special improvement district; and it shall be the duty of the city engineer to keep an account of all costs and expenses incurred in his office in connection with every special improvement district, and certify the same to the city clerk, whose duty it shall be to prepare all necessary schedules and resolutions levying taxes and assessments in such special improvement districts.

History: En. Sec. 22, Ch. 89, L. 1913. See also history of Sec. 5225.

5247. Assessments as lien upon property. Any special assessment made and levied to defray the cost and expense of any of the work enumerated in this act, together with any percentages imposed for delinquency and for cost of collection, shall constitute a lien upon and against the property upon which such assessment is made and levied, from and after the date of the passage of the resolution levying such assessment, which lien can only be extinguished by payment of such assessment with all penalties, costs, and interest.

History: En. Sec. 23, Ch. 89, L. 1913. See also history of Sec. 5225.

Where the city council had acquired jurisdiction to order a special improvement and levy the assessment to pay for it, the assessment became a lien against the property benefited by it from the date the assessment became due, not affected by the circumstance that plaintiffs had recovered judgments against the city for damages caused by the improvement. 5248. Mistakes or misnomers not to invalidate assessment. When under any of the provisions of this act special taxes and assessments are assessed against any lot or parcel of land as the property of a particular person, no misnomer of the owner or supposed owner, or other mistake relating to the ownership thereof, shall affect such assessment, or render it void or voidable.

Such bonds or warrants shall be drawn in substantially the following form:

Any special tax upon reassessment or relevy shall, so far as is practicable, be levied and collected as the same would have been if the first levy had been enforced; and any provisions of any law or ordinance specifying a time when, or order in which acts shall be done in a proceeding which may result in a special tax, shall be taken to be subject to the qualifications of this act. Any and every ordinance, or part thereof, of any council, heretofore passed in substantial conformity with this section, is hereby legalized.

5261. Resolution of intention—Protests—Hearing—Public property—Contracts for work and materials. Before creating any special improvement lighting district in any such city or town, for the purpose of lighting any street or streets or public highway, or section thereof, in accordance with the provisions of this act, the council shall pass a resolution of inten-

tion so to do, which resolution shall designate the number of such district, describe the boundaries thereof, and state therein the general character of the improvement or improvements which are to be made, and an approximate estimate of the cost thereof; also an approximate estimate of the cost of maintaining such lights and supplying electrical current therefor for the first year, and the proportion of such cost to be assessed against the abutting property, including such street or other railway.

Upon having passed such resolution, the council must give notice of the passage of such resolution of intention, which notice must be published for five days in a daily newspaper, or in some one issue of a weekly newspaper in the city or town, or in case no newspaper be published in such city or town, then by posting for five days in three public places in the city or town, and a copy of such notice shall be mailed to every person, firm, or corporation, or the agent of such person, firm, or corporation having property within the proposed district, at his last known address, upon the same day such notice is first published or posted. Such notice must describe the general character of the improvement so proposed to be made, and state the estimated cost thereof; also the estimated cost of maintaining the lights and supplying the electrical current therefor within such district for the first year; and designate the time when and the place where the council will hear and pass upon all protests that may be made against the making of such improvement or the creation of such district, and such notice shall refer to the resolution on file in the office of the city clerk for a description of the boundaries.

At any time within fifteen days after the date of the first publication of the notice of passage of the resolution of intention, any owner of property liable to be assessed for said work may make written protest against the proposed work, or against the extent or creation of the district to be assessed, or both. Such notice must be in writing and be delivered to the said clerk of the city council, who shall indorse thereon the date of its receipt by him.

At the next regular meeting of the city council, after the expiration of the time within which said protests may be so made, the city council shall proceed to hear and pass upon all protests so made, and its decision shall be final and conclusive; provided, however, that when the protest is against the proposed work and the cost thereof is to be assessed upon property fronting thereon, and if the city council finds that such protest is made by the owners of a majority of the property fronting on the proposed work, no further proceedings shall be taken for a period of six months from the date when said protests was received by the said city clerk of said city council.

In determining whether or not sufficient protests have been filed in a proposed district to prevent further proceedings therein, property owned by a county, city, or town shall be considered the same as other property in the district. The city council may adjourn said hearing from time to time.

When no protests have been delivered to the clerk of the city council within fifteen days after the date of the first publication of the notice of the passage of the resolution of intention, or when a protest shall have been found by the city council to be insufficient, or shall have

been overruled, or when a protest against the extent of the proposed district shall have been heard and denied, immediately thereupon the city council shall be deemed to have acquired jurisdiction to order the proposed improvements; but before ordering any of said proposed improvements, the city council shall pass a resolution creating the special improvement lighting district in accordance with the resolution of intention theretofore introduced and passed by the city council.

The city or town council may cause the posts, wires, pipes, conduits, lamps, or other suitable and necessary appliances, for the purpose of lighting said streets, to be procured and erected by contract or by the street commissioner, or by any other official of the city or town, in such way and manner as the council shall provide, and after such lighting system has been installed, may, by contract, in such way and manner as the council shall elect, cause the lights to be maintained thereon and electrical current furnished therefor; provided, that the posts in any such district shall be of uniform size and character, and shall be distributed uniformly upon the street or streets or public highways, or section thereof to be lighted in any such district.

At any time within sixty days from the date of the award of any contract by a city or town council under the provisions of this act, or at any time within sixty days from the date, the city or town council requires or instructs the street commissioner, or any other official of the city or town, to cause the posts, wires, pipes, conduits, lamps, or other suitable and necessary appliances for the purpose of lighting said streets of said city or towns, to be procured and erected, any owner or other person having any interest in any lot or land liable to assessment, who claims that any of the previous acts or proceedings relating to said improvements are irregular, defective, erroneous or faulty, or that his property will be damaged by the making of any improvements in the manner contemplated, may file with the city clerk, who shall deliver the same to the city or town council, a written notice specifying in what respect said acts or proceedings are irregular, defective, erroneous, or faulty, or in what manner and to what extent his property will be damaged by the making of said improvements. All objections to any act or proceeding, or in relation to the making of said improvements not made in writing and in the manner at the time aforesaid, and all claims for damage therefor, shall be waived by such property owners; provided, the notice of the passage of the resolution of intention has been actually published, and the notices of improvements posted as provided in this act.

History: En. Sec. 3(a), Ch. 243, L. 1921.

5263. Bonds and warrants—Interest—Redemption. All cost and expenses incurred in the construction of the improvement specified in this act shall be paid for by special improvement lighting district bonds or warrants, in such form as may be prescribed by ordinance drawn against a fund to be known as "Special improvement lighting district No..... fund." Said warrants or bonds shall be in the denomination of one hundred dollars or fractions or multiples thereof; and may be issued in

instalments. Such warrants or bonds shall be redeemed by the treasurer when there is money in the fund against which said warrants or bonds are issued available therefor, and may extend over a period not to exceed eight years, and shall hear interest at the rate of six per cent. per annum from the date of registration thereof, until called for redemption or paid in full, interest to be payable annually on the first day of January of each year as expressed by the interest coupon attached thereto, which may bear the engraved facsimile signature of the mayor and city clerk.

5264. Preparatory expense—Accounts by engineer. The cost and expense connected with and incidental to the formation of any such district, including the cost of preparation of plans, specifications, maps, plats, engineering, superintendence, and inspection, including the compensation of the city engineer for work done by him, and the cost of printing and advertising as provided in this act, and the preparation of assessment-rolls, shall be considered a part of the cost and expenses of making the improvements within such special improvement district; and it shall be the duty of the city engineer to keep an account of all costs and expenses incurred in his office in connection with every special improvement district, and certify the same to the ctiy clerk, whose duty it shall be to prepare all necessary schedules and resolutions levying taxes and assessments in such special improvement districts.

History: En. Sec. 5, Ch. 143, L. 1915.

5265. Resolution assessing cost of improvement—Notice—Hearing. It shall be the duty of the city or town council to ascertain the cost of installing such lighting system, and on or before the first Monday in October pass and finally adopt a resolution levying and assessing all of the property embraced within said district, including any street or other railway, with not less than one-fourth nor more than three-fourths of the entire cost of installing the same; each lot or parcel of land in said district to be assessed for that part of the whole cost which its linear feet in front of or abutting said street, avenue, alley, or public highway bears to the total number of linear feet in front of or abutting the streets, avenues, alleys, or public highways included within said special improvement district, and levying and assessing against any street or other railway upon such street or public highway, or portion thereof, included in such district, not to exceed one-sixth of the total cost of such installation, electrical current, and maintenance, which proportion shall be determined by the city or town council. Any such resolution shall contain a list in which shall be described each lot or parcel of land, and any street or other railway with the name of the owner thereof, if known, and the linear number of feet fronting or abutting upon the street or public highway to be lighted, and the amount levied thereon set opposite. Such resolution, signed by the mayor and city clerk, shall be kept on file in the office of the city clerk, and a notice signed by the city clerk, stating that the resolution levying the assessment to defray the portion of the cost of installing and maintaining said lights, and supplying electrical current therefor for the first year, as determined by the city or town council, is on file in his office subject to inspection for a period of five days, shall be published at

least once in a newspaper published in the city. Such notice shall state the time and place at which objections to the final adoption of such resolution shall be heard by the city or town council, and the time for such hearing shall not be less than five days after the publication of such notice. At the time so fixed, the council shall meet and hear all such objections, and for the purpose may adjourn from day to day, and may modify such resolution in whole or in part. A copy of such resolution as finally adopted, certified by the city clerk, must be delivered within two days after its passage to the city treasurer. All moneys derived from the collection of such assessments shall constitute a fund to be known as "Special improvement lighting district No. ..... fund."

History: En. Sec. 6, Ch. 143, L. 1915.

5266. Contract for maintenance of lights—Assessment to pay cost. The lights in each district shall be maintained by contract for such period of time and in such way or manner as the city or town council shall elect; provided, however, that the city or town council shall not let a contract for a period to exceed three years. It shall be the duty of the city or town council to estimate, as near as practicable, the cost of maintaining such lights and furnishing electrical current therefore each year, and the proportion thereof to be assessed against the abutting or other property, including any such street or other railway, and before the first Monday in October pass and finally adopt a resolution levying and assessing said property, including any such street or other railway within said district, with an amount equal to the proportion of the cost of such maintenance and electrical current so determined to be specially assessed against said property. Said resolution levying and assessing said portion of the cost of maintenance, and for furnishing electrical current therefor, shall be prepared and certified to in the same manner as the resolution provided for in the preceding section, and the same notice and hearing shall be given thereon, and shall be adopted and certified, and the assessment collected, in the same manner, as near as may be, as in the case of the resolution provided for in the preceding section. All moneys derived from the collection of the assessments provided for in such resolution shall be paid into a fund known as "Special improvement lighting district No. .....maintenance fund," and the number of which shall correspond with the number of the lighting district, for the maintenance of and the supplying of electrical current for which the tax is levied, and such fund shall be used to defray the expense of maintaining and furnishing electrical current for the lights in said district, and for no other purpose. Any special assessment levied and made for any of the purposes aforesaid, together with all costs and penalties, shall constitute a lien upon and against the property upon which said assessment is made and levied, from and after the date of the final passage and adoption of the resolution leving the same; which lien can only be extinguished by payment of such assessment, with all penalties, costs, and interest.

History: En. Sec. 7, Ch. 143, L. 1915.

5267. Effect of mistake as to ownership of property. When, under any of the provisions of this act, special taxes and assessments are assessed against any lot or parcel of land as the property of a particular person, no

misnomer of the owner or supposed owner, or other mistake relating to the ownership thereof, shall affect such assessment, or render it void or voidable.

History: En. Sec. 8, Ch. 143, L. 1915.

5268. Remedies for correction of errors. All remedies, provisions, and means provided by existing laws or by the ordinances of any city availing itself of the provisions of this act for the correction of errors or omissions in the adoption of any resolution or proceeding, or in the levy of any assessment, or for the collection thereof, or for the enforcement of any such levy by sale of the property against which any assessment shall be made, or for the redemption of such property from such sale, or otherwise applicable to the administration of this act, shall be available in the administration hereof, the same to all intents and purposes as would be the case were such remedies, provisions, and means made a part hereof.

History: En. Sec. 9, Ch. 143, L. 1915.

5269. Discontinuance of operation of system—Procedure. If, at any time after the creation of any special improvement lighting district, a petition shall be presented to the city or town council, signed by the owners or agents of more than three-fourths of the total number of linear feet of the property fronting or abutting upon any street or public highway, or portion thereof, included within such district, asking that the maintenance and operation of such special lighting system, and the furnishing of electrical current therefor, in such district be discontinued, the city or town council shall thereupon, by resolution, provide for discontinuing the maintenance and operation of the lighting system; provided, however, that if the city or town council shall have, prior to the presentation of such petition, entered into any contract for the maintenance and operation of such lighting system, such maintenance and operation shall not be discontinued until after the expiration of the contract.

History: En. Sec. 10, Ch. 143, L. 1915.

5270. Repealing and saving clauses. All acts and parts of acts in conflict herewith are hereby repealed; provided, however, that each and every special improvement lighting district created, or attempted to have been created, and each and every bond and warrant issued, and each and every assessment made and heretofore created under and by virtue of any of the acts of 1911 and 1913, shall not be invalidated, but the same are hereby validated, legalized, and approved.

History: En. Sec. 11, Ch. 143, L. 1915.

5271. Property of the United States not liable for costs. Whenever any lot, piece, or parcel of land belonging to the United States, or mandatory of the government, shall front upon the proposed work or improvement, or be included within the district declared by the city or town council in its resolution of intention to be the district to be assessed to pay the costs and expenses thereof, said council shall, in the resolution of intention, declare that said lots, pieces, or parcels of land, or any of them, shall be omitted from the assessment thereafter to be made to cover the cost and expenses of said work or improvement, and the cost of said work

or improvement in front of said lots, pieces, or parcels of land shall be paid by the city from its general fund.

5272. Street-sprinkling. Whenever the council of any city or town desires to sprinkle the whole or any part of their city or town, as provided in this chapter, it shall provide by ordinance a method of doing said work, and paying for the same under the following restrictions and regulations.

5273. Same—Creation of districts. A resolution dividing the whole or any part of their city or town into sprinkling districts, to be known and designated by number, shall be passed; said resolution shall plainly define the boundaries of the several districts, or enumerate the streets, alleys, and public places, or any part thereof, constituting the different districts.

History: En. Sec. 25, p. 218, L. 1897; re-en. Sec. 3391, Rev. C. 1907.

5274. Same—Change of district. When once defined, sprinkling districts shall not be changed during the same calendar year, but may be changed by resolution the following year, or any year thereafter.

History: En. Sec. 26, p. 218, L. 1897; re-en. Sec. 3392, Rev. C. 1907.

5275. Assessment to pay for work. The sprinkling in districts so established may be done by contract, or by forces employed by the city or town, or by both, in such manner as the council may elect, and it shall be the duty of said council to estimate, as near as practicable, the cost of sprinkling in such districts so established for the season, and before the first Monday in November of each year they shall pass and finally adopt a resolution levying and assessing all the property within the several districts with an amount equal to not less than seventy-five per cent. of the entire cost of said work, exclusive of the cost of sprinkling parks and public places.

History: En. Sec. 27, p. 218, L. 1897; amd. Sec. 3, Ch. 123, L. 1903; re-en. Sec. 3393, Rev. C. 1907.

5276. Same—Ratio of assessment. The rate of taxation in each sprinkling district shall be determined by dividing the total cost of sprinkling the same by the total number of linear feet of property in front of or bordering upon which sprinkling has been done, and each lot or parcel of land shall be assessed for as many linear feet as border upon any street that has been sprinkled.

History: En. Sec. 28 p. 218, L. 1897; re-en. Sec. 3394, Rev. C. 1907.

which shall be described the lot or parcel of land assessed, with the name of the owner thereof, if known, and the amount levied thereon set opposite; such resolution shall be kept on file in the office of the city clerk, and a notice signed by the city clerk, stating that the resolution levying special assessment to defray the cost of sprinkling in the several districts is on file in his office and subject to inspection for a period of five days, shall be published at least once in a newspaper published in a city or town. Such notice shall state the time and place at which objections to the final adoption of such resolution will be heard by the council, and the time for such hearing shall be not less than five days after the publication of such notice. At the time so set, the council shall meet at their regular place of meeting and hear all objections which may be made to such assessment, or any part thereof, and may adjourn from time to time, for that purpose, and may, by resolution, modify such assessment in whole or in part. A copy of such resolution, certified by the city clerk, must be delivered to the city treasurer on or before the first Monday in October, and such assessment shall shall be placed upon the tax-roll, and collected in the same manner as other taxes.

5278. Creation of indebtedness—Submission to taxpayers. Whenever the council of any city or town, having a corporate existence in this state, or hereafter organized under the provisions of this title, shall deem it necessary to borrow money or contract indebtedness under its powers, as set forth in subdivision 64 of section 5039 of this code, or amendments thereto, the question of issuing bonds or contracting such indebtedness shall first be submitted to the qualified electors of such city or town in the manner hereinafter set forth; provided, that taxpayers only, as defined by section 544 of this code, shall be entitled to vote on questions concerning the construction, purchase, or securing of a water plant, water system, water supply, or sewerage system.

5279. Notice of election—Ballots—Registration of voters. Notice of such election must be published for a period of not less than three weeks in some newspaper published in the city or town, if there be one, and if not, then in the newspaper published at a point in the state nearest to the city or town, and such notice must be posted in not less than three public places in the city or town. The notice must state the time and place of holding the election, the amount and character of the bonds proposed to be issued, and the particular purpose therefor. At such election the ballots must contain the words "Bonds—Yes," "Bonds—No;" and in voting, the elector must make a cross thus, "X," opposite the answer for which he intends to vote. Such election must be conducted and canvassed and the returns made in the same manner as other city or town elections. The council may provide by ordinance for the registration of the taxpayers or qualified electors of such city or town, and no person shall be entitled to register or vote as such election who is not a taxpayer or qualified elector as hereinbefore set forth.

History: Sec. 3455, Rev. C. 1907. See also history of Sec. 5278.

This section does not require that the notice of an election called for the purpose of obtaining authority to issue water and sewer bonds shall state the time of payment of interest thereon, inasmuch as section 5283 provides that it shall be paid semi-annually, and the elector must be presumed to have understood that the time of payment would be that fixed by the statute. Carlson v. City of Helena, 39 Mont. 82, 111, 102 Pac. 39, 17 Ann. Cas. 1233.

Necessity of compliance with statutory requirements in notice of election to vote on issue of municipal bonds, see note in 18 Ann. Cas. 1137.

Necessity that propositions submitted to voters be stated singly, see note in 2 Ann. Cas. 369.

Validity of ordinance authorizing incurring of indebtedness or appropriation of money for two or more purposes, see note in 14 L. R. A. (N. S.) 519.

5280. Notice of sale of bonds. If the majority of the votes cast at the election be for "Bonds—Yes," the council must give notice by advertising in some paper published in the city or town, if there be one, and if not, then in the newspaper published at a point in the state nearest to the city or town, and also in some newspaper published in New York city for a period of not less than four weeks, to the effect that the city or town will sell such bonds, briefly describing them, at public auction, and stating the time when and place where such sale will take place.

History: Sec. 3456, Rev. C. 1907. See also history of Sec. 5278.

Cited or applied as section 3456, Revised Codes, in Carlson v. City of Helena, 38 Mont. 581, 587, 101 Pac. 163.

5281. Form of bond. Such bonds must be in such form as the council, by ordinance, directs, and be in the denominations of one hundred dollars or multiples thereof. The bonds and coupons attached must be signed by the mayor and the city or town clerk, and the date of issue must be registered by the clerk; provided, a lithographic or engraved facsimile of the signatures of the mayor and the city or town clerk may be affixed to the coupon only, when so recited in the bond. The bonds must be sold at not less than their par value, and at a rate not exceeding six per cent. per annum, payable semi-annually; provided, that the bonds may be sold either to the bidder offering the highest price for them, or the bidder offering to purchase the bonds at the lowest rate of interest, which rate shall not

exceed six per cent. per annum, and a notice of sale must clearly state which form of bids is required. In case bonds authorized to be issued to fund outstanding bonds or warrants shall not be sold at or after the advertised date of sale, the city may exchange the same at not less than par for such outstanding bonds or warrants at their face value, with accrued interest added.

History: Sec. 3457, Rev. C. 1907. See also history of Sec. 5278.

5282. Disposition of proceeds of sale. The money arising from the sale of bonds must be paid into the city or town treasury, and applied only to the purposes for which the bonds were issued.

History: Sec. 3458, Rev. C. 1907. See also history of Sec. 5278.

5283. Tax for interest and sinking fund—Place of payment. A tax to be fixed by ordinance must be levied each year for the purpose of paying interest on the bonds, and to create a sinking fund for their redemption. The treasurer of such city or town must pay, in lawful moneys of the United States, on each first day of January and the first day of July after the issue of the bonds, the interest due thereon, upon presentation at his office of the proper coupons, which must show the amounts due and the number of the bonds to which they severally belong. In case the purchaser of such bonds gives the treasurer notice in writing that he wishes the bonds so held by him, and the interest thereon, to be paid in New York city, then such bonds and coupons shall be payable in New York city at such bank as shall be designated by the city or town treasurer, and all bonds and coupons so paid must be returned to the city or town council at its next monthly meeting, and must be immediately canceled by the clerk.

History: Sec. 3459, Rev. C. 1907. See also history of Sec. 5278.

The legislature, in the enactment of this section, clearly evinced the intention that the interest instalments falling due, from time to time, upon water and sewer bonds, should not be deemed an indebtedness within the meaning of the constitution, but that they should be paid out of the special fund thus created. Carlson v. City of Helena, 39 Mont. 82, 102, 102 Pac. 39, 17 Ann. Cas. 1235.

The requirement of the constitution, that the revenues derived from a water plant shall be devoted to the payment of a debt contracted for a water supply, does not imply a prohibition upon the legislature to grant the authority to a municipality to make additional provision for payment, which it has done in this section. Carlson v. City of Helena, 39 Mont. 82, 108, 102 Pac. 39, 17 Ann. Cas. 1233.

Cited or applied as section 3459, Revised Codes, in Carlson v. City of Helena, 38 Mont. 581, 587, 101 Pac. 163.

5284. Redemption of bonds. The bonds shall be made payable in not to exceed twenty years, and redeemable at such times as are prescribed in the ordinance directing their issue. Whenever, at any time after such bonds become redeemable, the sum in the sinking fund equals or exceeds one thousand dollars, the city or town treasurer must cause a notice to be published in one newspaper published in such city or town, that he will in thirty days from the date of such notice redeem said amount of the bonds which may then be payable, giving the number thereof, and calling for said bonds in their numerical order; and if, at the expiration of said thirty days, the holder of any bond thus called fails or neglects to present the same for payment, interest thereon must cease; but the treasurer must at all times thereafter be ready to redeem the same on presentation. Such notice must also be sent by mail to the bank in New York city which the

treasurer has designated as the bank at which the bonds and the interest thereon will be paid.

History: Sec. 3460, Rev. C. 1907. See also history of Sec. 5278.

This section is mandatory in its provisions, both as to the term during which the bonds may run and as to the requirement that the council must reserve the option to redeem prior to maturity. The requirement in both these respects is a limitation upon the power to issue the bonds, and disregard of it in either would render them void. Carlson v. City of Helena, 39 Mont. 82, 109, 102 Pac. 39, 17 Ann. Cas. 1233.

5285. Funded debt. The council of any city or town having a floating indebtedness of ten thousand dollars or more may fund the indebtedness and issue bonds with coupons attached thereto, as hereinafter provided in this chapter.

History: En. Sec. 4982, Pol. C. 1895; re-en. Sec. 3461, Rev. C. 1907.

A city may, through its council, issue bonds for the purpose of funding its floating indebtedness, without submitting the matter to a vote of the taxpayers. Parker v. City of Butte, 58 Mont. 531, 535, 193 Pac. 748.

5286. Proceedings to fund. The council, by a resolution, must declare that the existing indebtedness of the town or city shall be funded by the issuance of such bonds. The bonds must be issued for a sum not less than one hundred dollars nor more than one thousand dollars. The interest thereon must not exceed six per cent. per year, payable semi-annually, and may issue to any person holding city or town warrants, indebtedness, or just claims against a city or town prior to the passage of such resolution, at par.

History: En. Sec. 4983, Pol. C. 1895; re-en. Sec. 3462, Rev. C. 1907.

The power of the legislature to grant authority to cities and towns to fund an existing indebtedness cannot be questioned. Parker v. City of Butte, 58 Mont. 531, 535, 193 Pac. 748.

5287. Mode of redemption. The issuance of such bonds, the payment of interest thereon, and redemption thereof, must be made in the same manner, and the same proceedings had as provided in relation to other municipal bonds, except that such bonds are redeemable and payable at such time as prescribed in the ordinance.

History: En. Sec. 9, p. 228, L. 1897; re-en. Sec. 3463, Rev. C. 1907.

5288. Refunding bonds. The city or town council of any city or town of the state of Montana shall have and is hereby given, in addition to the power already conferred upon it, authority to issue refunding bonds upon the credit of said city or town (and sell or dispose of the same), for the purpose of providing the necessary funds to pay maturing, redeemable, or optional bonds, under the following conditions, to-wit:

1. When there is not sufficient money to the credit of said city or town applicable to pay any of said bonds;

2. When, in the judgment of the city or town council, to levy and collect a tax, for the purpose of paying any of said bonds, would be a hardship and a burden to said city or town;

3. All bonds issued under the provisions of this section shall bear upon their face the words, "Refunding city or town bonds," as the case may be, and shall also recite in the body of the bonds that "This bond is issued for the purpose of providing funds to pay maturing, redeemable, optional, and outstanding bonds," as the case may be;

4. Said bonds shall bear interest at a rate not to exceed six per cent. per annum, with interest payable semi-annually, and payable and redeemable within a period not exceeding twenty years from the date of the issue; provided, said bonds shall not exceed in amount the face value of the bonds (and any accrued interest thereon) which they are issued to replace;

5. The city or town council shall fix the denomination, term, rate, and form of said bonds, not inconsistent with the requirements hereinbefore set forth; and may issue, dispose of, or sell said bonds, at any time deemed necessary and expedient to enhance, preserve, and maintain the credit of said city or town;

6. Said bonds, when offered for sale, shall be advertised for sale in not less than one newspaper of general circulation, published in the state of Montana, for a period of not less than four weeks preceding the date fixed for the sale of said bonds, and said bonds may, in the discretion of the said city or town council be advertised in a financial newspaper published in the city of New York of general circulation; said advertisement shall briefly describe the bonds, stating the time when, and the place where said sale shall take place; provided, that said bonds shall not be sold at less than par value and accrued interest, and the said city or town council is authorized to reject any bids made, and sell said bonds at private sale, or exchange them for outstanding bonds, if they deem it for the best interest of the said city or town to do so, and it shall not be necessary to hold any election or submit the matter of the issuance of the bonds authorized by this act to the electors of said city or town;

7. Said bonds and coupons attached shall be signed by the mayor and clerk of said city or town; provided, a lithographic or engraved facsimile of the signatures of the mayor and clerk may be affixed to the coupons only when so recited in the bonds, and the corporate seal of said city or town shall be affixed to each bond;

8. Each bond so issued shall be registered by the city or town clerk in a book provided for that purpose, which shall show the date, number, term, and amount of each bond, and the person or persons to whom the bonds are issued and sold.

Wherever a petition is presented to the board of county commissioners of any county, or to the council of any incorporated city or town, signed by at least one hundred of the resident taxpayers of such county or incorporated city or town, requesting that a contract be made and vote taken under this act, it shall be the duty of the board of county commissioners of such county or council of such incorporated city or town, as the case may be, to enter into and make a contract for the abatement of such injurious and unhealthy smoke or fumes, or for conducting or carrying the same away, so as to remove or lessen the injurious and unhealthy results thereof as effectually as the same can be done. Such contract shall be entered into and made with such person or persons, corporation or corporations, and contain such provisions and conditions as will, in the opinion of the board of county commissioners or council of said incorporated town or city, as the case may be, best accomplish the purpose aforesaid, and shall take effect and be in force as provided in this act.

CHAPTER 59.

DAMAGE CAUSED BY CHANGE OF GRADE.

Section 5300. Damages Must Be Paid on Change of Grade.
5301. Appraisement of Damages.
5302. Time for Report to Be Made.
5303. Appeals and Proceedings Thereunder.
5304. Issues Made.
5305. Costs—How Taxed.

5300. Damages must be paid on change of grade. When the grade of any street or sidewalk in any city or town is established by the corporate authority of such city or town, and a building shall thereafter be constructed upon a lot abutting on said street, no change must be made in the grade of such street or sidewalk which requires the raising or lowering of any building so constructed until the damages which may accrue by reason of such raising or lowering are ascertained and paid, as is hereinafter provided.

History: En. Sec. 4940, Pol. C. 1895; re-en. Sec. 3441, Rev. C. 1907.

Right of abutting owner to damages for change of grade, where improvements have been made in reliance on established grade, see note in Ann. Cas. 1916E, 371.

Joinder in petition for change of grade as waiver of, or estoppel to claim, compensation for resulting damage, see note in 20 Ann. Cas. 876.

Duty of municipality to care for surface water on raising grade, see note in 65 L. R. A. 253.

Liability of municipal corporation for nuisance caused by change of highway grade, see note in 1 L. R. A. (N. S.) 129.

Right to damages for deprivation of switch connections with railroad on change of street grade, see note in Ann. Cas. 1914C, 273.

5301. Appraisement of damages. In case the council of such city or town and the owner of such building are unable to agree upon the amount of such damages, the council must appoint three disinterested freeholders of such city or town to appraise such damages. The appraisers so appointed, after being duly sworn, must appraise the damage and make two written reports thereof, signed by at least a majority of them, one of which must be delivered to the clerk of such city or town, to be immediately filed in his office, and the other to the owner of the building.

History: En. Sec. 4941, Pol. C. 1895; re-en. Sec. 3442, Rev. C. 1907.

When all the circumstances detailed in the next preceding section exist, the power of the city to appoint a board of appraisers and clothe it with any authority is made further to depend upon the inability of the city and owner to agree, which, of course, implies effort, and before the appointment is made, it should appear that they were in fact unable to agree. State ex rel. City of Butte v. District Court, 48 Mont. 614, 617, 139 Pac. 791.

5302. Time for report to be made. Such report must be made and delivered within ten days after the appointment of the appraisers.

History: En. Sec. 4942, Pol. C. 1895; re-en. Sec. 3443, Rev. C. 1907.

5303. Appeals and proceedings thereunder. Within twenty days after the filing of the report with the clerk, either party feeling dissatisfied with such appraisement may file in the office of the clerk of the district court, within the county in which such city or town is located, a copy of such report, certified by the clerk of such city or town, and file with said clerk and serve on the opposite party a notice of appeal from such report, whereupon the clerk of the district court must cause such proceedings to be entered on the register of actions, designating such city or town as plaintiff, and the owner of the building as defendant, and the question of the amount of damages may be tried by a jury or the court.

History: En. Sec. 4943, Pol. C. 1895; re-en. Sec. 3444, Rev. C. 1907.

5304. Issues made. The report of the appraisers is the complaint, all the material facts of which in reference to damages are considered denied, and these constitute the issues to be tried.

History: En. Sec. 4944, Pol. C. 1895; re-en. Sec. 3445, Rev. C. 1907.

5305. Costs—How taxed. In case the owner of the building appeals and the damages are not increased, or in case the city or town appeals, and the damages are decreased in the district court, the costs must be paid by the defendant. In all other cases, or in the case no appeal is taken, the costs must be paid by the city or town.

History: En. Sec. 4945, Pol. C. 1895; re-en. Sec. 3446, Rev. C. 1907.

5307. Notice must be given. Before acting upon such petition a notice must be published or posted in three public places, stating when such petition will be acted on, and what street or ally, or part thereof, is asked to be vacated. Such notice must be published in a newspaper or posted at least one week before the petition is acted on.

History: En. Sec. 1, Ch. 6, L. 1907; Sec. 3548, Rev. C. 1907.

5309. Vacation of parks, boulevards, and public places in unincorporated towns. Whenever a petition signed by freeholders, owning at least two-thirds of the property fronting on any street of any unincoporated town site in this state, shall be presented to the board of county commissioners of the county in which such town site is situated, praying said board to vacate any park, boulevard, or other public place, bordering on said street and the adjoining property, and not used for road or highway purposes, which park, boulevard, or public place has been dedicated to public use, such board shall hear said petition, and, if in its judgment it appears to be for the best interests of the public that such petition be granted, it shall, by order of the board, duly entered upon its minutes, declare such park, boulevard, or public place vacated, and thereupon the land included therein shall attach to and become part of the adjoining lots of said town site, and the title thereto pass with conveyance of said lots.

These plats shall be considered public records, and must each be accompanied with a copy of the field notes, and the county clerk must make a record thereof in a book to be kept by him for that purpose. The said surveyor must number the blocks as divided by the roads and streets opened at the time of making such survey, and must number the several lots consecutively in each block, and all other parcels of land within said town or city surveyed as herein provided, which said numbers must be a sufficient description of any parcel of land in said plats, field notes, and records.

History: En. Sec. 5066, Pol. C. 1895; re-en. Sec. 3499, Rev. C. 1907.

History: En. Sec. 5067, Pol. C. 1895; re-en. Sec. 3500, Rev. C. 1907.

5318. Claims for lands. Every person, company, corporation, or association, claimant of any city or town lot or parcel of land within the limits of such city or town site, must present to the council, by filing the same with the clerk thereof, within six months after the plat has been filed in the office of the county clerk, his, her, or its affidavit, verified in person or by duly authorized agent or attorney, in which must be concisely stated the facts constituting the possession or right of possession of the claimant, and that the claimant is entitled to the possession thereof as against all other persons, to the best of his knowledge and belief, to which must be attached a copy of so much of the plat of said city or town site as will fully exhibit the particular lot or parcel of land so claimed, with the abuttals; and every such claimant, at the time of filing such affidavit, must pay to such clerk such sum of money as said clerk shall thereon certify to be due for the assessment mentioned in the preceding section, together with the further sum of five dollars, to be appropriated to the payment of expenses incurred in carrying out the provisions of this

chapter, and the said clerk must thereupon give to such claimant a certificate, attested by the corporate seal, containing a description of the lot or parcel of land claimed, and setting forth the amounts paid thereon by such claimant. The council of every such city or town must procure a bound book, wherein the clerk must make proper entries of the substantial matters contained in every such certificate issued by him, numbering the same in consecutive order, setting forth the name of the claimant or claimants in full, date of issue, and description of lot or lots claimed.

History: En. Sec. 5068, Pol. C. 1895; re-en. Sec. 3501, Rev. C. 1907.

5319. Deficit in expenses—Mode of collection. If it is found that the amounts hereinbefore specified as assessments and fees for cost and expenses prove to be insufficient to cover and defray all the necessary expenses, the council must estimate the deficiency and assess such deficiency pro rata upon all the lots and parcels of land in such city or town, and declare the same upon the basis set down in section 5317 of this code; which additional amount, if any, may be paid by the claimant at the time when the certificate hereinbefore mentioned, or at the time when the deed of conveyance hereinafter provided for is issued.

History: En. Sec. 5069, Pol. C. 1895; re-en. Sec. 3502, Rev. C. 1907.

5320. Deed to be given after six months—Adverse claims. At the expiration of six months after the issuance of such certificate, if there has been no adverse claim filed in the meantime, the council must execute and deliver to such claimant, or to his, her, or its heirs, administrator, or assigns, a good and sufficient deed of the premises described in the application of the claimant originally filed, which said deed must be signed and acknowledged by the mayor or other presiding officer of the council, and attested by the corporate seal of such city or town. No conveyance of any such lands made as in this chapter provided concludes the rights of third persons; but such third persons may have their action in the premises to determine their alleged interest in such lands against such grantee, his heirs or assigns, to which they may deem themselves entitled either in law or equity; but no action for the recovery or possession of such premises, or any portion thereof, must be maintained in any court against the grantee named therein, or against his, her, or its assigns, unless such action shall be commenced within two years after such deed shall have been filed for record in the office of the county clerk of the county where such lands are situate. Nothing herein shall be construed to extend the time of limitation prescribed by law for the commencement of actions upon a possessory claim or title to real estate, when such action is barred by law at the time of the passage of this code.

History: En. Sec. 5070, Pol. C. 1895; re-en. Sec. 3503, Rev. C. 1907.

5321. Mining claims. Whenever mining claims have been located prior to the passage of this code, and where the same are prior in location to the claim of any occupant for other purposes, such mining rights, according to the metes and bounds so located and claimed, are not in any manner affected by the provisions of this chapter; nor must any sale be made nor any title be conveyed by reason of any sale of such lands so

claimed for mining purposes, until after the occupancy of such mining claims shall have been abandoned by the holders thereof.

History: En. Sec. 5071, Pol. C. 1895; re-en. Sec. 3504, Rev. C. 1907.

5322. Settlement of adverse claims. In all cases of adverse claims or disputes arising out of conflicting claims to lands or boundary lines, the adverse claimants may submit the decision thereof to the council of such city or town by an agreement in writing specifying particularly the subject-matter in dispute, and may agree that their decision shall be final. The council must hear the proofs, and shall order a deed to be executed in accordance with the facts; but in all other cases of adverse claim the party out of possession shall commence his action in a court of competent jurisdiction within six months after the filing of the city or town plat in the office of the county clerk. In case such action be commenced, the plaintiff must serve a notice of lis pendens upon the mayor, who must thereupon stay all proceedings in the matter of granting any certificate or deed until the final decision of such suit; and upon presentation of a certified copy of the final judgment of such court in such action, the council must cause to be executed and delivered a deed of such premises, in accordance with the judgment. In case no such action be commenced within the time herein prescribed, the council must deliver a deed to the party in possession, as provided in this chapter.

History: En. Sec. 5072, Pol. C. 1895; re-en. Sec. 3505, Rev. C. 1907.

5323. Notice of filing plat. The said council must give public notice by advertising for four weeks in any newspaper published in said city or town, and if there be no newspaper published in said city or town, then by publication in some newspaper having the most general circulation in such city or town, and not less than five written or printed notices must be posted within the limits of such city or town site; such notice must state that the plat thereof has been filed in the clerk's office. If any person, company, association, or any other claimant of lands in such city or town, fails, neglects, or refuses to make application to the council for a deed of conveyance to the lands so claimed, and to pay the sums of money specified in this article, within six months after the filing of said plat, the clerk must enter on his book the names of all such persons, with a description of the property or premises, and certify the same as delinquent for the amount of assessment certified to by such clerk as due, under this article; and at the expiration of thirty days after making such entries, if such application be not made and such assessment be not paid, the said council must advertise all such lots and parcels of land for sale, in the same manner as real estate is required to be advertised under execution.

History: En. Sec. 5073, Pol. C. 1895; re-en. Sec. 3506, Rev. C. 1907.

5324. Sale of delinquent lands. At the time of the sale mentioned in the advertisement, the marshal of the city or town must sell all such parcels of land so remaining delinquent at public auction to the highest bidder for cash, at some public place within the limits of the city or town site; and he must give the purchaser at such sale a certificate of his purchase, setting forth therein the description of the premises sold, the amount paid, and that the same is subject to redemption, as prescribed

in the next section; but no sale must be made for less than the whole amount of assessments and the costs of making the sale, which costs shall be divided pro rata among the several parcels offered for sale.

History: En. Sec. 5074, Pol. C. 1895; re-en. Sec. 3507, Rev. C. 1907.

5325. Redemption. At any time within six months after such sale, the original claimant is entitled to redeem such premises by paying to the purchaser, or the clerk of the council for the purchaser, double the whole amount of the purchase money; but in case no redemption be made, the purchaser, his heirs or assigns, is entitled to demand and receive from the council a deed of such premises, which deed is absolute as against the parties delinquent, and entitles the grantee, his heirs or assigns, to writ of assistance from the district court having jurisdiction of the premises.

History: En. Sec. 5075, Pol. C. 1895; re-en. Sec. 3508, Rev. C. 1907.

5326. Unclaimed lands. If there be any unoccupied or vacant unclaimed lands within the limits of such city or town site, the council must cause the same to be laid out and surveyed into suitable blocks and lots, and must reserve such portions as may be deemed necessary for public squares, churches, schoolhouse lots, parks, and levees, and cause all necessary roads, streets, lanes, and alleys to be laid out through the same and dedicated to public use; and the council may sell the same in suitable parcels to possessors of adjoining lands or to other persons of said town at a price not less than five dollars per acre or fraction of an acre; and in case two or more claimants apply for the same tract, or parcel of the same tract, they must sell the same by auction to the highest bidder. If any such lands remain unsold at the end of six months after the filing of the town plat, the council has power to sell such vacant lands at public or private sale in such manner and on such terms as they may deem advisable for the best interests of the town, and shall give deeds therefor to the several purchasers.

History: En. Sec. 5076, Pol. C. 1895; re-en. Sec. 3509, Rev. C. 1907.

5327. School lots. All school lots and parcels of land reserved for school purposes must be conveyed to the school trustees of the school district in which such city or town is situate, without cost or charge of any kind whatever.

History: En. Sec. 5077, Pol. C. 1895; re-en. Sec. 3510, Rev. C. 1907.

5328. Payment of expenses—Disposition of surplus moneys. All expenses necessarily incurred or contracted by the carrying into effect of the provisions of this chapter are a charge upon the city or town treasury of each particular city or town ordering the work to be done, to be paid out of the treasury, upon the order of the council; and all moneys paid for lands or to defray the expenses of carrying into effect the provisions of this chapter shall be paid into the city or town treasury by the officers receiving the same, and shall constitute a special fund, from which shall be paid all expenses, and the surplus, if any there be, shall be paid into the general fund.

History: En. Sec. 5078, Pol. C. 1895; re-en. Sec. 3511, Rev. C. 1907.

5329. Informality not to invalidate. No mere informality, failure, or omission on the part of any of the persons or officers named in this chapter

invalidates the acts of such person or officer; but every certificate or deed granted to any person pursuant to the provisions of this chapter is conclusive evidence that all preliminary proceedings in relation thereto have been correctly taken and performed.

History: En. Sec. 5079, Pol. C. 1895; re-en. Sec. 3512, Rev. C. 1907.

5330. City or town site on school lands. When the lands of such city or town are on a school section or subdivision thereof, and are owned by the state, the council may procure title and purchase the same from the state and dispose of the same in the manner provided in this chapter for the disposing of lands purchased from the United States.

regulations prescribed by the secretary of the interior of the United States, and to make and sign all necessary declaratory statements, certificates, and affidavits, or other instruments requisite to carry into effect the intentions of this chapter, and the intention of the act of congress of the United States entitled "An act for the relief of the inhabitants of cities and towns upon the public lands, approved March second, eighteen hundred and sixty-seven," and to make proof, when required, of the facts necessary to establish the claim of such inhabitants to the lands so granted by said act of congress.

History: En. Sec. 5100, Pol. C. 1895; re-en. Sec. 3514, Rev. C. 1907.

Note.—For earlier acts, see sections 2011 to 2030, Fifth Division Complied Statutes 1887.

In this section there is a distinct recognition of a town as an entity without incorporation or municipal charter. State ex rel. Powers v. Dale, 47 Mont. 227, 229, 131 Pac. 670, Ann. Cas. 1914D, 227.

5332. Estimate of expenses. The district judge of any county in this state, whenever he is so requested by a petition signed by not less than five residents, householders in any unincorporated town, whose names appear upon the assessment roll for the year preceding such application —which petition shall set forth the existence, name, and locality of such town; whether such town is situated on surveyed or unsurveyed lands, and if on surveyed lands the quarter-sections or lesser subdivisions covered thereby must be stated; the estimated number of its inhabitants; the number of separate lots or parcels of land within such town site, and the amount of land to which they are entitled under said act of congress— must estimate the cost of entering such land, and of the survey and recording of the same, and must indorse such estimate upon said petition, and upon receiving from any of the parties interested the amount of money mentioned in such estimate, the said district judge may cause an enumeration of the inhabitants of such town to be made by some competent person, who must be appointed for that purpose by such judge; and such enumeration must be returned by the person making the same, exhibiting therein names of all the heads of families and occupants of lots, lands, or premises within such town site, alphabetically arranged, verified by his oath, to the judge.

History: En. Sec. 5101, Pol. C. 1895; re-en. Sec. 3515, Rev. C. 1907.

5333. Survey of lands. The judge must thereupon cause a survey to be made by some competent person of the lands which the inhabitants of said town may be entitled to claim under the said act of congress, located according to the legal subdivision of the sections and by the section lines of the United States, and the same must be distinctly marked by suitable monuments. Such surveys must further particularly designate all streets, roads, lanes, and alleys, public squares, churches, school lots, levees, or parks, cemeteries, and commons, as the same exist, and have been heretofore dedicated in any manner to public use; and by measurement, the precise boundaries and area of each and every lot or parcel of land and premises claimed by any person, corporation, or association, within said town site, must be designated on the plat, showing the name or names of the possessor or occupant and claimant, if other than the occupant, of each particular lot and parcel of land. In case of any disputed claim as to lots, lands, premises, or boundaries, the said surveyor,

if the same be demanded by any person, shall designate the lines (in different color from the body of the plat) of such part of any premises so disputed or claimed adversely. A plat thereof must be made in triplicate, on a scale of not less than eighty feet to one inch, which shall be duly certified under oath by the surveyor, one of which shall be filed with the county clerk of the county wherein the town is situated, one must be deposited with the judge, and one must be deposited with the justice of the peace resident in or nearest to such town.

History: En. Sec. 5102, Pol. C. 1895; re-en. Sec. 3516, Rev. C. 1907.

5334. Plats as public records—Contents of plats. These plats are public records, and must be accompanied with a copy of the fieldnotes, and the county clerk shall make a record thereof in a book to be kept by him for that purpose. The surveyor must number the blocks, as divided by the roads and streets opened at the time of making such survey, and must number the several lots consecutively in each block, and all other parcels of land within said town site surveyed as herein provided, which said numbers are a sufficient description of any parcel of land in said plat when mentioned by reference to such town plats.

History: En. Sec. 5103, Pol. C. 1895; re-en. Sec. 3517, Rev. C. 1907.

5335. Notice of survey to be given. Before proceeding to make such survey, at least ten day's notice must be given by the judge, by posting within the limits of such town site not less than five written or printed notices of the time when such survey shall commence, and by publication thereof in a newspaper published in such town, if one there be. The survey of said town lands must be made to the best advantage, and at the least expense to the holders and claimants thereof; and the said judge is hereby authorized to receive bids for such surveying, and to let the same by contract to the lowest competent bidder.

History: En. Sec. 5104, Pol. C. 1895; re-en. Sec. 3518, Rev. C. 1907.

5336. What dedicated to public use. All streets, roads, lanes, and alleys, public squares, cemeteries, parks, levees, school lots, and commons, surveyed, marked, and platted on the map of any town site, as prescribed and directed by the provisions of this chapter, are hereby declared to be dedicated to public use, by the filing of such town plat in the office of the county clerk, and are inalienable, unless by special order of the board of commissioners of the county, so long as such town shall remain unincorporated; and if such town at any time thereafter becames incorporated, the same becomes the property of such town or city, and must be under the care and subject to the control of the council or other municipal authority of such town or city.

History: En. Sec. 5105, Pol. C. 1895; re-en. Sec. 3519, Rev. C. 1907.

In this section there is a distinct recognition of a town as an entity without incorporation or municipal charter. State ex rel. Powers v. Dale, 47 Mont. 227, 229, 131 Pac. 670, Ann. Cas. 1914D, 227.

5337. What plat must show. Such plat must show the same matters as are contained in section 4981 of this code, and must be made, filed and kept in the same manner as prescribed in section 4988 of this code.

History: En. Sec. 5106, Pol. C. 1895; re-en. Sec. 3520, Rev. C. 1907.

5338. Assessment for expenses. Each lot or parcel of said land having thereon valuable improvements, or buildings ordinarily used as dwellings or for business purposes, not exceeding one-tenth of one acre in area, must be rated and assessed by the judge at the sum of one dollar; each lot or parcel of such lands exceeding one-tenth, and not exceeding one-eighth of one acre in area, must be rated and assessed at the sum of one dollar and fifty cents; each lot or parcel of such lands exceeding in area one-eighth of one acre, and not exceeding one-quarter of an acre in area, must be rated and assessed at the sum of two dollars; and each lot and parcel of such lands exceeding one-quarter of an acre, and not exceeding one-half of one acre in area, must be rated and assessed at the sum of two dollars and fifty cents; and each lot or parcel of land so improved exceeding one-half an acre in area must be assessed at the rate of two dollars and fifty cents for each half an acre or fractional part over half an acre; and every lot or parcel of land inclosed, which may not be otherwise improved, or uninclosed, claimed by any persons, corporation, or association, must be rated and assessed at the rate of two dollars per acre or fractional part over an acre; and where, upon one parcel of land, there are two or more separate buildings, occupied or used ordinarily as dwellings, or for business purposes, each such building, for the purposes of this section, is considered as standing on a separate lot of land, but the whole of such premises may be conveyed in one deed; which moneys so assessed must constitute a fund from which must be reimbursed or paid the moneys necessary to pay the government of the United States for said town lands, and interest thereon, if such moneys have been loaned or advanced for the purpose and expenses of their location, entry, and purchase, and the costs and expenses attendant upon the making of such survey and recording thereof.

History: En. Sec. 5107, Pol. C. 1895; re-en. Sec. 3521, Rev. C. 1907.

5339. Disposition of surplus funds. Any sum of money remaining, after defraying all the necessary expenses of location, entry, surveying, platting, and recording of lands, and the expenses of the judge hereinafter mentioned, must be deposited in the county treasury, to the credit of the fund of each particular town, and kept separate by the county treasurer, to be paid out by him only on the written order of such judge, until after the expiration of the time for a final settlement of the affairs of such town lands, as hereinafter provided, at which time any and all balances of moneys so remaining to the credit of each town shall be transferred by such county treasurer to the school fund of the particular school district in which said town is situated.

History: En. Sec. 5108, Pol. C. 1895; re-en. Sec. 3522, Rev. C. 1907.

5340. Claimants to make affidavits. Every person, corporation, or association, claimant of any town lot or parcel of land within the limits of such town site, must present to the judge, within six months after the plat has been filed in the office of the county clerk, his, her, or its affidavit, verified in person, or by duly authorized agent or attorney, in which must be concisely stated the facts constituting the possession or right of possession of the claimant, and that the claimant is entitled to the possession thereof, as against all other persons, to the best of his knowledge and belief, to

which must be attached a copy of so much of the plat of the town site as will fully exhibit the particular lot or parcel of land so claimed, with the abuttals; and every such claimant, at the time of filing such affidavit, must pay to such judge such sum of money as such judge shall thereon certify to be due for the assessment mentioned in section 5338 of this code, together with the further sum of five dollars, to be appropriated to the payment of the expenses incurred in carrying out the provisions of this chapter, and the judge must thereupon give to such claimant a certificate containing a description of the lot or parcel of land claimed, and setting forth the amounts paid thereon by such claimant. The judge must procure a bond book for each town in his county, wherein he must make proper entries of the substantial matters contained in every such certificate issued by him, numbering the same in consecutive order, setting forth the name of the claimant or claimants in full, date of issue, and description of lot or lots claimed.

History: En. Sec. 5109, Pol. C. 1895; re-en. Sec. 3523, Rev. C. 1907.

5341. Additional assessments to pay expenses. If it is found that the amounts hereinbefore specified as assessments and fees for costs and expenses prove to be insufficient to cover and defray all the necessary expenses, the judge must estimate the deficiency, and assess such deficiency pro rata upon all the lots and parcels of lands in such town, and declare the same upon the basis set down in section 5338 of this code, which additional amount, if any, may be paid by the claimant at the time when the certificate hereinbefore mentioned, or at the time when the deed of conveyance hereinafter provided for is issued.

History: En. Sec. 5110, Pol. C. 1895; re-en. Sec. 3524, Rev. C. 1907.

5342. Deeds to be delivered in six months—Adverse claims. At the expiration of six months after the issuance of the certificate mentioned in the preceding section, if there has been no adverse claim filed in the meantime, the judge must make, execute, acknowledge, and deliver to each claimant or to his, her, or its heirs, administrators, or assigns, a good and sufficient deed of the premises described in the application of the claimant originally filed. No conveyance of any such lands, made as in this chapter provided, concludes the rights of third persons; but such third persons may have their actions in the premises to determine the alleged interest in such lands against such grantee, his heirs, or assigns, to which they may deem themselves entitled either in law or equity. No action for the recovery of the possession of such premises, or any portion thereof, must be maintained in any court against the grantee named therein, or against his, her, or its assigns, unless such action is commenced within two years after such deeds have been filed for record in the office of the county clerk of the county where such lands are situated. Nothing herein must be construed to extend the time of limitation prescribed by law for the commencement of actions upon a possessory claim or title to real estate when such action is barred by law at the time of the passage of this code.

History: En. Sec. 5111, Pol. C. 1895; re-en. Sec. 3525, Rev. C. 1907.

5343. Mining claims. Whenever mining claims have been located and held bona fide for mining purposes, such mining rights, according to the metes and bounds located and claimed, must not in any manner be affected by the provisions of this chapter; nor must any sale be made nor any title be conveyed by reason of any sale or pretended sale of such lands so claimed for mining purposes, until after the occupancy of such mining claims has been abandoned by the holders thereof.

History: En. Sec. 5112, Pol. C. 1895; re-en. Sec. 3526, Rev. C. 1907.

5344. Adverse claims—Actions for possession. In all cases of adverse claims or disputes arising out of conflicting claims to lands or boundary lines, the adverse claimants may submit the decision thereof to the judge by an agreement in writing, specifying particularly the subject-matter in dispute, and may agree that his decision shall be final; in which case the said judge may hear the proofs, and must execute a deed in accordance therewith; but in all other cases of adverse claim, the party out of possession must commence his action in a court of competent jurisdiction within six months after the filing of the town plat in the office of the county clerk. In case such action be commenced, the plaintiff must serve a notice of lis pendens upon the judge, who must thereupon stay all proceedings in the matter of granting any certificate or deed until the final decision of such suit; and upon presentation of a certified copy of the final judgment of such court in such action, the judge must execute and deliver a deed of such premises in accordance with the judgment. In case no such action is commenced within the time herein prescribed, the judge must deliver his deed to the party in possession, as provided in section 5342 of this code.

History: En. Sec. 5113, Pol. C. 1895; re-en. Sec. 3527, Rev. C. 1907.

5345. Notice of filing plat. The judge must give public notice, by advertisement, for four weeks in some newspaper published in the county, if one there be, and if there be no newspaper published in said county, then by not less than five written or printed notices posted within the limits of such town site, that the plat thereof has been filed in the county clerk's office; and if any person, company, or association, or other claimants of lands in such town, fails, neglects, or refuses to make application to the judge for a deed, and to pay the sum specified, within six months after the filing of said plat, the judge must enter on his book the names of all such persons, with a description of the property or premises, and certify the same as delinquent for the amount of assessments certified to by such judge as due under section 5338 of this code; and at the expiration of thirty days after making such entries, if such application be not made and such assessment be not paid, the judge must advertise all such lots and parcels of land for sale in the same manner as real estate is required to be advertised under execution.

History: En. Sec. 5114, Pol. C. 1895; re-en. Sec. 3528, Rev. C. 1907.

5346. Sale of delinquent lands. At the time of sale mentioned in said advertisement, the judge must sell all such parcels of land so remaining delinquent, by public auction, to the highest bidder for cash, at some

public place within the limits of said town site; and he must give to the purchaser at such sale a certificate of his purchase, setting forth therein a description of the premises sold, the amount paid, and that the same is subject to redemption, as prescribed in the next section; but no sale must be made for less than the whole amount of assessments, and the costs of making the sale, which costs must be divided pro rata among the several parcels offered for sale.

History: En. Sec. 5115, Pol. C. 1895; re-en. Sec. 3529, Rev. C. 1907.

5347. Redemption. At any time within six months after such sale, the original claimant is entitled to redeem such premises by paying to the purchaser, or to the judge for the purchaser, double the whole amount of the purchase money; but in case no redemption be made, the purchaser, his heirs, or assigns, is entitled to demand and receive from the judge a deed of such premises, which deed is absolute as against the parties delinquent, and entitles the grantee, his heirs, or assigns, to a writ of assistance from the district court having jurisdiction of the premises.

History: En. Sec. 5116, Pol. C. 1895; re-en. Sec. 3530, Rev. C. 1907.

5348. Laying out and sale of unoccupied or unclaimed lands. If there be any unoccupied or vacant unclaimed lands within the limits of such city or town site, the judge may cause the same to be laid out and surveyed into suitable blocks and lots, and must reserve such portions as may be deemed necessary for public squares, churches, schoolhouse lots, parks and levees, and cause all necessary roads, streets, lanes, and alleys to be laid out through the same and dedicated to public use; and the judge may sell the same in suitable parcels to possessors of adjoining lands residing thereon, or to other persons, at a price not less than ten dollars per lot; and in case two or more claimants apply for the same lot or lots, he must sell the same by auction to the highest bidder for cash. If any such lots remain unsold at the end of six months after the filing of the town plat, the said judge must sell said unclaimed lots, on application, at public auction to the highest bidder for cash, and give deeds therefor to the several purchasers; but, nevertheless, the judge may sell and he is hereby empowered to sell and execute deeds for any unoccupied, vacant, and unsurveyed portions of a town site, without first causing the same to be surveyed or platted into blocks, lots, roads, streets, and alleys, or otherwise subdivided, whenever it shall be made to appear to the judge, by a written application to purchase the same, established by evidence that the unsurveyed portions of the town site sought to be purchased are irregular and fragmentary strips or pieces of land within the exterior boundaries of the town site, and that they are unoccupied and vacant, and that it would be an unnecessary expense and impracticable to cause the same to be first surveyed or platted into blocks, lots, roads, streets, and alleys, or otherwise subdivided; and the sale of such unoccupied, vacant, and unsurveyed portions of a town site shall be conducted, as near as may be, in the manner provided for the sale of town lots, except that the price to be paid for any one irregular, fragmentary, unoccupied, vacant, and unsurveyed portion of a town site shall not be less than one

hundred dollars; and all deeds heretofore executed by the judge who has sold and conveyed irregular, fragmentary, unoccupied, vacant, and unsurveyed portions of a town site are hereby confirmed and made lawful, valid, and effectual as if such, or any, unsurveyed portion of the town site had first been surveyed and platted into blocks, lots, roads, streets, and alleys, or otherwise subdivided.

5350. Vacancy in office of judge. In case a vacancy occurs from any cause in the office of district judge during the pendency of any of the proceedings to be taken under this chapter, upon the election or appointment of a successor, it is the duty of the county clerk to make out a certificate, under seal, showing the facts and name of such successor, and file the same in his office, and record such certificate in a book of deeds, and attach the original to the town site book in his office.

History: En. Sec. 5119, Pol. C. 1895; re-en. Sec. 3533, Rev. C. 1907.

History: En. Sec. 5120, Pol. C. 1895; re-en. Sec. 3534, Rev. C. 1907.

5352. Accounts of judge. Every district judge, when fulfilling the duties imposed upon him by the act of congress aforesaid and by this chapter, must keep a correct account of all moneys received and paid out by him. He must deposit all surplus money with the county treasurer of his county, and at the end of one year from the time when the town plat of any town is filed in the county clerk's office, he must settle up all the affairs pertaining to said town, and pay over to the county treasurer all moneys belonging to said town, for the use and benefit of the school district in which said town may be situate. If any claims to lands in such town are the subject of litigation, the same must be finally settled by such judge whenever the final judgment has been rendered.

5354. Informalities or irregularities not to invalidate—Legalizing deeds. No mere informality, failure, or omission, on the part of any person or officer named in this chapter, invalidates the acts of such person or officer, but every certificate or deed granted to any person, pursuant to the provisions of this chapter, is conclusive evidence that all preliminary proceedings in relation thereto have been correctly taken and performed. And if the original or first deed executed by the district judge granting and conveying any lot or lots be lost or destroyed, or cannot be found, and if such deed or deeds so executed have not been recorded in the office of the county clerk of the county in which the property is situated, the district judge shall, upon written application stating the facts, execute and deliver another deed or deeds, as the case may be, to the purchaser of such lot or lots, or to his heirs or grantees, upon a showing sustained by evidence satisfactory to the district judge that the original or first deed or deeds were executed and have been lost or destroyed, or cannot be found, and have not been recorded; and all deeds heretofore executed by the district judge in lieu of the original or first deed or deeds, which have been lost or destroyed, or which could not be found, and which have not been recorded in the office of the county clerk of the county in which the property is situated, are hereby legalized, confirmed, and made valid and effectual, as if such deed or deeds were the original, first, and only deed or deeds executed therefor.

History: En. Sec. 5124, Pol. C. 1895; re-en. Sec. 3538, Rev. C. 1907.

5356. District judge authorized to execute deeds—Procedure. Whereever an entry has heretofore been made at a land office by a probate court of any county in the territory, now state of Montana, for a tract of land for a town site, under the provisions of an act of congress entitled, "An act for the relief of the inhabitants of cities and towns upon public lands," approved March second, eighteen hundred sixty-seven, or other and subsequent acts of congress relating to entering lands for town site purposes, and such entry shall have been allowed and patent therefor shall have been issued by the United States to such probate court, or a judge thereof and it shall appear to the district judge of the county in which such town site is situated by a verified petition filed with the clerk of said district court, that no deed has been issued by the probate judge of such county or the district judge thereof as ex-officio probate judge, for any lot or tract of land situated in such town site other than streets, alleys, parks, or school sites, or that a deed for any such lot or tract has been issued, but has not been recorded, and has been lost or cannot be found, the district judge shall set a day for the hearing of said petition, and cause notice thereof to be published in a newspaper published in the county wherein such lands

are situated for four successive weeks, and upon proof of such publication being made, and at such hearing shall examine such petition and claim thereunder, and hear such proof as the claimant or claimants may submit to establish his or their claims thereto; and if the district judge shall find that the claimant or claimants is in possession of such lot or tract of land or shall by reference to abstracts of title or other evidence produced in support thereof, find that the title to such lot or tract of land has been derived and deraigned from the person or persons who may have originally entered such lot or purchased the same at a sale thereof, as provided by the laws of the territory of Montana, or the state of Montana, and no conflicting claims shall have been filed, the said district judge shall, upon the payment of the fees originally provided for the issuance of a deed for such lot or lots, proceed forthwith to make and issue to such claimant or claimants a good and sufficient deed for such lot or tract of land.

History: En. Sec. 1, Ch. 9, L. 1919.

5357. Notice of entry. Immediately after such survey and plat have been made, or if a survey and plat have been made previous to the entry according to the provisions of 2013 of this chapter, then immediately after the entry of the lands at the proper land office as provided in 2011 of this chapter (these references are to repealed sections Compiled Statutes 1887), the corporate authorities or the district judge, as the case may be, shall cause a notice to be published in all the newspapers published in such town, or if no newspaper be published in such town, then by advertisement posted up in twelve of the most public places in such town, for at least two months, giving notice of such entry, and requiring every claimant or claimants of any town lot or lots, to file in the office of such incorporate authorities, or in the office of the clerk of the district court of such district judge, in the county in which such town site, is situated, as the case may be, a statement of his or their claims within two months from the date of the first publication of such notice.

Note.—Sections 5357 to 5365 were enacted as sections 1 to 9, pp. 139 to 142, L. 1893; re-enacted as sections 5125 to 5133, Political Code 1895; appearing as sections 3539 to 3547, Revised Codes 1907. The language of section 5527 of this code seems to necessitate the retaining of these sections in the permanent laws of the state, although they appear to be of no practical use in view of the complete procedure provided in sections 5310 to 5330 and 5331 to 5355 of this code.

5358. Statement of claim. Such statement shall be made in writing, signed by the party or parties making the same, and verified by the affidavit of such party or parties, and shall be recorded at length in a well-bound book, to be provided and kept for such purpose by such incorporate authorities or clerk of the district court of such district judge, as the case may be. Such statement shall specify the grounds of such claims, particularly describing the lot or lots claimed, the date, as near as may be, of the occupation of such lot or lots, and by whom; what improvements have been made on such lot or lots, and the value thereof; and that such lot or lots are now actually possessed and occupied by such claimant, or that the right to such occupation is in the claimant, if such lot or lots are occupied by another.

History: Sec. 3540, Rev. C. 1907. See note to Sec. 5357.

5359. Proof of claim. All claimants of any lot or lots in any town site preempted under the provisions of this chapter shall, within six months from and after the expiration of the notice mentioned and provided for in section 5357 of this code, make proof of such claim and of the facts contained in such statement before the corporate authorities aforesaid, or the district judge, as the case may be, and pay the price hereinafter fixed upon such lot or lots, and no proof shall be permitted to be made after the expiration of the time prescribed in this section; provided, that the district judge, at chambers, shall and he is hereby authorized to appoint, by appropriate entry upon the minutes of his court, some suitable person who is a notary public as referee, to hear and take down in writing any and all proof of such claim, and of the facts contained in such statement, and to prepare all deeds to such lot or lots so claimed and proven, and report the same to said district judge, and thereupon it shall be the duty of said district judge to examine the proofs and execute deeds to the claimant or claimants, as provided for in section 5361 of this code.

History: Sec. 3541, Rev. C. 1907. See note to Sec. 5357.

5360. Claimant of three or more lots. The number of lots which any one claimant shall be entitled to preempt, under the provisions of this chapter, shall be two, not exceeding in area four thousand two hundred square feet each, and such additional lot or lots upon which such said claimant may have substantial improvements of the value of not less than two hundred and fifty dollars. When any claimant shall make application to enter more than two lots, he shall prove, in addition to other matters of proof required by this chapter, to the satisfaction of said incorporate authorities or district judge, as the case may be, by the affidavit of one or more reliable witnesses, the nature, character, and actual cash value of the improvements upon such additional lot so sought to be entered by him; provided, said district judge may, and he is hereby authorized to, appoint a referee to take such proof, by affidavit, as provided in this act.

History: Sec. 3542, Rev. C. 1907. See note to Sec. 5357.

5361. Award of lots. The said district judge or corporate authorities, as the case may be, shall proceed to award the lot or lots claimed, as provided for in this chapter, and for that purpose shall, as soon as practicable, and as near as practicable in the order of time of the filing of statements of claims, examine each and every claim, as herein provided, and hear such proof as the claimant or claimants may submit to establish his or their claims thereto; and if the same shall be found to comply with the provisions of this chapter, and no conflicting claim shall have been filed, the said district judge or corporate authorities, as the case may be, shall upon payment of the purchase price, as hereinafter prescribed, proceed forthwith to make such claimant or claimants a good and sufficient deed for such lot or lots.

History: Sec. 3543, Rev. C. 1907. See note to Sec. 5357.

5362. Fees of referee. The fees of such referee shall be, in case such claim or claims are not contested, five dollars for taking and reporting

such proofs and preparing such deeds for each town lot, and in contested cases the fees of such referee shall be ten dollars for each lot.

History: Sec. 3544, Rev. C. 1907. See note to Sec. 5357.

5363. Hearing on contest. In all cases where there is a dispute or contest in regard to the right to the deed to any lot or lots, the district judge or corporate authorities, as the case may be, shall hear the testimony relating thereto, at such time as they may fix therefor, and after two days' notice of such time and place of hearing given to each and every contestant, they shall proceed to hear and decide such claims in accordance with the principles of right and justice and the provisions of this chapter; and in case there be no appeal taken from such decision, as hereinafter provided, then after ten days from the rendering of such decision, the said district judge or corporate authorities, as the case may be, shall proceed to make a deed, as provided for in this act, to the person or persons to whom the lot or lots may have been awarded; provided, the corporate authorities or district judge, as the case may be, may adjourn from time to time, as they may deem just, for the fair adjudication of such claim or claims; and provided, further, that said district judge may, and he is hereby authorized to, appoint some suitable person who is a notary public as referee, to hear such contests and take all the proofs in writing and report the same to the district judge, who shall thereupon, and upon such proofs, adjudicate and determine the rights of the parties as herein provided.

History: Sec. 3545, Rev. C. 1907. See note to Sec. 5357.

5364. Appeal. In case any claimant or claimants of any lot or lots which may have been awarded, as provided in section 5361 of this code, shall feel aggrieved by such decision, such claimant or claimants may take an appeal to the district court of the county in which the same is located. Such appeal may be made by filing with the clerk of the district court a notice in writing of such appeal, and a complaint in the matter of an action for the recovery of the possession, or, if the party be in possession, to establish his right to the same; and a copy of such notice and complaint shall be served upon each and all of the parties contesting, and in all respects the pleadings and proceedings thereafter shall be governed by the same rules applicable to actions originally commenced in the district court.

History: Sec. 3546, Rev. C. 1907. See note to Sec. 5357.

5365. Effect of appeal. When a notice of appeal to the district court shall have been filed with the clerk of the district court, the power to make a deed, as provided for in section 5359 of this code, shall be suspended until the appeal is dismissed or finally determined; and upon such dismissal or final determination, such judge or corporate authorities aforesaid shall make a deed to the party found by such determination to be entitled thereto.

Shapard v. City of Missoula, 49 Mont. 269, 280, 141 Pac. 544.

5389. Officers not to be interested in contracts, receive passes, or do electioneering. History: En. Sec. 24, Ch. 57, L. 1911.

5390. Civil service. Immediately after organizing, the council shall, by ordinance, appoint three civil service commissioners, who shall hold office, one until the first Monday in April in the second year, one until the first Monday in April of the fourth year, and one until the first Monday in April of the sixth year after his appointment. Each succeeding council shall, as soon as practicable after organizing, appoint one commissioner for six years, who shall take the place of a commissioner whose term of office expires. The chairman of the commission for each

biennial period shall be the member whose term first expires. No person while on the said commission shall hold or be a candidate for any office of public trust. Two of said members shall constitute a quorum to transact business. The commissioners must be citizens of Montana and residents of the city for more than three years next preceding their appointment.

The council may remove any of said commissioners during their term of office for cause, a majority of councilmen voting in favor of such removal, and shall fill any vacancy that shall occur in said commission for the unexpired term. The city council shall provide suitable rooms in which the said civil service commission shall hold its meetings; it shall have a clerk, who shall keep a record of all its meetings, such city to supply the said commission with all necessary equipment to properly attend to such business.

Before entering upon the duties of his office, each of said commissioners shall take and subscribe an oath, which shall be filed and kept in the office of the city clerk, to support the constitution of the United States and of the state of Montana, and to obey the laws, and to aid to secure and maintain an honest and efficient force, free from partisan distinction or control, and to perform the duties of his office to the best of his ability.

Said commission shall, on the first Monday of April and October of each year, or oftener if it shall be deemed necessary, under such rules and regulations as may be prescribed by the council, hold examinations for the purpose of determining the qualifications of applicants for positions, which examination shall be practical, and shall fairly test the fitness of the persons examined to discharge the duties of the position to which they seek to be appointed. Such commission shall, as soon as possible after such examination, certify to the council double the number of persons necessary to fill vacancies, who, according to the records, have the highest standing for the position they seek to fill as a result of such examination, and all vacancies which occur that come under the civil service, prior to the date of the next regular examination, shall be filled from said list so certified; provided, however, that should the list for any cause be reduced to less than three for any division, then the council or the head of the proper department may temporarily fill a vacancy, but not to exceed thirty days.

All persons subject to such civil service examination shall be subject to removal from office or employment by the council for misconduct or failure to perform their duties under such rules and regulations as it may adopt, and the chief of police, chief of the fire department, or any superintendent or foreman in charge of municipal work, may peremptorily suspend or discharge any subordinate then under his direction for neglect of duty or disobedience of his orders, but shall, within twenty-four hours thereafter, report such suspension or discharge, and the reason therefor, to the superintendent of his department, who shall thereupon affirm or revoke such discharge or suspension, according to the facts. Such employee (or the officer discharging or suspending him) may, within five days of such ruling, appeal therefrom to the council, which shall fully hear and determine the matter.

The council shall have the power to enforce the attendance of wit-

nesses, the production of books and papers, and power to administer oaths in the same manner and with like effect, and under the same penalties, as in the case of magistrates exercising criminal or civil jurisdiction under the statutes of Montana.

Said commissioners shall make an annual report to the council, and it may require a special report from said commissioners at any time; and said council may prescribe such rules and regulations for the proper conduct of the business of the said commission as shall be found expedient and advisable, including restrictions on appointment, promotions, removals for cause, roster of employees, certificates of records to the auditors, and restrictions on payment to persons improperly employed.

The council of such city shall have power to pass ordinances imposing suitable penalties for the punishment of persons violating any of the provisions of this act relating to the civil service commission.

The provisions of this section shall apply to all appointive officers and employees of such city, except those especially named in section 5384 of this code, commissioners of any kind, laborers whose occupation requires no special skill or fitness, election officials, and mayor's secretary and assistant attorney, where such officers are appointed.

All officers and employees in any said city shall be elected or appointed with reference to their qualifications and fitness, and for the good of the public service, and without reference to their political faith or party affiliations.

It shall be unlawful for any candidate for office in any such city, directly or indirectly, to give or promise any person or persons any office, position, employment, benefit, or anything of value for the purpose of influencing or obtaining the political support, aid, or vote of any person or persons.

Every elective officer in any such city shall, within thirty days after qualifying, file with the city clerk, and publish at least once in the daily newspaper of general circulation, or weekly, if there be no daily newspaper published, his sworn statement of all his election and campaign expenses, and by whom such funds were contributed.

Any violation of the provisions of this section shall be a misdemeanor, and give ground for the removal from office.

History: En. Sec. 25, Ch. 57, L. 1911.

5391. Publication of report by council—Examination of accounts. The council shall each month print in pamphlet form a detailed itemized statement of all receipts and expenses of the city and a summary of its proceedings during the preceding month, and furnish printed copies thereof to the state library, the city library, the daily newspapers of the city, and to the persons who shall apply therefor at the office of the city clerk. At the end of each year the council shall cause a full and complete examination of all the books and accounts of the city to be made by competent accountants, and shall publish the result of such examination in the manner above provided for publication of statements of monthly expenditure.

History: En. Sec. 26, Ch. 57, L. 1911.

5392. Revision of appropriations made by former council. If, at the beginning of the term of office of the first council elected in such city

under the provisions of this act, the appropriations for the expenditures of the city government for the current fiscal year have been made, said council shall have power, by ordinance, to revise, repeal, or change said appropriations, and to make additional appropriations.

History: En. Sec. 27, Ch. 57, L. 1911.

5393. Rules for construction of law—Definition of terms. In the construction of this act the following rules shall be observed, unless such construction would be inconsistent with the manifest intent, or repugnant to the context of the statute;

1. The words "councilman" or "alderman" shall be construed to mean "councilman" when applied to cities under this act;

2. When an office or officer is named in any law referred to in this act, it shall, when applied to cities under this act, be construed to mean the office or officer having the same function or duties under the provisions of this act, or under ordinances passed under authority thereof;

3. The words "franchise" or "right" shall include every special privilege in the streets, highways, and public places of the city, whether granted by the state or the city, which does not belong to citizens generally by common right;

4. The word "electors" shall be construed to mean persons qualified to vote for elective offices at regular municipal elections.

History: En. Sec. 28, Ch. 57, L. 1911.

5394. Recall of elective officers. The holder of any elective office may be removed at any time by the electors qualified to vote for a successor of such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by twenty-five per cent. of all qualified electors registered for the last preceding general municipal election, demanding an election of a successor of the person sought to be removed, shall be filed with the city clerk, which petition shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of such paper shall make oath before an officer competent to administer oaths that the statements therein are true as he believes, and that each signature to the paper appended is the genuine signature of the person whose name it purports to be. Within ten days from the date of filing such petition the city clerk shall examine, and from the voters' register ascertain whether or not said petition is signed by the requisite number of qualified electors, and, if necessary, the council shall allow him extra help for that purpose; and he shall attach to said petition his certificate, showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same; without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be deemed to be sufficient, the clerk shall submit the same to the council without delay. If

the petition shall be found to be sufficient, the council shall order and fix a date for holding said election, not less than seventy days nor more than eighty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

The council shall make, or cause to be made, publication of notice and all arrangements for holding such election, and the same shall be conducted, returned, and the result thereof declared, in all respects as are other elections.

As far as applicable, except as otherwise herein provided, nominations hereunder shall be made without the intervention of a primary election by filing with the clerk, at least ten days prior to said special election, a statement of candidacy accompanied by a petition signed by electors entitled to a vote at said special election, equal in number to at least ten per cent. of the entire number of persons registered to vote at the last preceding general municipal election, which said statement of candidacy and petition shall be substantially in the form set out in section 5377 of this code, so far as the same is applicable, substituting the word "special" for the word "primary" in such statement and petition, and stating therein that such person is a candidate for election instead of nomination. The ballot for such special election shall be in substantially the following form:

Official Ballot.

Special election for the balance of the unexpired term of.....
as ..... for .....

(Vote for one only.)

(Name of candidates.)

Name of present incumbent.

Official ballot attest.

(Signature),.....,
City Clerk.

The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise in writing, the clerk shall place his name on the official ballot without nomination. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election, if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon the qualification of his successor. In case the party who receives the highest number of votes should fail to qualify within ten days after receiving notification of the election, the office shall be deemed vacant. If the incumbent receive the highest number of votes, he shall continue in office. The said method of removal shall be cumulative, and additional to the methods heretofore provided by law.

History: En. Sec. 29, Ch. 57, L. 1911; amd. Sec. 3, Ch. 2, L. 1915.

5395. Ordinance—How submitted—Petition and election. Any proposed ordinance may be submitted to the council by petition signed by electors of the city equal in number to the percentage hereinafter required. The signature, verification, inspection, certification, amendment, and submission of such petition shall be the same as provided for petition under

the preceding section. If the petition accompanying the proposed ordinance be signed by electors equal in number to twenty-five per centum of the entire number of persons registered to vote at the last preceding general election, and contains a request that the said ordinance be submitted to a vote of the people, if not passed by the council, such council shall either:

(a) Pass each ordinance without alteration within twenty days after the attachment of the clerk's certificate to the accompanying petition; or,

(b) Forthwith, after the clerk shall attach to the petition accompanying such ordinance his certificate of sufficiency, the council shall call a special election, unless a general municipal election is fixed by law within thirty days thereafter, and at such special or general municipal election, if one is so fixed, such ordinance shall be submitted to the vote of the electors of such city.

But if the petition is signed by not less than ten nor more than twenty-five per centum of the electors, as above defined, then the council shall, within twenty days, pass said ordinance without change, or submit the same at the next general city election occurring after the clerk's certificate of sufficiency is attached to said petition.

The ballots used when voting upon said ordinance shall contain these words: "For the ordinance" (stating the nature of the proposed ordinance), and "Against the ordinance" (stating the nature of the proposed ordinance). If a majority of the qualified electors voting on the proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city; and any ordinance proposed by the petition of which shall be adopted by a vote of the people cannot be repealed or amended except by a vote of the people.

Any number of proposed ordinances may be voted upon at the same election, in accordance with the provisions of this section; but there shall not be more than one special election in any period of six months for such purposes.

The council may submit a proposition for the repeal of any such ordinance, or for amendments thereto, to be voted upon at any succeeding general city election; and should such proposition so submitted receive a majority of the votes cast thereon at such election, such ordinance shall thereby be repealed or amended accordingly. Whenever any ordinance or proposition is required by this act to be submitted to the voters of the city at any election, the city clerk shall cause such ordinance or proposition to be published once in each of the daily newspapers published in such city, and if there be none, then one time in each weekly newspaper published therein; such publication to be not more than twenty nor less than five days before the submission of such proposition or ordinance to be voted on.

History: En. Sec. 30, Ch. 57, L. 1911.

5396. Taking effect and suspension of ordinances. No ordinance passed by the council, except when otherwise required by the general laws of this state or the provisions of this act, except an ordinance for the immediate preservation of the public peace, health, or safety, which contains a statement of its urgency, and is passed by a two-thirds vote of the council, shall go into effect before ten days from the time of its final passage; and

if, during said ten days, a petition signed by electors of the city equal in number to at least twenty-five per centum of the entire number of persons registered to vote at the last preceding general municipal election, protesting against the passage of such ordinance, be presented to the council, the same shall thereupon be suspended from going into operation, and it shall be the duty of the council to reconsider such ordinance; and if the same is not entirely repealed, the council shall submit the ordinance, as is provided by subdivision (b) of the preceding section, to the vote of the electors of the city, either at a general election or at a special municipal election to be called for that purpose; and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of the preceding section, except as to the percentage of signers, and be examined and certified to by the clerk in all respects as therein provided.

History: En. Sec. 31, Ch. 57, L. 1911.

5397. Abandonment of commission form. Any city which shall have operated for more than one year under the provisions of this act may abandon such organization hereunder and accept the provisions of the general law of the state then applicable to cities of its population.

Upon the petition of not less than twenty-five per cent. of the electors of such city registered for the last preceding general election, a special election shall be called, at which the following proposition only shall be submitted:

"Shall the city of (name the city) abandon its organization under chapter 57 of the acts of the twelfth legislative assembly and become a city under the general law governing cities of like population; or if formerly organized under special charter shall resume said special charter?"

If the majority of the votes cast at such special election be in favor of such proposition, the officers elected at the next succeeding biennial election shall be those then prescribed by the general law of the state for cities of like population, and upon the qualification of such officers such city shall become a city under such general law of the state, but such change shall not in any manner or degree affect the property, rights, or liabilities of any nature of such city, but shall merely extend to each change in its form of government.

The sufficiency of such petition shall be determined, the election ordered and conducted, and the results declared, generally as provided for by section 5394 of this code, in so far as the provisions thereof are applicable; or if now organized under special charter, may resume said special charter. Whenever the form of government of any city is determined by a vote of the people under the provision of this section, the same question shall not be submitted again for a period of two years, and any ordinance adopted by a vote of the people shall not be repealed or the same question submitted for a period of two years.

History: En. Sec. 32, Ch. 57, L. 1911; amd. Sec. 1, Ch. 128, L. 1913.

5398. Petition for abandonment. Petition provided for in this act shall be signed by none but legal voters of the city. Each petition shall contain, in addition to the names of the petitioners, the street and house

number in which the petitioner resides, his age, and length of residence in the city. It shall also be accompanied by the affidavit of one or more legal voters of the city, stating that the signers thereof were, at the time of signing, legal voters of said city, and the number of signers at the time the affidavit was made.

History: En. Sec. 33, Ch. 57, L. 1911.

5399. Effect of act upon existing laws. All acts and parts of acts, and all laws, not inconsistent with any of the provisions of this act, now in force or hereafter enacted relative to municipal corporations, are hereby continued in full force and effect, and shall be considered and construed as not repealed by this act, except in so far as the same may be in conflict or inconsistent with the provisions of this act.

He shall have charge of the preparation and certification of all special assessments for public improvements; the mailing of notices of such assessments to property owners, and all other duties connected therewith; the collection of such assessments as are payable directly to the municipality, and the preparation and certification of all unpaid assessments to the county treasurer for collection. Upon certification that funds are available in the proper appropriations, such goods shall be purchased and shall be paid for from funds in the proper department for that purpose. However, this procedure shall not prejudice the director of finance from purchasing goods for cash to the credit of the store's account, to be furnished the several departments on requisition, goods so furnished to be paid for by the department furnished therewith by warrant made payable to the store's account.

He shall not furnish any supplies to or purchase any supplies for any department unless there be to the credit of such department an available appropriation balance in excess of all unpaid obligations sufficient to pay for such supplies.

5514. Abandonment of commission-manager plan—Proceedings. Any municipality which shall have operated for more than two years under the provisions of this act, may abandon such organization hereunder, and accept the provisions of the general law of the state applicable to municipalities of its population.

Upon the petition of not less than twenty-five per cent, of the electors of such municipality registered for the last preceding general election, a special election shall be called, at which the following proposition only shall be submitted:

"Shall the (city or town) of (name of city or town) abandon its organization under (name of this act) and become a (city or town) under the general law governing (cities or towns) of like population; or if formerly organized under special charter, shall resume said special charter?"

If the majority of the votes cast at such special election be in favor of such proposition, the officers elected at the next succeeding biennial election shall be those then prescribed by the general laws of the state for municipalities of like population, and upon the qualification of such officers, such municipality shall become a municipality under such general law of the state, but such change shall not in any manner or degree affect the property, rights, or liabilities of any nature of such municipality, but shall merely extend to each change in its form of government.

The sufficiency of such petition shall be determined, the election ordered and conducted, and the results declared, as provided for by the provisions of this act, in so far as the provisions thereof are applicable. Whenever the form of government of a municipality is determined by a vote of the people under the provisions of this section, the same question shall not be submitted again for a period of two years, and any ordinance adopted by the vote of the people shall not be repealed or the same question submitted for a period of two years.

History: En. Sec. 117, Ch. 152, L. 1917.

5515. Laws continued in force by this chapter. All acts and parts of acts, and all laws now in force or hereafter enacted relative to municipal corporations, are hereby continued in full force and effect, and shall be considered and construed as not repealed by this act, except in so far as the same may be in conflict or inconsistent with the provisions of this act.

History: En. Sec. 118, Ch. 152, L. 1917.

5516. Repealing and saving clause. All laws and parts of laws in conflict herewith are hereby repealed; provided, however, that this act shall not repeal or modify any of the provisions of an act approved March 4, 1913, entitled "An act making the board of railroad commissioners of the state of Montana ex-officio a public service commission for the regulation and control of certain public utilities, etc.," or any amendment or amendments of said act, or section 6645 of this code, and neither shall this act in any manner curtail or impair the power of authority of said public service commission, and any order made, action taken, or regulation provided by said commission shall supersede and nullify any order, regulation, ordinance, or other action authorized by this act in conflict with any such order, regulation, or action of said public service commission.

History: En. Sec. 119, Ch. 152, L. 1917.

5517. Effect of organization of communities into single municipal district. Whenever any group of communities shall become a single municipal district under the provisions of this law, the commissioners elected at the first election shall have the same functions and authority, and municipal procedure in all respects shall be the same as is provided in this law where single communities, cities, or towns adopt the commission-manager

form of government, and the terms of all municipal officers in any prior city or town which may be included in such new municipal district shall in like manner cease and terminate as soon as the commissioners shall by resolution so declare, and the corporate functions and existence of any such prior municipal corporation may in like manner be terminated by said commissioners when the need for the further existence of such prior corporation shall be at an end.

History: En. Sec. 6, Ch. 44, L. 1919.

5518. Name of new municipal district. Whenever any group of communities, including one or more incorporated cities or towns, shall become a single municipal district under this law, such municipal district shall bear the same name as the principal incorporated city or town in such district.

5519. Property vests in new municipality—Improvements payable by special assessments—Unpaid indebtedness of old municipalities. Whenever any group of communities, including one or more incorporated cities or towns, shall become a single municipal district under this law, the corporate property of each such city or town shall become the property of the new municipality, but improvements paid for in whole or in part by special assessments upon abutting property within special improvement districts shall not be deemed municipal property within the meaning of this law, to the extent of payments so made. If such prior city or town shall have an unpaid indebtedness, the commissioners of said new municipality elected at at the first municipal election shall inventory and appraise or cause to be inventoried and appraised, all of such property, and if the amount of the indebtedness of such prior city or town shall exceed the inventory value of the property surrendered to the new municipality by such prior city or town, then the excess of such indebtedness over the inventory value of said property shall be a charge only against the taxable property within the limits of such prior city or town, and shall be paid by levy upon such property alone.

History: En. Sec. 6, Ch. 44, L. 1919.

5520. Rental of county buildings—Contracts with county commissioners for work—Rate of compensation. Whenever any city organized under this act includes the county seat of the county in which it is situated, any unused space in the county buildings in such city may be rented to the city commissioners for municipal use by the board of county commissioners for such rent as shall represent an income of not more than six per cent. upon the investment in such buildings proportionate to the space rented. Such commissioners may also contract with the board of county commissioners for the performance by county officials or employees of any kind of municipal work which can be feasibly performed by them. The compensation for such work shall be based upon additional cost to the county of its performance, and such compensation shall be paid into the general fund of such county unless otherwise provided by law.

provisions of each title must prevail as to all matters and questions arising out of the subject-matter of such title.

5524. Conflicts between chapters—Which to prevail. If the provisions of any chapter conflict with or contravene the provisions of another chapter of the same title, the provisions of each chapter must prevail as to all matters and questions arising out of the subject matter of such chapter.

History: En. Sec. 5165, Pol. C. 1895; re-en. Sec. 3558, Rev. C. 1907. Cal. Pol. C. Sec. 4484.

Note.—The word "article" originally appearing in the above section changed to "part" in this code.

Where a clause seems to have crept into the body of an act as the result of misconception or ill-advised amendment, and it cannot be given effect without violence to the clear and plain intent of the law, considered in its entirety, it must be regarded as an inadvertence, and as not militating against the legislative intent. State ex rel. Seres v. District Court, 19 Mont. 501, 506, 48 Pac. 1104; State ex rel. Kehoe v. Stromme, 49 Mont. 25, 28, 139 Pac. 1002; State ex rel. Eagye v. Bawden, 51 Mont. 357, 364, 152 Pac. 761.

The circumstance that a section of an act is the last word upon the subject is not sufficient to prevail over all other provisions of the act indicating a different legislative intent. State ex rel. Kehoe v. Stromme, 49 Mont. 25, 28, 139 Pac. 1002.

5526. Repeal of repealed statutes. The repeal of any statute or part of a statute heretofore repealed must not be so construed as a declaration, express or by implication, that such statute or part of a statute has been in force at any time subsequent to such first repeal.

History: En. Sec. 5180, Pol. C. 1895; re-en. Sec. 3560, Rev. C. 1907. Cal. Pol. C. Sec. 4504.

5527. Certain acts remain in force. An act, entitled an act to create the office of county auditor, approved March 7, 1891, and all acts of the third and fourth sessions of the legislative assembly of the state of Montana, shall be and remain in full force and effect in like manner as if enacted after the adoption of the four codes, namely: The Code of Civil Procedure, the Penal Code, the Civil Code, and the Political Code, notwithstanding the provisions of sections 5521 and 5522 of this code, nor any provisions of either of said codes to the contrary; and all acts of the fourth session of the legislative assembly amending or repealing any provision of either of said codes shall be observed in compiling and printing thereof, so that such repealed provision shall be omitted and amendments inserted in lieu of the original provision.

5528. When codes go into effect. The said four codes, and all amendments thereof, adopted by the fourth session of the legislative assembly of the state of Montana, shall go into force and effect at twelve o'clock noon on the first day of July, A. D. 1895, and the same, together with the acts of the third and fourth sessions of the legislative assembly, shall constitute the public statutes of Montana. And all other statutes of this state of a general nature existing and in force theretofore, that is, prior and up to the time designated for the said codes to take effect, are hereby repealed, abrogated, and superseded, unless continued in force by incorporation into said codes, and this repeal provision shall take effect at the time said codes go into force and effect as aforesaid, subject, however, to the following conditions:

1. Nor shall the foregoing repeal provision apply to, abrogate, or affect any statute or resolution making appropriation of public moneys, or creating or providing for the payment of public obligations, or from raising revenue therefor, nor abridge, abolish, or impair any vested right or rights, accruing or accrued; nor shall such repeal change the force and effect of any act done or judgment rendered, or suit or proceeding had or commenced under the law as it stood prior to the taking effect of the provisions of this section, but all such rights and liabilities may be enforced and the provisions continued conforming the same as far as practical to the provisions and remedies prescribed by said codes; nor shall such repeal in any manner abridge or affect the term, tenure, or emolument of any officer during the term for which the incumbent may have been appointed or elected, unexpired when the codes take effect.

2. All offenses committed and all penalties or forfeitures incurred by virtue of any statute embraced in the foregoing repeal provision may be enforced, prosecuted, or punished as the case may require, subject to the same limitation, if any, prescribed when such offense was committed, or such penalty or forfeiture was incurred.

3. The arrangement and classification of the several parts of said codes have been made for the purpose of convenience and orderly arrangement, and therefore no implication or presumption of a legislative construction is to be drawn therefrom, nor shall annotations be deemed any part of the statutes.

History: En. Sec. 5182, Pol. C. 1895; re-en. Sec. 3562, Rev. C. 1907.

The division of the codes into parts, titles, chapters, articles, and sections is a mere device for convenience, and no implication or presumption of a legislative construction is to be drawn therefrom. Brown v. Foster, 48 Mont. 114, 119, 135 Pac. 993.

If any of the acts or parts of acts herein enumerated are in conflict with, or are inconsistent with any act or acts passed by the fourth legislative assembly of the state of Montana, the acts or parts of acts passed by the fourth legislative assembly shall be considered and construed as repealing such acts or parts of acts herein enumerated.
